Subject: Conflicted - peace is war to those that profit from war!

NEWS HEADLINE: Saudi arrests 700 over 'oil attack' plots

Professor, I plan to address in a videotaping today, that will be available for you, your students and your uranium business partners on just3ants.com, each and every fear you have of a "backlash" from those who see peace as peace and prosperity, versus you big government succulents who benefit greatly from, in particular, the United States' out-of-control military-industrial-complex and who see "peace" as "war" on their profits.

Not to mention such fears first stemming from the ingenious, so very easy to understand Israeli Military Intelligence Report that again reads:

Immediately following the 2008 Summer Olympics in Beijing China, Al Qaeda will launch a series of attacks on the oil fields of Saudi Arabia, Kuwait, and Qatar which will immediately paralyze the United States' economy

To mention little of such a Military Report of all time has been exclusively available on www.just3ants.com for going on a year, stressing most of all why academia, the new corrupt church, also knows better than to "bite the hand that feeds you", as well as those higher in the pecking order than you, and those way below, including those very many US Americans battling today to make ends meet, but who you helped condition so very poorly to think that the spread of the truth of the corruption of the US Government who only represent special interests groups, with no loyalty to the United States, will only hurt them more.

To mention in passing, the least likely to support our cause, "to give peace a better chance" are those of US Americans who have traveled as well as lived in purposefully impoverished countries around the world where we have been so very pushy, so arrogant in pushing our weight around, thinking that our Almighty Dollar was so very strong because US Americans were the "innovators", the more "intelligent", and yet US Americans who couldn't even embrace the metric system because to do so would be so very logical and no one tells us what to do let alone when as well as when not nuking civilian populations, we are the ones "doing good" in "civilizing" our "slave wage earners".

It is US Americans' ever expanding waistlines, so pompous, so consumptive, producing more than 25% of the world's pollution while only just 4.2% of the world's population who are the last to think about the damage we do to the rest of the body beginning with the brain that stopped learning each time we had to focus on our lies, never thinking for a moment that the US military headed by the CIA were anything worse than the "World's Policeman".

It is of course quite a letdown to now, so late in the day, finding out how very simple it is for those not poorly conditioned as US Americans, some 96% of the rest of the world's population, to conclude on their own, and increasingly so, thanks to the research power of the internet, that the US Government not only represents accurately bloated Americans but this out-of-control military-industrial-complex that President Eisenhower went to "great pains" to spell it all out in black and white TV in his last speech from the oval office, January 17th, 1961, just 3 odd days before the next DeBeers controlled US President who carries the title Commander In Chief of All US Armed Forces, took over, after of course President elect John F. Kennedy first met with the mafia of mafia De Beers and Co's co-head, Anglo South African Harry "non-racial liberal" Oppenheimer on US soil, at the highly visible Carlyle Hotel, located on the upper east end of Manhattan, **IS IN FACT** the terrorist

regime of terrorist regimes; and again it is the poorest of Americans, at least PRESENTLY, so very fearful of that "backlash" that will be first felt by them who make up the majority of some 24 million US Americans, some 8% of the US population, now suffering from diabetes, who in battlefield conditions are "rili" [sic] not the sort of people you want backing you up, especially when you look at the physique of the Chinese who for more than 2 decades now have been trained by the very best of Israeli Special Forces Commanding Officers who are as troubled as I am by the apparent suicide of a Druze Israeli police officer in such a very public way.

Did a shiver just go up your spine when you first looked at the Chinese farmer in the darker blue shorts, followed by the calf muscle of the equally athletic gentleman in the lighter blue shorts, both well over 50 years of age?

Or can you not get over why apart from helping build up the United States Government's, "Military-Industrial-Complex", the lifeblood of the United States Government's Gunboat Diplomacy aka Regime Change Policy aka "In support of our south east Asia Policy" going back to the turn of the last century, did Eisenhower do so very little to liberate Auschwitz; not even authorizing the bombing of the railway lines leading in to the precision killing machines of Auschwitz and the such; not doing anything to distance himself from De Beers and Co. beginning with issuing an order, without running it by Roosevelt, who he knew was "bought and paid for" by De Beers and Co., to have De Beers and Co's top official, Ernest Oppenheimer,

assassinated when this German first, anti-Semite second, so arrogantly defied an order by "underling" President Roosevelt to stockpile De Beers' industrial diamonds on US soil, all the while supplying Hitler with his diamonds used not only to make precision tooling but to finance the rise of Nazi Germany?

<http://www.edwardjayeinstein.com/diamond/chap9.htm>

And can you believe it, Eisenhower admonished Israel for its actions in 1956, and then later saying that he regretted such admonishment without even bothering to comment on Operation Suzannah in the summer of 1954, all aimed at embarrassing the United States in particular not to leave the Suez Canal "unattended", and if a skirmish were to have broken out in the "vacuum created" by the United States Government that was and has never been a friend of the fledging State of Israel, yet another excuse for the United States to use its nuclear weapons on a civilian population being "squeezed", period.

You of course know that General Eisenhower was responsible for helping enforce the 1939 White Papers that placed a limit of 10,000 Jewish people entering Palestine-Israel per year while Auschwitz was killing 10,000 plus PER DAY, some say as many as 12,000 innocent Jewish people PER DAY, as well as the diabolical arms-trade embargo placed on the fledging Jewish State at the time the UN granted Statehood to Israel, which included making it illegal for men of military age such as my father, a skilled and experienced Allied Fighter-Bomber-Pilot with some 71 odd missions dive-bombing the crap out of the De Beers Nazi bastards and an excellent knowledge of the Egyptian desert terrain where he first trained on Spitfires, from entering Israel so as to increase the likelihood that the newly born Jewish State that came into being on May 14th, 1948 wouldn't survive more than a few hours.

So much for all President Eisenhower's regrets, and why so very important those 50 British made Spitfires that South African-Israeli Boris Senior left behind in South Africa after paying some 6 English Pounds Sterling apiece in a rigged auction, rigged by who you think?

Now you better understand the decision by the deep underground Jewish Underground to have my very high profile father remain conspicuously absent from Israel's War of Independence 1947-1949.

"The masses will more likely fall victim to a big lie than a small lie" – Hitler.

Not to mention was President Eisenhower simply "lying through his teeth" or one of the dumbest of dumb military commanders in the annals of history; possibly the

first US President in recorded history to be suffering from Alzheimers-dementia, as he began this bloody nonsense speech, "... **until the latest of our world conflicts, the United States had no armaments industry...**", which didn't prevent the United States of America leading the 8 Allied Nations invasion of China in 1900, or the financing of the Anglo Boer War 1899-1902 and equally important, the financing of the monopolist of monopolists, De Beers and Co., the terrorist of terrorist financing organization the world has ever known.

To mention little of what did President Eisenhower, who was Supreme Commander of the Allied Forces in Europe during World Oil War II know about De Beers and Co. that the OSS, the forerunner to the CIA, let everyone, who was anyone know, during WOW II, that De Beers and Co., the special interest of special interest group, playing all sides to war and profiting handsomely, had so proudly and LOUDLY let everyone know that they had in fact penetrated the highest levels of British-American intelligence well prior to D-Day, and why of course Eisenhower carried in his shirt breast pocket a speech that he would have given had the D-Day June 5th-6th 1944 invasion of Normandy not gone "according to plan".

To mention in passing very poor memory Eisenhower then went on to become Supreme Commander of NATO.

Of course there is the need to "break things up", beginning with your knowledge that this CLEAR, SHORT one sentence Military Intelligence report which you are capable of understanding originated out of the minds of the smartest people in the world, who don't have Trust-Hush-Funds such as yourself, however low down on the De Beers and Co.'s "totem pole", but who have to command their best and brightest in to "harm's way" who can also, read, write and speak perfect English and very much appreciate the fact that again this CLEAR, SHORT one sentence Israeli Military Intelligence report was vetted by both IMI and the Mossad on November 19th, 2007, Subject: RE: DILLY DALLY- RE: draft to Dershowitz:

Mr. Gevisser,

Please send me a SHORT, CLEAR e-mail of what it is that you need from us. If it wasn't clear until now, our department, the Defense and Military Attache is responsible for US-Israel Military and Department of Defense relations. If you will be clear I might be able to help you.

The fact that both IMI and the Mossad then went very quiet following my November 23rd reply, can mean only one thing, and why you felt the need to "chit chat" when we first spoke, starting out by telling me that your father had you sleeping in a child's cot in his home as you celebrated Father's Day with him.

