**Subject:** MEMO TO FILE - RE: FBI Conversation - updated

Marie is now up, brushing her hair, and so I have no more than a couple of minutes to provide the following MEMO TO FILE:

**Agent Thomerson has now moved the Israeli Military Intelligence report to the highest terrorist threat possible, all aimed against the United States of America.**

**The fact that China is featured; moreover at the very start of this ingenious Military Report of all time is because of the preeminent role of just3ants.com to finally take down the DeBeers-Anglo American Cartel, the special interest of special interest group, counterfeiter of counterfeiters, money launderer of money launderers, price fixers of price fixers, who because of their total lock on the world's drilling industry, for more than a century now, make them and those that provide them with their military might the most anti-free marketers; OPEC not exactly "small potatoes".**

**Agent Thomerson cannot even at this point go to either IMI and/or the Mossad to verify such a report given its so very logical dire straits prognosis and at the same time Agent Thomerson has let not only Adam L. Tucker know on the telephone but the entire world of his decision which makes perfect sense to do as he said he would investigate what he considers a very real and serious threat.**

**Such a threat of course as IMI and the Mossad have already suggested in their communications with Gary S. Gevisser to be of the highest order requiring US Homeland Security to move this up to the very highest code red terrorist threat assuming code red has never been used given how there has never been such a CLEAR and SHORT terrorist threat since the founding of the United States and its Constitution; not to mention yet Articles II of impeachment to be used against the US Government were it to get tyrannical and not represent its people who have assumed the Constitution is an advocate of free market economies.**

**[Adam – I don't have the time to place a [hyperlink](#) over the CLEAR and SHORT taking the reader to the "back and forth" between myself and IMI-Mossad]**

**Agent Thomerson knows that only just3ants.com is the only media source putting out such a code red terrorist threat far greater than 911 that Agent Thomerson knows the Mossad gave both the FBI and CIA a "heads up", one month prior to 911.**

**Agent Thomerson doesn't want to be "caught napping" yet again.**

**When you snooze you lose.**

**Agent Thomerson knows that the main focus of just3ants.com whose proprietor is **me**, Gary S. Gevisser who worked for the DAAC at the very highest levels, is to take down the DAAC; and the decision by IMI and the Mossad who quite obviously find **me** most credible to feature China prominently in their ingenious Military Report, is a clear, short and deadly shot at De Beers given how De Beers, everyone who is anyone knows, owns the drilling industry, hence the House of Saud, Kuwaiti Royal Family along with Qatar as well as Al Quaida, funded by the House of Saud owned by De Beers who own the 3 Branches of the US Government and for good reason Al Quaida haven't yet bitten the hands that feeds it; namely all those military providing the muscle to the House of Saud that has never been a friend of the fledging State of Israel.**

**China needs oil currently price fixed by DeBeers, financed by American bankers at the turn of the last century, at always more than a barrel of oil.**

**Where are the "free market advocates" in the US Government who have allowed the DAAC to be in command and control of the capital and financial markets all the while so grossly misleading the American people in making out like the Chinese are not only "bad" but must now be seen as the "New Enemy"; bearing in mind that China never financed DeBeers nor did the Chinese people who set the scholastic levels wherever they go as well as of course the equally peaceful Israelis, rig more than just the oil market which is why the IMI ends, "and in the next instant will paralyze the US Economy".**

**The US economy in other words cannot function without rigged markets.**

**Such a terrorist attack by the United States Government on the peoples of the United States is both real and imminent and should be taken seriously.**

Do you want us to pick you up on the way to Moseys?

Adam Tucker I just help share his story because of my computer background.

Adam Tucker No. I did some consulting work for him in 2001.

Adam Tucker Computer work.

Curran Thomerson So what, like you helped him with programs and web development?

Adam Tucker Yes, and I was paid at that time, but I have not been paid by him in many years.

Adam Tucker No, I have tried to find sites to share this information but, no.

Adam Tucker Can I get your email address?

Curran Thomerson No, I don't give that out.

Adam Tucker Not even a work address?

Curran Thomerson Why do you want my email address?

Adam Tucker Incase I have more information to share with you.

Curran Thomerson Do you think you have any more information to share?

Adam Tucker No, everything I know is on the website. We are completely transparent.

Curran Thomerson Ok, Adam, thank you for your help...

Adam Tucker I would like to discuss the money laundering in my family; they are very dangerous.

Curran Thomerson Ok, tell what you know.

Adam Tucker In November of last year I emailed my family and I believe I CCed the sherrif and FBI, and in the email I explained how my uncle laundered money through his business. Within a day or two after, I got an email from my ex-wife telling me that my family was trying to get me arrested. I found out that my mother had contacted my ex-wife whom she never spoke with and later my mom emailed me to incriminate me by asking me what I wanted. In the late 1980's my uncle and his partner had a silent South African partner that provided them with \$2 million dollars in seed capital to start their plastic bag company.

