Subject: WEIGHING - terrorist plot - jrk - are you getting it?

Garry, do you love Dee Summers; bearing in mind the overused word "love" is universally defined as "trust and respect".

Please send me a photo of Dee playing rugby, but don't let searching for such a photo or even this interlude stop you from managing your investment portfolio as you await my follow up to Mr. Brooks.

Don't you just love this stormy weather?

Why not join me for lunch today?

Can you feel yet a higher force guiding you to remain very quiet knowing, however, that with each passing moment you fail to stand tall, simply constantly "weighing" your options, my timeless, most insightful communications will inevitably reach everyone including all those who once told you how much they "trust and respect" you, and for you to figure out whether you really want their love versus not being remembered at all by mindless people whose minds inevitably get taken over by our Higher Authority smart enough to enter the space between the ears of those too full of themselves while allowing the rest of us to constantly smile from ear to ear.

Later.

Subject: TERRORIST PLOT - JRK - ARE YOU GETTING IT?

So you are telling me that Garry Purkiss whose email address is exnatal@yahoo.com is the person you must have a beef with?

I will be taking you off my email list and adding you to the "\$ hit list" [Sic] unless Gary confirms otherwise.

It will take me approximately 72 hours to get you off but in the meantime feel free to contact everyone you know at AT & T and try to remember to copy me.

Can you also send me your most recent photo?

I would like to see if putting your resemblance on the person sitting on the toilet in the cartoon reading those FOOLS NAMES, FOOLS FACES IN PUBLIC PLACES list that has people going in to restrooms of restaurants like Barbarellas placing their names on the wall, will help sell more t-shirts; what do you think?

Have you thought about taking a deep breath to at least try comprehending the dire straits consequences for the US economy, specifically those who mostly profit from war and who see peace as war, following the ingenious Israeli Military Intelligence report that is only available for public viewing on my one website www.just3ants.com which the FBI whose job it is to INVESTIGATE, hence the word INVESTIGATION in the 3 words, FEDERAL BUREAU OF INVESTIGATION, are NOW taking as a very serious "terrorist plot" without feeling the need to offer me or

Adam L. Tucker or for that matter the people we care about in "safe houses" under the Federal Witness Protection Program?

Do you realize that apart from truckers shipping healthy food items if the price of gas becomes unaffordable those not producing anything have nowhere to go anyway and for the school kids they are better off being schooled over the Internet and using their bicycles to get around.

Remember the US economy is mostly real estate sales and producing bombs which increasingly those in the rest of the world who do all the producing of goods, services and rich mineral resources see very little value, if any, apart say from dynamite to loosen gold hidden deep underground.

Gold last trading at US\$925.80

Do you support President George W. Bush immediately suspending the trading of shares in public corporations thereby protecting the innocent and naïve from throwing "good money after bad" or would you prefer to first get to read my follow up with Rick Brooks of the Wall Street Journal who went deafeningly silent when just reading that one-of-a-kind ingenious Military Report of all time.