Keren,

Question 1. Do you refute the Israeli Military Intelligence report:

Immediately following the 2008 Beijing Olympic Games, Al Quaida who serves the best interests of certain US banking interests with direct ties to the House of Saud, will launch a series of attacks on the oil fields of Qatar, Kuwait and Saudi Arabia that in the next instant will paralyze the U.S. economy; much like this very smart, not so top secret Israeli Military Intelligence report is designed to do, and at the same time explaining why precisely Al Quaida has not attacked the oil fields of Qatar, Kuwait, and Saudi Arabia, so biting the hand that feeds Al Quaida.

“Yes” or “No”.

Question 2. Do you refute the Israeli Military Intelligence report:

Immediately following the 2008 Beijing Olympic Games, Al Quaida will launch a series of attacks on the oil fields of Qatar, Kuwait and Saudi Arabia that in the next instant will paralyze the U.S. economy; much like this very smart, not so top secret Israeli Military Intelligence report is designed to do.

“Yes” or “No”.

Question 3. Do you refute the Israeli Military Intelligence report:

Immediately following the 2008 Beijing Olympic Games, Al Quaida will launch a series of attacks on the oil fields of Qatar, Kuwait and Saudi Arabia that in the next instant will paralyze the U.S. economy

“Yes” or “No”.

Question 4. Does your department, the Defense and Military Attache, responsible for US-Israel Military and Department of Defense relations, support my position that President Bush should immediately suspend the trading of shares in public corporations thereby protecting the innocent and naive?

“Yes” or “No”.

Question 5. Do you know of any other traitor to the State of Israel who has received a

Presidential Pardon as did Marc Rich in the final hours of President Clinton's presidency that was so strongly supported by the Prime Minister at the time, Ehud Barak who was also the head of the Mossad or so he thought?

"Yes" or "No".

Get Ami Ayalon, Israel's "Minister Without Portfolio", to comment on US Marine Captain Brian Steidle's so very arrogant hypocrisy?

Question 6. What was your point about referring me "back to your security office" when it was your security office who referred me to you in the first place? Bear in mind the following, SHORT and CLEAR point.

You cannot claim that you do not understand what I am asking.

Gary

Talking to talk speaks as much volume as "deafening silences" which you also know.

Those who know such as the heavily wired IMI, who are extraordinarily well coordinated with the Mossad's Talipot unit, in operation now for some 3 decades, from about the same time I immigrated from South Africa to the United States on March 17th, 1978, don't talk.

Those who don't know, do most of the talking.

You understand perfectly well that you cannot even purchase one of our many styled and cleverly worded just3ants.com t-shirts, not to forget the "SUPERFISHAL" [sic] Pope-Fish coming out of the water, missile looking creating the Nuclear mushroom

Perfect for 4th of July Celebrations?

Any actions you take to bring more Public International Attention to our just cause, and lets not even talk about say a nominal "pay your dues" donation, would be supporting your gravy train ending that much sooner, which has you constantly playing this "What If?" game which goes as follows:

The right thing is support the education of the downtrodden masses who are not stupid simply grossly misinformed. The smart thing is knowing that if I don't support the spread of this very important information at light-speed both my actions and inactions will be spotlighted by this Gevisser character. My increasing conflict is heightened and contributing greatly to my permanent state of paralysis, when I ask myself, what if the right thing and smart thing inevitably mean the same thing, and the longer I take to recognize this, the quicker will my gravy train end, because while I am not

alone in choosing to be selfish-future shellfish, there are some 97% or so of the world's population that includes some 1 billion or so Chinese peasants who do not profit from war; certainly not as much as me and anyone who has anything to do with me which this Gevisser character is proving to more and more people on his side, the side of light, with each tick of the Almighty Clock.

When you snooze you loose!

BTW, the current rendering you see of THE FISH ROTS FROM THE HEAD DOWN does not show clearly that it is more of a swastika than a cross in the eye of the Pope.

Don't you just love how this Thirtyish Italian

with ties to my buddies Ron Burkle and Bill "Rhodes-De Beers Scholar-Marc Rich" Clinton, got the money grabbing Wall Street crowd all so excited, just by telling them he had the robes of high ranking Vatican Officials who were giving him the inside scoop of Vatican owned properties around the world, that he could purchase without having to worry about competing bids, and even Jew boy Burkle didn't flinch, as he like most of the Jewish people around the world so very "comfortable" and like the Gentiles only Jewish when it suits them to be Jewish one minute and Gentile the next, make it their business-personal to forget how the Romans who morphed in to the Roman Catholic Church got so filthy rich, long before the Pope during World Oil War II decided to "sit on his hands" as some 6 million of the best of us Jewish people were "marc-hed" [sic] to our brutal deaths; and of course you haven't forgotten Dr. Josef Mengele and his experiments at Auschwitz, Poland, and nor have you forgotten that Burkle, Rich, Clinton and Co. are laughed at 24/7 by De

Beers and Co. who continue to remain off the radar screen but with each tick of the clock and my being allowed to broadcast so does their "gun-money-power" wane.

Could I interest you in participating in a videotaped round table discussion, quite willing to pay you for your time with a grain of 24 carat; i.e. 99.99% gold bullion?

Also be so generous as to forward me, assuming you have in your files, a photo of Raffaello Follieri smiling, even if he has no gold fillings that can be traced specifically to those emaciated dead bodies of mostly Jewish Holocaust victims extracted with precision engineered tools provided by De Beers and Co., the exact same group of people who are currently buying your silence.

Rabbi, tell me honestly, what job would there be for a rabbi if he/she convinced all their congregants to become vegetarian overnight?

Second question. What job would there be for all the Hasidic-ultra orthodox Jewish-Black Hatters if they couldn't find work in the diamond trade?

Third question. Have you read Hollywood blockbuster author Edward Jay Epstein's, The Diamond Invention?

Fourth question. Do you think it is important for us Jewish people with a functioning Yiddish Kop to follow the "money trail" that led to the "Johnny come lately" Durban, South African Essakow-Marc Rich brothers, Roy and Jeffrey, able to outbid in their own backyard, multi-billionaires like my buddies Ernest Rady and Joseph Steinberg, Jewish veterans in spectacular real estate acquisitions here in San Diego County, California, and acquire The Flower Hill Mall, the most sought after piece of real estate in the Del Mar-Solana Beach-Rancho Sante Fe triangle?

Fifth question. Would you agree that the State of Israel is not only in a great divide right now, but has the military muscle to forge an everlasting peace not only with its neighbors starting with Iran but extending throughout the world within 24 hours, without going to war with Iran?

Sixth question. As part of that everlasting peace plan, would Israel in placing a stranglehold on the Straits of Hormuz, the narrow waterway separating Iran from the Arabian Peninsula through which roughly 40 percent of the world's traded oil flows, thus execute flawlessly the Israeli Military Intelligence report which is only available for public viewing on just3ants.com?

Seventh question. Do you think both Israeli Military Intelligence as well as the Mossad would get upset with me for spelling out such a military strike by Israel that would essentially "kill two birds with one stone"; first, the removal of any immediate threat by Iran to nuke Israel which of course the Iranians are not dumb enough to do unless of course they also have a handful of deranged citizens who would kill their own starting out with the murderer of the great Yitzchak Rabin; and second, paralyzing the U.S. economy which is so very CLEARLY the goal of that SHORT one sentence most ingenious Israeli Military Intelligence report of all time?

The hyperlink below takes you to the edited 3706 word "Collusion - Risk Assessment" email I sent earlier to Des Levin who says he is not the South African Des Levin I last saw at Fred DeLuca's Fort Lauderdale home on the water's edge back in late December 1996. Would you know?

There are a bunch of folks in the carbon section who I don't know and the last thing I would want is for them to think that I am spamming them, so in the event they are not interested in what I have to say to go to www.just3ants.com or simply email me back letting me know.

Thank you.

Professor "Rotwell" [sic],

Adam L. Tucker never went to "university" but he did attend a community college where he took a couple of courses in economics that allowed him to gain the confidence that he could think, once he put his mind to it, but most of all as you can see from what he broadcasted below ending with, "[What is JRK doing still](#)

wasting time looking for a plaintiff?", he didn't allow his formal education to interfere with his learning.

Yesterday, prior to me emailing you this [knuckleball](#) response you, another sicko, had asked that I help you "devise some kind of email priority system", but it was what you failed to say about your own lack of priority in addressing anything that interferes with your gravy train that of course spoke loudest.

Deafening silences speaks volume.