Curran Thomerson So this is your uncle.

Adam Tucker Yes

Curran Thomerson So, wait, that was a lot of information can you run that by me once again.

Adam Tucker Yes, I was a kid at the time and all I knew of it were trips that were made to South Africa and the souvenirs that they brought back which made it seem like a vacation. When I was older I

found out that my uncle's partner Albert Halimi contacted family members in Iran that put them in contact with a man in South African that wanted to get money out of the country. And most likely used diamonds. My uncle told me that a suitcase arrived one day with \$2 million dollars and there was no official contract so if he wanted to, he could have screwed the guy. But I know they paid him back and then some.

Curran Thomerson Can you spell their names?

Adam Tucker Pete Grande and Albert Halimi

Curran Thomerson So he contacted people in Iran?

Adam Tucker Yes, he has family in Iran.

Curran Thomerson Do you know the name of the South African man?

Adam Tucker No.

Curran Thomerson So this guy wanted to get money out of South Africa?

Adam Tucker Yes. And my uncle and his partner needed the start up money since both of them had already mortgaged their properties and still needed more money. Can I get your email address?

Curran Thomerson Well, thank you for your help. We will contact you if have any further questions.

Adam Tucker You are welcome. Thank you.

**Second call – Adam call's Curran 4:12pm PST duration 3 minutes 23 seconds**

Adam Tucker Curran, hi this is Adam again.

Curran Thomerson Oh, hey, what's up?

Adam Tucker I wanted to find out if Gary was being investigated for indictment

Curran Thomerson Oh, I can't tell that information. If I did tell you that I would break just about every law in the book.

Adam Tucker What about my family? You didn't seem that interested in hearing about them.

Curran Thomerson It's not that I am not interested; it just falls under the jurisdiction of another office. I will forward the information to them.

Adam Tucker What about Robert Hansen?

Curran Thomerson What about Robert Hansen?

Adam Tucker He got off because he got paid in diamonds.

Curran Thomerson What do you mean conflict diamonds?

Adam Tucker Not necessarily conflict diamonds, just diamond currency. They are light weight, unregulated, untraceable, and fit nicely in diplomatic pouches. That's why Jonathan Pollard got caught; he didn't get paid in diamonds.

Curran Thomerson Yeah that is how they got him. How did you know that Robert Hansen was paid in diamonds?

Adam Tucker I read it somewhere.

Curran Thomerson Ok, well, I let you know if I need any more information from you.

Adam Tucker Ok, thank you. Bye.

The Pitch for soliciting sponsorship - If information isn't enough for you to contribute, here is a t-shirt!

You could leave the price open using > [greater than]. Eg, US\$ price  $\geq$  \$24

Try the EVOLUTION in lower case and a softer font, more round not so straight, like maybe this font, so only the E is capitalized, so that we may throw  $E=mc^2$  at a diagonal to the E?

The "M" in .com should look like the 3 such as this  $\equiv$  so you have to find a font where the 3 and the "M" are similar just oriented differently. This verdana M could be almost a 3. So try finding the font that has the M curling or this  $\equiv$  which shouldn't be too complicated. I assume you are camped on the beach as this gale picks up and of course Marie and I have yet to get out of bed on this most magnificent stormy day.

Purchasers of the t-shirts can charge by MasterCard.

And without making the t-shirt look in the least bit "busy" think about adding:

**[www.EmanANDdog.com=MOC.godDNAname.www](http://www.EmanANDdog.com=MOC.godDNAname.www)**

and you know the first page of [www.NEXTtraterresTRIAL.com](http://www.NEXTtraterresTRIAL.com) – Is it art, or somebody with a stone tool just scratching!

WWW-G-D – numbers-geometry – Star of David two  $\Delta$ s superimposed as you see on the far left of Blombos rock and of course reading from right to left the way Hebrew, next to math, the most spiritual of the languages - that I had you highlight back in 2001-2002.

Try leaving out 'INFORMATION' so it reads just3ants.com OR revolution; not to forget **K**nowledge-**I**nformation-**L**ight **rE**volution

c

JUST3ANTS.CO m

**K**nowledge-**I**nformation-**L**ight **rE**volution

Then find a way to at least subliminally include, "If you let people treat you like an ant you become an ant!"

And of course "\$ hit list" [**s**ic]

Remember we have front and back of the t-shirt.

Back – **FBI investigates just3ants.com's Israeli Military Intelligence report!**

"\$ hit list" [sic]

Maybe you want to run this all by FBI Agent Curran Thomerson who just yesterday put just3ants.com and the DeBeers-Anglo American Cartel "in play" – who would you bet on?

I will explain more later.

Now can you read all this if someone is wearing it all versus a 30 by 20 foot sandwich board-billboard?

Marie says "how about inches, 20 foot Gary?"

Have you done your pushups this morning?

We are now leaving for Mosey's, are you hungry?