Not to mention were you to ask Mr. JRK aka Jeffrey R. Krinsk Esq. of Finkelstein & Krinsk to help you out right now, he would begin by reminding you how "envious" he is of my lifestyle and at the same time throw in for "added effect" how much he would prefer I worked a little harder while continuing to say, depending upon your pregnant pauses, very nice things about me beginning with both my "huge integrity" as well as "huge competency", without it taking away from how much fun he and I would have, apart from me insisting he pick up the US\$88 bill for the 48 ounce Porterhouse steak over at Rainwaters which our Pypeetoe so thoroughly enjoyed as well as of course Mr. JRK's very good company.

I think you have got the message that I do much better surrounded by the best of the best who invariably appreciate me coaching the best of the best skilled and experienced Shareholder Class Action Litigators [SCALs] such as Mr. JRK, "respond to fast balls thrown at or near head"; and you would know even you weren't a lame baseball fan or player that there is little and nothing you can do when pitched a "knuckleball".

What Adam L. Tucker has not addressed below is a point that you have been avoiding like the plague; how in less than 24 hours we could begin to experience world peace that would be everlasting, assuming Israeli Special Forces commandos were in place and Ami Ayalon currently "Minister Without Portfolio", making this former Admiral of the brutal Israel Navy the most powerful person in all of Israel, allowing the Mossad with its many factions to be intimately involved in both coordination as well as "command and control", all of which would take no more than 10 hour to put in place and that includes having the Mossad's Kidon unit made up of the world's best trained and equipped assassins in position; a point again, I have been making quite repetitively over recent months ever since I was the first and only "civilian" to be broadcasting that most ingenious Israeli Military Intelligence report that explains why Al Quaida; i.e. House of Saud; i.e. De Beers

and Co. have yet to attack a single oil field in either Saudi Arabia, Kuwait or Qatar; all 3 countries featuring prominently in this one CLEAR, SHORT sentence Military Report of all time that again is only available for public viewing on just3ants.com.

Not to mention such an easy to understand Israeli Military Intelligence report has not only been vetted publicly by both IMI and the Mossad, Israel's foreign intelligence institute that has the Special Operations Division or "'Metsada" (see [Kidon](#)), but even if Al Quaida do not "immediately following the Beijing Olympic Games attack the oil fields of Qatar, Kuwait and Saudi Arabia that in the next instant will paralyze the U.S. economy" with each day that goes by either, after, during or before the Beijing Olympic Games, only strengthens such an ingenious report as more literate people around the world get their arms around the fact of life that Al Quaida and Co. have not even attacked a single "sitting duck" oil supertanker, all the while taking out the super-duper Cole battleship allowing more US battleships to be built with worthless-fictitious De Beers-Dollars that drain precious resources from the rest of the world and to have more US service people placed on US military bases scattered throughout the world because of the very again, easy to understand conclusion drawn by this one-of-a-kind ingenious Military Report of all time, that Al Quaida and Co. know better than to bite the hand that feeds it.

To mention little yet again of the reason the US has both oil dependency as well as so many military bases on some 130 of the 190 countries is not to be the world's "policeman" but rather the world's number one terrorist organization whose only business for the past century or so when not having its citizens hooked on consumption is "regime change" in the rest of the world.

To mention in passing, every second-in-command in each of our regimes along with our first in command are constantly having to weigh the military might of Uncle Sam "on the ground" ready at a moments notice to support the second-in-command if the first in command falters by refusing to accept the totally worthless-fictitious and so very blood stained US-DeBeers Dollar propped up exclusively by the out-of-control US military-industrial-complex that General Eisenhower in his last speech from the White House warned not just US Americans but the entire world, and the rest of the world's military might increasingly no longer dependant on the "good graces" of the out-of-control US military-industrial-complex; moreover, the

best militaries in the world today; namely China, Israel and Russia know better than to just accept US weapon systems "blindly".

I assume you have read not once but at least 10 times my highly literate Jewish mother's memoirs entitled, "Life Story of Zena" only available for public viewing along with her record, THE IMPORTANCE OF BEING A WOMAN, on just3ants.com, and each time better understanding this craftily written "bio" that while having many gaps leaves little to the imagination beginning with why someone who dreamed of being a journalist and dropped behind enemy lines prior to the end of World Oil War II that resulted in the extermination of some 6 million of the best of the best of the Jewish people, so extraordinary few great Jewish people survived, and almost all of them ended up either in Israel or working for the Mossad undercover throughout the world, would be the "first civilian" allowed in to the captured territories of Sinai immediately following the most brutal June 1967 Six Day Arab-Israeli War when on the second day, June 8th, 1967, the State of Israel let the US Government know in no uncertain terms that it had not fallen for the trap that was set in motion when Senator John McCain's Admiral father sent the USS Liberty spy ship into "harms way".

Again, cutting and pasting from Wikipedia – [Mossad](#)

Kidon is involved in assassination, paramilitary operations, sabotage, and psychological warfare. Psychological warfare is also a concern of the Lochamah Psychologit Department, which conducts propaganda and deception activities as well. Additionally, the Mossad has a Research Department, tasked with intelligence production, and a Technology Department concerned with the development of tools for Mossad activities.¹

Mr. ALT most likely doesn't feel the need, all the while wasting time communicating with knucklehead [Jeff Klein](#), Campus Minister, University of Pennsylvania Newman Center, to point out how you and the rest of the world who don't have a "value system", that you are all just about "just, me, me, me" money, so very transparent when communicating with me, are doing everything you can to distract me from pointing out the very obvious; i.e. the last thing you want during your lifetime of accumulating ill-gotten gains is for there to be world peace which is war to each and every one of you, given how each and every person who does not have a "value system" profits from war; and why again there are currently so very few of

us over the age 11 who can wear a t-shirt that says, "I don't lie, steal or cheat!" and be willing to be tested on it.

BTW, my French-Canadian wife and I ran into the mother and father of the owner of a local restaurant here in Del Mar, California just as we were finishing up a healthy vegetarian mostly salad lunch, who informed us that Stanford University Law School is now testing out the "honor system" just like the University of Virginia Law School, allowing law school students to monitor themselves when taking tests; and of course the first question a logical thinker such as my F-C wife asked, "I wonder who they are trying to attract!!"

Given how I doubt very much you have much if anything on your plate today anxiously anticipating my next move – glass like surf conditions and the swell right in front of the gallery-studio cliff house starting to pick up, the voices of surfers catching the waves being carried effortlessly through the open front side windows causing me to speed things up - perhaps you could assist Adam L. Tucker who is over currently at our Stone Home nestled in a gently sloping hill deep inside the Cleveland National Forest, and when not helping pack up household items in preparation for contractors gutting the inside, is responding to knuckleheads such as you and Mr. Klein who is most likely not related to Professor Richard Klein who is now possibly permanently excavating following his encounter with me some 6+ years ago, click [HERE](#), that came on the heels of a January 11th, 2002 article in the Los Angeles Times, entitled, "Carvings Spark Debate on Origin of Abstract Thought" that you can find on page 2 of www.NEXTraterresTRIAL.com.

Late last night after Marie Dion Gevisser and I had retired to bed Adam emailed me the following:

Subject: The ants are swarming outside on all the concrete and have started entering the cabin. Is there an exterminator that I/we can call?

BTW do you think it important that we have ants on babies' bib showing them attracted to the food; not to suggest that Adam has been testing out getting used to wearing his bib?

My F-C wife says to put Vaseline wherever they are entering and to make a mixture of borax and honey, and Adam becomes the exterminator, what do you think?

Also, not leaving any food out and a few drops of bleach mixed with water on the kitchen counter; then again Adam may have money to burn.

I don't have any questions regarding your layout of your open and shut case against the US Justice Department and the 3 branches of the United States Government outlined in the email below.

The money trail left by Engelhard prior to his death in March 2, 1971 leading to De Beers Anglo American should have enabled the grand jury that convened in December of 1971 to have created the nexus between De Beers Anglo American and American co-conspirators allowing the Justice Department to create a clear case for violation of the Sherman Antitrust Act; "Every person who shall monopolize, or attempt to monopolize, or combine or conspire with any other person or persons, to monopolize any part of the trade or commerce among the several States, or with foreign nations, shall be deemed guilty of a felony". The fact that no one was held accountable leaves a very clear trail of culpability.

The May 22, 2008 move by the House directed at OPEC shows that there was nothing preventing similar actions of over-ruling jurisdictional limitations.

What is JRK doing still wasting time looking for a plaintiff?

Will you stick for the whole journey?

You have read not only what I sent to not exactly stupid and getting increasingly smarter Professor Geoffrey Rothwell of Stanford University, but Edward Jay Epstein's, The Diamond Invention, specifically Chapter 18, entitled, THE AMERICAN CONSPIRACY, at least 5 times, while making very careful notes of questions to ask me, beginning with, "Why would Mossad want Englehard dead?" [sic].

Note again my use of the Latin adverb "sic" denoting "so" or "thus" given your misspelling of this American Nazi's last name.

Epstein makes a point in the 15th paragraph of letting "us" know that Engelhard,

“In the late 1940s had journeyed to South Africa to make his fortune. South African mines had a surplus of gold, but government regulations prohibited the exporting of gold bullion from South Africa without permits from the central bank, which were very difficult to obtain.”

Of course you know it was difficult for the overwhelming majority of Black South Africans to obtain permits from the South African Reserve Bank, but not for the United States of America's Federal Reserve Bank that had their CIA in full "command and control" of South Africa immediately following the South African National Party "winning" the rigged and totally nonsense South African General Election on May 26th 1948, some 12 days following the official start of Israel's War of Independence when the US Government were "blown away" by the fact that the fledging Jewish State had survived not only the initial Arab army onslaught which both the British and American Government thought would be over in a matter of hours, but the Israel Defense Forces, brilliantly guerrilla warfare trained, had the Arab armies, backed to the hilt with both American-British military intelligence and weapon systems, on the defensive, which didn't go down very well with the "powers that be" in Washington D.C.

Not to mention yet again, Field Marshall Jan Smuts whose government was defeated by the National Party that immediately began to "make legal" the heinous, the so obscene Apartheid Laws was not simply a very good friend of the Jewish people of Eretz Yisrael-Land of Israel, allowing a kibbutz in Israel to be named after him in 1932 well before Hitler was placed in power on January 30th, 1933 by American bankers-business people J.P. Morgan-De Beers-Chase Manhattan Bank-US Federal Reserve-US Treasury, but this most quiet, most genius, most cultured Afrikaner, a devout Christian, who was second-in-command to Winston Churchill during World Oil War II and most privy to De Beers' most senior operatives having infiltrated the highest levels of British Intelligence all the while "thumbing their noses" mostly at De Beers President Franklin D. Roosevelt, pioneered guerrilla warfare when fighting Cecil Rhodes, the founder of De Beers in what is called the Anglo Boer War of 1899-1902 that was financed by J.P. Morgan and Co., the same group of bankers who have financed De Beers every step of the way to being the world's greatest monopoly, second to no one, including the US Federal Reserve which they own.

To mention little of most significant Nazi sympathizer and bootlegger Joe Kennedy being appointed as first Chairman of the United States' Securities Exchange Commission in 1933 by J.P. Morgan-Chase-De Beers President Franklin D. Roosevelt and taking such an auspicious position the following

year, the same year Albert Einstein wrote as his return address on an envelope, "Concentration Camp, Princeton University".

To mention in passing that in 1938 freshmen at Princeton University where Einstein was still teaching voted Hitler the "most important living person, Einstein second".

You would know that when Joe Kennedy's "favored" son John F. Kennedy after taking the "oath of office" when meeting with Charles W. Engelhard's Anglo South African partner, Harry "non-racial liberal" Oppenheimer at the Carlyle Hotel right after the 1960 rigged Presidential elections but before President elect John F. Kennedy was sworn in as the 35th President of the United States on January 20th, 1961, decided to visit Germany and on June 26th, 1963 recite the words, "**Ich bin ein Berliner**"; such verbiage not sitting very well, I'll have you know, with a "fair number" of people I have known well from the youngest of age.

Not to mention did you recall me mentioning that immediately following the death of David Ben Gurion on December 1st, 1973, some 13 months to day after I met with **this** great man who implored "The Children of Israel to be a light unto the nations", my Royal Mater-Mother who is most proud of her English heritage, never considering the British people in the least bit anti-Semitic, the same with every single Muslim we knew growing up in South Africa, including those like Professor Fatima Meer who didn't always say the kindest things about the State of Israel, but thank God Ms. Meer is still with us today, began telling when I would ask, "When are you going to introduce me to your important friends", her constant reply, "All the people I know of importance are dead" beginning with her father who was finally assassinated by Engelhard-De Beers and Co. having poisoned his liver but left with enough time to leave his estate "in order" beginning by leaving no estate but the most extraordinary "money" and "photo" trail.

A picture is worth a thousand words.

Does this US Navy swastika shape barracks on Coronado Island, San Diego, coordinates 32 deg. 40' 34.45" North 117 deg. 09' 19.02' West

bother you as much as you don't surely think I am avoiding your very excellent question that of course I have answered previously but of course again in a very different way.

I am a little distracted by my walkin-talkin work-of-art wife who does not appreciate in the least me talking about our sex lives, let alone our personal lives, just got a call from most brilliant artist oil painter-teacher Raye Anne Marks to let Marie Dion Gevisser know that she got second and third prize for her "chickies" and "Rooster". Can you believe that her "Chickies" beat out "The Rooster"?

Of course Ray Anne Marks got first, which does mean the judges weren't "al-to-get-her" [sic] incompetent.

This is exciting.

We are really going to celebrate this evening.

Some 149 odd days later, on November 22nd, 1963 the most carefully orchestrated Mossad led hit squads assassinated President John F. Kennedy.

The paragraph before, paragraph 14, reads:

Finally, in December of 1971, the lawyers requested that a grand jury be convened so that potential witnesses could be compelled to testify and, if necessary, granted immunity in return for their testimony. To break through the walls of the corporate labyrinth, they decided to focus their investigation on the activities of two American firms closely allied to the Oppenheimer interests. The first was Engelhard Minerals and Chemicals, Inc., a diversified company incorporated in Delaware and based in New York City; the second was Christensen Diamond Products, a manufacturer of diamond drills serving mainly the oil industry, based in Salt Lake City.

The paragraph before that, paragraph 13 reads:

Even with the help of other informants, the task of tracing a conspiracy between De Beers and its putative American co-conspirators was extraordinarily difficult. To even approach the problem of establishing jurisdiction, the Justice Department lawyers had to weave their way through a bewildering maze of some 300 interlocking corporations, registered in Luxembourg and other convenient nations, which were either partly or fully controlled by the Oppenheimer interests. The lawyers also found that industrial diamond users, who were heavily dependent on De Beers and its subsidiaries for their supply of diamonds, were extremely reluctant to discuss openly their relations with De Beers.

Scroll down to paragraph 21:

Just as the Justice Department was about to file antitrust actions, Engelhard relinquished its right to be exclusive distributor of De Beers' abrasive diamonds in the United States and devolved the distributorship to three industrial diamond dealers in New York, all of whom had close ties to De Beers. Engelhard arranged for Oppenheimer to buy a controlling interest in his far-flung empire, since he had no male heirs to take over. To do this, Oppenheimer set up HD Development Corporation, which was owned by Oppenheimer and Anglo-American.

Engelhard was dead and buried March 2nd 1971.

Case against the United States of America's Justice Department as well as 3 Branches of the United States Government for treason is now closed.

Let me know if you have any further questions.

Richard,

I didn't think you would mind if I shared your very excellent article that still fails to mention the conversation stopper two words, "Diamond currency" or Edward Jay Epstein's, The Diamond Invention, with some 5,000 individual/groups and depending on the reaction of this statistically valid sampling of the world's literate and most co-opted-corrupt human population we might expand the broadcast well within 24 hours to some 100,000 individual/groups.

By the way, I assume you are not related to Ian Cumming, Joe Steinberg's partner at Luecadia National Corporation who started LUK in 1978, the year I arrived in the United States armed with a letter of introduction to my uncle Dave's lawyers-liars located on Bush Street, San Francisco that resulted some 2 years later in me joining Codiam Inc. on 47th Street and whose presence is only to remind the US Justice Department that it is De Beers who butters their bread and the rest of the 3 Branches of the US Government?

Do I need to help with the math to figure out your return on investment had you invested just US\$1 in Luecadia National Corporation [NYSE symbol – LUK] when Joe and Ian took over and the net worth of LUK was some negative US\$6 million?

Are you yet interested to hear how a decade before Joe hired me in late 1998 to do a "review" of his one wholly owned subsidiary Homered Corporation, also publicly traded, I "blew up" a US\$10 million real estate deal that had "sum" [sic] of the most sophisticated ex-South African business people like timber-diamond magnet Maurice Aronson rather upset since they had

hired me simply to “sign off” on this purchase from LUK who eventually many years later unloaded this property near the border of Arizona and Mexico for some US\$ 6million.

Not to mention that Maurice Aronson was very much tied in with ACME Timber, one of the Moshal Gevisser Group of Companies where my uncle Dave Gevisser worked that first attracted American Charles W. Engelhard who the Mossad would eventually assassinate at the very young age of 54 by which time this “open supporter” of the 3rd Reich’s Southern Division aka The South African Apartheid Regime kept in power for some 45 odd years courtesy of De Beers infested 3 Branches of the US Government, had accumulated the greatest mineral rich estate known to man.

Subject: Day 4 - RE: Could you devise some kind of email priority system?

Geoffrey,

The question you will soon ask yourself is, "Why apart from I thought I was smarter than Gary did I think it smart to bother responding?"

Your choice, not to reply to my previous "in your face" email-s, instead find "comfort" in what I sent Adam L. Tucker which is now being broadcast just like all my previous communications with those whose formal education has interfered with their learning, is now your permanent legacy.

I know my very funny French-Canadian wife-partner were she awake and in the least bit interested in what it is that you have to say, which I very much doubt since although we don't talk, let alone think about you given all the very clear black and white communications as well as of course the so very telling deafeningly silences, might very well say,

"Keep it short; ask him if this is how he goes about NOT placing an order for one of our 'I don't lie, steal or cheat!' t-shirts when not co-opting-corrupting 110% of his time economics students who were already well on their way even before signing up at Stanford University, to incite the masses around the world to violence, to first fight it out amongst themselves on battlefields around the world, and those that survive, were they to ever make their way on to a well guarded university campus here in the United States, such good-for-nothing academic institution, all about teaching good-for-nothing money, me kids how best to not only steal legally but trickle down the cost of getting rich on to the backs of the poor who are not stupid just misinformed, they would be mowed down in an instant."

Marie Dion Gevisser and I have the same agenda, but quite obviously I have more than just a little more time on my hands to "indulge" a very funny person such as you; funny in a peculiar sense given how your priority ever since reading carefully the 1406 word "journey" email I sent Richard Cummings this past Friday, June 13th, has been to end public awareness that has only just began about this very important day being the start of the Hostage Crisis **ending**, the imposing by the De Beers controlled 3 Branches of the US Government of its tyrants around the world and when not murdering their peoples enslaving them with the so environmentally conscious looking "green back" US-De Beers Dollar.

It is highly likely that you have a significantly lower Intelligence Quotient [IQ] as well as Emotional Intelligence [EI] than Dr. John K. Pollard Jr. who at least knows better now to be quiet.

Proverbs - It is better to be quiet and let people think you to be a fool than to speak out and remove all doubt.

MDG has just let me know that she will soon be wanting her cappuccino and a light breakfast after the most breathtaking sleep that began immediately after I hit the send button sending out this email below to Adam who of course will feel better about himself when he awakens given how you have now done the most wonderful of taking the spotlight off him.

BTW, you were the first person in the world letting me know you understood every word and why no need to comment.

As instructed by my most "georguous" [sic] F-C wife, I opened not only the two front side windows of our gallery-studio cliff home but all the very many side windows and in an instant the cool, so inspirational ocean swept fresh salt air came gushing in and as tired as both Marie Dion Gevisser and I were from a full day of mental and physical exertion, no different to the day before, and the day before that, ad-infinity, we stayed awake without thinking about how intellectual midgets corrupted by money would inevitably respond but talking about those not yet co-opted-corrupted who would be invigorated by morons such as you who increasingly don't know what to do apart from expose both your Achilles heels and worst fears.

Also think of the name for a website that would be much more "in your face" in describing this "money, me" cultured world that is not only brutal and so hypocritical but whose proponents are just like you, not in the least bit bright, and again I would know beginning with how you so very carefully duck not only asking for a free promotional, "I don't lie, steal or cheat" t-shirt but while so very talkative fail to ask a single question about the "water tight" treason case I have made against the entire 3 Branch of the US Government including the US Supreme Court; bearing in mind that well within 8 years China currently housing a population in China alone of going on 1.5 billion will be the largest English speaking population on the planet and they don't quite suffer from the US' "living to eat" culture that stems from an "easy come easy go" money, me, culture which is backed up entirely by having had the biggest barrel gun for a century now, but no longer as that ingenious Israeli Military Intelligence report spells out so very clearly.

Right now my wife's going on 16 year old Trust-Hush-Fund playing pro-surfer kid who started his first ever part-time summer job yesterday, is getting ready, despite perfect surf conditions directly in front of Smugglers' Cove, to be picked up in an automobile and driven to Black Beach located in La Jolla, the next town south of Del Mar, that houses a great many South Africans, most Jewish, who like you and Jonathan are much better informed than most, including the overwhelming majority of your very poorly schooled economics students, beginning with the fact that the United States of America's oil dependency is all contrived allowing the De Beers controlled 3 Branches of Government to maintain throughout the world the most brutal military presence on military bases in of course much more than 130 of the 190 countries throughout the world.

My purpose in spelling this all out is for the sake of the Jonathan's of the world who have been led by their Trust-Hush-Fund parents and grandparents to believe that despicable humans such as yourself will continue ad-infinity to do their bidding.

Your ability to pull together letters, make them into words and then to conjugate sentences, all taking up both space and time isn't for a moment lost on me or other people a whole lot smarter and of course significantly less co-opted-corrupted than you.

Not only do I now have a very clear chronology spelling out your obfuscation; i.e. your very poor performance but I didn't begin this journey to first and foremost expose academics such as yourself, the new corrupt church, only when I arrived in the United States to take up permanent residency on March 17th, 1978, the year Hollywood blockbuster author Edward Jay Epstein began to write his not exactly "all tell" non-fiction novel, The Diamond Invention that details the devious nature of De Beers and Co. who I will be able to prove in any court of law throughout the world, "butter your bread".

Congratulations, you have now made it to the "\$ hit list" [sic]!

Gary,

How can I keep up with all this? (I've got a day job, which, thank g-d is over until September, and a couple contracts which I need to complete by the end of the month before I leave for Paris on July 12th, and a half dozen papers in various states of publication.)

Could you devise some kind of priority system to signal us?

Like a letter+number code suggesting

Letter = mission relevance

Number = urgency

So an A1 somewhere in the subject line would imply new urgent information;

an A2 might indicate new less urgent but mission critical information;

a B1 would imply urgent information but not critical to the main mission; etc.

This way I could sort your emails by urgency and mission criticality and read them by priority.
Thanks,
Geoff

Below is an email I sent, now very quiet, Devin Standard, son of Kenneth Standard Esq. the immediate past President of the New York State Bar Association that should help you once and for all, fully understand not only why there is a reason for everything; e.g. when your pet poops on your comforter God/G-d is informing you of more than the fact that you are "sh*t head" for "kicking a gift horse in the mouth", worse yet "lying through your teeth" when coming up with poor excuses for your bad judgment the result of spending a lifetime too busy keeping track of your lies, but why the Mossad wouldn't bother with those so very fake looking "heart-wrenching" emails from folks who look only to the most average who rise to the top of the Bell Shaped curve bs educational system like they originate from those born and bred in pretty literate Nigeria; not to mention, Devin thought it important to take the time out of his very busy schedule to then bother me with his dribble when letting me know that in his "infinite wisdom" such letters have all the earmarking of yet another "scam" from his Black African brothers which makes Devin and his father feel rather good about their intellect given how they think their non-slave Black brothers and sisters have yet to figure out a way to steal legally which, I am quite certain you would agree, is exactly what some 99.9999% of the entire world's literate population thought; to mention little of the follow up email to one of Roger W. Robinson's underlings, Mr. Adam M. Pender that I am currently getting vetted by broad range of folk, from total imbeciles who I rely on 100% to pay attention to their pets including combing through their feces but not to the point of placing feces younger than 3 days old on the tips of their noses to those not exactly stupid working at the highest levels of both Israeli Military Intelligence and the Mossad before broadcasting; to mention in passing why you think a close neighbor of The IT would pay The IT's nearly 16 year old son, the sum of US\$45 for less than two hours coaching their 10 year old how to pass a junior life guard test; bearing in mind Jonathan doesn't know, despite hearing ever since he was very young that he doesn't know enough to be "dangerous in water" surfing pretty much every day since that age if not younger, the first thing about swimming, let alone how to teach, worse yet to coach a 10 year old with moron parents, how to survive in treacherous ocean currents as Jonathan's mother and I experienced a couple of years back in Costa Rica when I, both a fit and strong swimmer, once of course I put my mind to it, came within moments of drowning, that The IT's so poorly raised "money, me" son wouldn't have survived more than 30 seconds, at the tops, given how rapidly such an inescapable current began and went on for nearly 45 minutes, and only later did we find out that just a couple of months prior, two adult and very strong United States male swimmers had died, side by side, in those exact waters no more than 50 meters to the shore with the surf breaking that was no more than 3 foot, 4 at the very top.

In other words, yet another example of why none of us should equate money with intelligence or doing the "right thing".

While I wait on a handful for [feedback](#) on what I began sending Danielle last night before following up with her, encouraging her to discuss what I have written with her equally very sensitive and from what I can tell, extraordinarily level-headed boyfriend who joined us at [Cirque du Soleil](#) last Thursday evening when you had to get back to LAX, I would like for you to now take a very deep breath before answering each of the following questions:

1. How many times have you read the fascinating Internet only book **THE DIAMOND INVENTION**?
2. Have you told your parents about it and if so how many times have they read it?
3. How many times have they wondered why such a fascinating book that explains why a lack of understanding about all the major religions including Buddhism is not anywhere close to the root cause of evil as **DAAC** made wars where “*money is no object*”, cannot be found on any bookshelf, the same with [Mark Gevisser](#)’s much delayed autobiography of Thabo Mbeki, South Africa’s current stooge prime minister?
4. How many times have you personally come across people falling for scams such as this one below?
5. Have either of your parents ever once come across anyone other than a **DAAC** operative falling for one of these **DAAC** scams?
6. How many times have you walked on 47th Street in New York City and counted the number of scams taking place both at street level as well as in the not all that secure but very wired **DAAC** fronting corporations like [Codiam Inc.](#) who along with their lower flung operatives such as my pal [Martin Rapaport](#) remain increasingly deafeningly silent?
7. How do so many of us nestled below the **DAAC** at the top of the pyramid and above the poverty line sleep so well at night with our consciences full from having read this fascinating book of fascinating books just once?
8. Have you seen the documentary by Werner Herzog titled, **Land of Silence and Darkness** and if so wouldn’t you agree such sensitive Germans showing the inhumanity of mankind should be celebrated along with their subjects, us so fortunate to have those amongst us truly deaf and blind?

Ps – I nearly lost Pypeetoe tonight on our 3rd walk-run of the day along the 90 minute loop walk of Nobel Canyon, having to fire out of [sheer](#) desperation [the gun](#) Judge Hendrix placed in the safety of Marie as this mindful human being reflected on the desperate moves of her X so extraordinarily oblivious to this

super caring, intelligent woman, so exquisitely put “**to-get-her**” [sic] who found not only the calm voice but the [quick](#) choice words, “**I never lost money in the stock market**” in response to this Superior Court judge’s hard to believe question:

“How could you afford given the pittance you walked away with when choosing smartly to leave such an old, ugly beast in his 3 level big house just months before he would have been required to support you the rest of your life, other than your X, hopefully making one exception in his downward spiral, committing perjury time and again, correct in just one point in his bogus affidavits, [signed under penalty of perjury](#), that your [boytoy](#) who writes all these abnormal emails which none of us are smart enough to understand, this [midget](#) most probably smarter than any of us in this courtroom if not the entire world, bought you off” [sic]?

Ps II – Please confirm that you have secured that one document I sent you that had you responding when reading about just one of **The Sperm Donor**’s recent atrocious acts, not yet broadcasted, “**Slimeball of slimeballs**”.

Subject: Can you believe that you are the only professor with a positive response!! - What bothers you - demands in less violent ways?

You impress mostly, my not easily impressed, math wizard-logical thinker and so literate in both the French and English, French-Canadian wife.

Can you believe that you are the only professor with a positive response!!

Can I send you my forthcoming communiqué to one of Roger W. Robinson's minions, different to a Jewish minyan, that is different to the 10 handfuls of tightly packed US\$100 bills that were needed to get an audience with De Beers' Rebe Schneerson and Co. who then handed you back a US\$1 bill;

let me repeat, a totally worthless-fictitious so very blood stained with Jewish blood bayoneted and shot out of some 6 million brutally and systematically murdered during De Beers' Jewish Holocaust alone, along with a one of kind collector photo of this most extraordinary scene that has every

Jewish person, religious and irreligious, rich, poor and in-between wanting to now vomit, and to have you review its content, spelling, grammar, general audiences following the guidelines of De Beers Hollywood's rating system, prior to the start of the Jewish Sabbath this evening.

Let me repeat the view most non-religious Jewish people throughout the world have of these Hasidic-ultraorthodox Jewish-Black Hatters.

“Aren't they the ones in Israel who don't work, who go around asking for charity?”

Go ahead and ask non-religious Jewish people how very quickly they feel so very guilty when these sick Black Hatters accost them; and of course to the De Beers Black Hatter it makes no difference if you are rich or poor just so long as you don't do on a consistent basis, the daily ritual of “Laying tefilin” that involves strapping leather straps to walkie-talky type devices on the forehead communicating with the “Man From Outer Space”

<http://www.just3ants.com/FamilyTrees/GevisserBadash/zena/impwom/default.shtml>

and leather straps wrapped around the left arm that has you thinking of why it may be that more Jewish women than you think are into horse riding where in addition to great discounts they perfect their whipping skills?

Quite a story behind the “story of that Top Spiritual Black Hatter meeting with me the guy with not the biggest Jewish nose in the world and receding hairline that seemed to stop receding once I began using this one brand of coconut cooking oil to massage my wife’s so smooth milk colored skin.

Now you are thinking not only about how virulent anti-Semites such as American Charles Engelhard and Anglo South African Harry Oppenheimer would

manage SO EASILY to have these Black Hatters who don't miss a day of their cow, god forbid they were to promote being vegetarian and help save the planet given all the water consumed and rain forests depleted to keep the future hamburgers in mostly disgustingly mud and feces filled enclosures, promoting not only De Beers' exclusive and unlimited supply of untraceable, lightweight and never inventoried diamond currency always price fixed at more than a barrel of oil but De Beers' paper currency of choice in the most public way knowing that only very rich non-religious Jewish people get such an opportunity to meet with Rebe Schneerson who even though he is dead is still considered by his followers to be the Messiah.

Now you are thinking that because the Messiah is supposed to bring "peace to the world" it would therefore stand to reason that the Black Hatters who live in Israel refuse to do military service in Israel because they don't recognize the State of Israel.

Now you are thinking that it is also strange that the Black Hatters who can change their garb perhaps not as quickly as Superman but quick enough when taking their time to attend board meetings on 47th Street having first got their "marching orders" on 47th Street.

Now you are wondering about how very insistent are these Black Hatters that not only do non-religious Jewish people feel guilty about all the "mitzvoth-good deeds" done by the Black Hatters who meet regularly and in public forums shaking the hands of the enemies of Israel such as the current President of Iran, one of many of the De Beers-US Government stooges, but that the State of Israel should contribute greatly to their social system by paying not only for them all to study, travel back and forth between Israel and all the world's capital, having you now, this instant the most sinking feeling in your stomach and you wondering when President George W. Bush will "bite the bullet" and immediately suspend the trading of shares in public corporations thereby protecting the innocent and naïve from throwing good money after bad.

You wouldn't be surprised to hear that it was not only the CIA but renowned Nazi hunter Simon Wiesenthal who interfered with at least two Mossad operations in Argentina that the Mossad have openly discussed; first, the Mossad's capture of Eichmann and second, the escape of Auschwitz butcher Dr. Mengele.

Cutting and pasting - [Wikipedia](#)

In June 2006, old [CIA](#) documents regarding Nazis and [stay-behind](#) networks dedicated to [anti-communism](#) were released. Among the 27,000 documents released, a March 1958 memo from the German [BND](#) agency to the CIA stated that Eichmann was reported to have lived in Argentina since 1952, using the alias "Clemens". The CIA took no action on this information, however, because Eichmann's arrest threatened to be an embarrassment to the Americans and Germans by turning public attention to the former

Nazis they had recruited after World War II. For example, the [West German](#) government at the time, headed by [Konrad Adenauer](#), was worried about what Eichmann might say, especially about the past of [Hans Globke](#), Adenauer's national security adviser, who had worked with Eichmann in the Jewish Affairs department and helped draft the 1935 [Nuremberg Laws](#).^{[7][8][9]} At the request of [Bonn](#), the CIA persuaded [Life](#) magazine to delete any reference to Globke from Eichmann's memoirs, which it had bought from his family.^[10] By the time the CIA and the BND had this information, Israel had temporarily given up looking for Eichmann in Argentina because they could not figure out his alias.^[10] Neither the CIA, nor the U.S. government as a whole, at that time had a policy of pursuing [Nazi war criminals](#).^[8] In addition to protecting Eichmann and Globke, the CIA also protected [Reinhard Gehlen](#),^[11] who recruited hundreds of former Nazi [spies](#) for the CIA. The low key attitude toward Nazi war criminals, and more concentration on the Soviet Union even possibly allowed Eichmann to be a member of a private American golf club and travel freely without being discovered.

Capture

Throughout the 1950s, many Jews and other victims of [the Holocaust](#) dedicated themselves to finding Eichmann and other notorious Nazis. Among them was the Jewish [Nazi hunter Simon Wiesenthal](#). In 1954, Wiesenthal received a postcard from an associate living in Buenos Aires, saying Eichmann was in Argentina.

"Ich sah jenes schmutzige Schwein Eichmann (I saw that dirty pig Eichmann)," the message read in part. "Er wohnt beinahe in Buenos Aires und arbeitet für ein Wassergeschäft (He lives near Buenos Aires and works for a water company)."

With this and other information collected by Wiesenthal, the Israelis had solid leads regarding Eichmann's whereabouts. [Isser Harel](#), the then-head of the Israeli intelligence agency [Mossad](#), however, later claimed in an unpublished manuscript that Wiesenthal "'had no role whatsoever' in Eichmann's apprehension but in fact had endangered the entire Eichmann operation and aborted the planned capture of [Auschwitz](#) doctor [Josef Mengele](#)."^[12]

Ps I - Would you like to know why it was that I had so many questions for Yehudah Matov, my Royal Mater-Mother's one most trusted Argentinean-Israeli "guide" who chaperoned my mother and me as well as the rest of my 3 elder siblings from the first time we went to Israel in July 1966?

The left photo below was taken in January 1968 showing me in the red and white kibbutz hat looking out over a minefield in the Golan Heights, northern Israel, and the back of, in very good shape, Jehudah Matov wearing a beige sweater, dark grey pants, who most likely was with my mother Zena who you see holding the darker beige handbag that never left her side, when she became the first "civilian" in to the captured territories of the Sinai immediately following the June 1967 six day war.

All the handwriting on both Polaroid photos above is that of Zena Rosland Badash-Ash Gevisser.

Below is the first and only photo taken of me holding an Uzi submachine gun when age 9, again July 1966, and pointing it at my middle brother Melvin whose 53rd birthday is today. Happy birthday Mel.

Interesting that in both photos showing me holding a gun, common to both are the edge of two boots?

It is possible that you haven't previously seen a most often used photo of my most brilliant, highly shrewd mother below

that was also used on the cover of her booklet, THE IMPORTANCE OF BEING A WOMAN

THE
IMPORTANCE
OF BEING A
WOMAN
(SERIES 2)

BY
ZENA GEVISSER

that was made into a record which you can find on www.just3ants.com in the process of a significant update from the “bottom up” – see “Family History” and click on Zena; although the formatting may have changed; you would need to email Adam L. Tucker if you are having difficulty navigating.

You will of course notice the rather large diamond brooch my very attentive and most attention to detail mother wore for this photo shoot; bearing in mind that brooch has mostly, throughout my mother’s entire adult life, at least since arriving in South Africa in 1947, her father of Hasholom, Alef-Albert-Al Badash-Ash hot on the trail of American Charles W. Engelhard, worn pinned to her not exactly tiny brassiere.

But, you nor a single customs official anywhere in the world were you to do a strip search of mother would know the value of either the fake or real diamonds, not that I could ever tell, or for that matter even cared to know, and even if you did have x-ray vision you would know not to “cry foul” unless paid handsomely by De Beers and Co. to SHOUT LOUD and with the balance remaining of your unlimited supply of untraceable diamond currency help promote more jewelry heist, armored truck robberies, Hollywood movies mentioning and showing time and again millions of these so “pretty and sparkling” stones, blah blah, since there are no regulations about jewelry, precious, worthless or otherwise entering or exiting any and all border crossings including those throughout the United State, even on those so very odd occasions people such as my Royal Mother get strip-searched which has only occurred once in her entire life when once leaving South Africa which of course didn’t really bother my good figured mother as much as she protested while sending me another clear message, “Watch out” just like she did the last time we spoke in late summer 2004 when after I filled in certain very carefully left out gaps in Edward Jay Epstein’s, The Diamond Invention, my mother strongly advised, “Are you not concerned for your life!!”

I know you thought I was going to come up with “sumthing” [sic] a whole lot more interesting to say, but now as you think and research more you instantly recognize the terrific competitive advantage you still have over each and every Trust-Hush-Fund kid and their easily distracted parents all of them increasingly “pretending” that their fictitious lifestyles are “picture perfect”, STILL able to laugh and joke, talk about totally inconsequential subjects that are so very important to maintaining this “pretence” that is getting increasingly veneer-thin as just3ants.com “gets there”?

Geoffrey,

Interesting [Drudge Report](#)'s misspelling of its current headline news item, "[Senator vows close antiturst scrutiny...](#)", [sic] hence my use of the Latin Adverb "sic" meaning "thus" or "so" when used to denote an error in spelling within the English Quote signs.

Were you just "shit-chatting" [sic] when you sent the following to Adam L Tucker?

"Hey, what the hell is life about? I believe that it is about creating life, which for us is creating history. Most people can influence history only by creating children. You have the opportunity to create history, to become immortal through your impact on the world. We will all die physically anyway.

To be afraid of making history is death forever."

What are you afraid of?

Did you find this colonoscopy joke sent by Dr. John K. Pollard Jr. to my very funny French-Canadian wife that I just moments ago began forwarding to some 5,000 individuals/groups as part of an email I sent Richard Cummings, as funny as MDG who has just left the cliff house on a sunset walk atop the constantly eroding bluffs of beautiful climate, ugly real estate and diamond-money laundering people Del Mar?

http://www.miamiherald.com/dave_barry/story/427603.html

Geoffrey, help yourself by helping me to get you to respond positively; bearing in mind you and I are of pretty much the same height, although I might possibly be 2 and half inches taller, which of course provides you with many competitive advantages beginning with, "the bigger you are the harder you fall"; second, we both have less skin covering our bones and therefore great savings when it comes skin grafts were we to be skinned alive. Let me know if I have left anything out.

And just in case you are the only person in the world willing to give me a blood transfusion can you please right now without reading a word more, give me your blood type.

Is the sudden silence, due to you mostly thinking about how with the natural price mechanism now totally non-operable for more than a century now, but more importantly the fact that such an extraordinarily large numbers of people rich and poor all over the world know not only this fact but the seasons why it is non-operable and yet the world's capital financial markets continue to "operate"?

Or are you like most tuned into my missives and hearing about those trees with American GIs carved in initials from World Oil War II being felled, thinking about how very staged was D-Day June 5th-6th 1944 with De Beers who were funding both the Allies and Nazi Germany having infiltrated the highest levels of British Intelligence that were not "lost" on David Ben Gurion and the Mossad given how Field Marshall Jan Smuts, no friend of De Beers and great friend of the Jewish people made certain such intelligence was shared with Ben Gurion and Co. headquartered in Jerusalem?

How do I get to be on the first page, right below Diamond Invention when you Google search the words, "Diamond Invention", and then to provide my insight and

analysis of Hollywood blockbuster author Edward Jay Epstein's, The Diamond Invention?

If you don't know, is it possible you know the Chairman of the Board of Google who might know?

Could it be that you only see my name after scrolling on to the 3rd page when you come across an email I sent Joe Steinberg, the multi-billionaire President of Luecadia National Corporation on May 15th, 2006, because I only get to mentioning The Diamond Invention at the end of the 4th paragraph after first discussing everything under the sun beginning telling Joe who not only runs a not exactly small multi-national conglomerate considered the "mini" Berkshire Hathaway run by the big crook Warren Buffet who I believe still has a US\$6 billion joint venture going with Luecadia National, but has children of his own:

Just as I left our stone home deep in the Cleveland National Forest on the first 90 minute loop walk of Nobel Canyon which actually took me several hours before I finally made it back despite completing the loop in just over 30 minutes, I ran into the new proud owner of the cabin right across the creek.

Then I felt it necessary as I do now to remind Joe of how he tried to help me out in a little cash crisis I was having at the time:

You may recall the little "cash crisis" I had in the fall of 2002 which had you suggesting a mortgage broker but in the end my wife came through with all the cash to mention little, however, of how her X husband in a sworn declaration that was submitted on October 24th 2002 to the courts in a criminal proceeding, stated, while fighting a losing battle to keep track of all his lies from day one, that I had bought her the house in an attempt to get this rather mindful individual to lie and give evidence in my defense.

Then I felt the need to tell Joe of my premonition that the two principals of the 2,000 pound SCAL [Shareholder Class Action Litigation] law firm of Milberg Weiss Bershad Hynes & Lerach would this year end in prison:

And of course you must have heard how MDG's X husband's girlfriend who to the best of my knowledge still works for the criminal and evil law firm of Milberg Weiss-Lerach recently provided us in "black and white" with both the "money motive" as well as well as her extraordinarily "blackened hands" in concocting a baseless and insidious criminal complaint against me all geared toward murdering my very good name and in the process killing Marie Dion Gevisser were she to have lost custody of her "tOo" [sic] children.

Before finally getting to the Diamond Invention:

This in very good shape, mentally and physically, individual, probably in his early sixties having retired in “middle management” from the telephone company after working his way up “in every position” told me soon after I mentioned that I was working on “*restoring balance to the system*” by forcing people like you to do the right thing and the smart thing which is also the right thing and not wait for the masses to come begging asking for their fair share of the spoils of us having until such time as our service people don’t accept **worthless** United States Dollars the strongest military for some 100+ years and to begin by informing your shareholders of the extent to which you have benefited from **THE DIAMOND INVENTION**, the fraud of frauds, told me how he got his “comeuppance” when attending recently a university course.

Bear in mind what you read in the first 4 paragraphs was only about 1/8th of the total email which you can read in its entirety by clicking the hyperlink below:

<http://nextraterrestrial.com/pdf/jsteinberg-DAAC.htm>

Did you notice that Joe is not on the “\$ hit list” [sic] even though he considers me a “Revolutionary” or at least that was what he thought when we last had breakfast together over at Miracles in Cardiff, one beach town north of Solana Beach where Joe lives most of the year on the edge of the cliff, and my guess is that if we could get one of these fishing vessels to go out far enough and place a mirror on the front windshield, he and I could communicate much like the way we used to communicate from our first house at Grandleigh Place, Durban North which we called Highwinds for good reason, and my uncle Joe Ash, **the** adopted son of my highly secretive multi-millionaire maternal grandfather Alef-Albert-Al Badash-Ash; **Joe** was not only a lifelong Durban City council member but the Commodore of the Durban Yacht Club and lived high on the bluffs overlooking the deep water port of Durban, South Africa.

You wouldn’t need to be much of a mathematician to figure out that the one million English Pounds Sterling that my granddad Al Ash who paid for the construction of my parent’s first home, meant in 1947 in the hands of someone like Al Ash, more at that time than the combined wealth of Joe, Warren and Bill Gates as well as the rest of the Forbes 2000 richest people in the world; bearing in mind that Al Ash who changed his name to Al Ash in September 1941 just before his 42nd birthday understood perfectly well the words, “in war money is no object” and when purchasing 50 British made Spitfires for 6 English Pounds Sterling a piece, those scrap metal dealers who actually rigged that greatest purchase in the history of armaments purchases knew better than to mess with my granddad Al who you can see from this photo with my mother, his only child, was no “push over”.

Right now I am a little distracted thinking about how just moments before leaving on her walk, my most beautiful, "secret weapon knitter", so very sexy French-Canadian wife was sitting next to me in one of the most comfortable Italian black leather reclining chairs talking to me about the art oil painting class she gave this morning but since I have Adam L. Tucker helping me greatly with the editing I think it should all eventually flow.

BTW would you be interested in purchasing a handful of our t-shirts that has on the back,

get intelligence?

just3ants.com

and on the front

$E=mc^2 \approx 2 c ME$

A young surfer, probably age 18 has just walked past our cliff house with a surfboard tucked under his right arm and looking a little dejected, the surf right now not quite as great as it was early this morning, and had I called out to him, "cheer up, this is a whole lot better than in a fox hole in Afghanistan protecting the opium being trucked to the U.S.", I bet not only would he smile but if I had a stash of

T-shirts, not only might he buy one but there is always the possibility he could become a distributor going door to door and of course stopping off at Joe's cliff house while handing out the same type bumper stickers.

The fact that the price mechanism does not operate and you know it is not what bothers you at this time since you perfectly understand it is the brute military force of the United States Military with bases on some 130 of the world's 190 countries providing the "on the ground" muscle and when need be fighter-bomber-jets from aircraft carriers even when not bombing innocent civilians get the message loud and clear to our tyrants of the day, "Don't mess with Uncle Sam".

It is the fact that US Commanding Officers who know this haven't done something about it, like rigging that one bomber that flew across the United States armed with nuclear weapons didn't have it explode over Washington DC, making 911 look like a day in the water park, which of course is the main reason Secretary of Defense/Offense Robert Gates just fired the two top US Air Force Commanders.

Yes, mutiny of US Commanding Officers is of course just around the corner bearing in mind that while the Government of the United States of American has been no friend to fledgling democracies anywhere in the world for the past century, there have been more than a handful of top US Commanding Officers who have not only understood why but done something about it, to make the battlegrounds the US Government wages on foreign lands that much more even, you know what I mean jelly bean?

You perfectly understand that when US 4 Star General Stilwell got so extraordinarily poorly treated by De Beers President Franklin D. Roosevelt after

simply telling him the truth that the so extraordinarily pro monopolist US Government was "backing the wrong horse", this atrocious behavior by a sitting US President was not lost for a moment on honest US Commanders who knew to go very quiet bearing **in mind** that soon after returning to the US and being told by two other Generals meeting him in "not to talk", this great general who just two years earlier led a 140 mile march through the Burma jungle with a rifle strung over his shoulder, was dead.

Nor was any of this lost on the going on 1.5 billion odd strong Chinese who consider General Stilwell a national hero.

Nor can you forget how this past Thanksgiving the Chinese government at the last minute refused landing rights to 3 US Navy vessels including the aircraft carrier Kittyhawk carrying some 8,000 US soldiers.

BTW did you know that the Fighter-Bomber-plane that my father and Syd Cohen, Commander of Israel's first Squadron 101 flew most of the time during World War II were American made P40s more commonly known as Kittyhawks?

Below is my dad taxing just before takeoff with a full load of bombs.

It is also sobering to know that you see more than Israeli Military Intelligence carbon copied on this very heavily broadcasted communiqué that within no more an hour will reach, at a minimum, 100,000 individuals/groups including that idiot “playing ostrich” student of yours, Eretz Yoeli getting his PhD. from Boston University having completed his Masters thesis on [De Beers](#), the monopolist solely responsible for the price mechanism not functioning for more than a century now, and now seeking comfort with De Beers’ law firm Skadden Arps; why else would Eretz respond to an email sent to a partner there who happens to be the father-in-law of Jonathan Oppenheimer next in line to be in command and control of the 3 Branches of the US Government, the British Empire’s most prized crown colony.

No surprise that some 95% of the American population with co-opted-corrupted medical doctors earning telephone numbers are in worse physical shape than the British who are not exactly healthy.

These are truly [wild](#) times, and you can also take my word for it.

Look in to your data bank and count up all the people who have desk jobs on Wall Street and then add to that the numbers of those who have desk jobs such as real estate brokers off Wall-47th Street and you can only wonder not, “What an extraordinary Act of God [the world hasn’t blown up?](#)” but when your nightmare will be over, knowing that Armageddon is simply not good enough.

The fact that there hasn’t been a single nation in the world apart from the United States Government who has dropped, not one, but two nuclear weapons in anger; moreover, on a civilian population belonging to a nation that was yet another nation trapped in to war by the out of control military-industrial-complex of the rotten to the core United States Government, doesn’t make your restless nights any easier.

Nor the fact that the big business interests beginning with De Beers who control all 3 Branches of the US Government have no loyalty to the American flag, or the anti-Trust laws that don’t apply to them or the money laundering laws etc etc just makes you want to cry your heart out that you haven’t been smart enough to steal legally like them, rather than feel outraged by their most brutal allocation of the world’s precious minerals resources as well as human labor that when “finished with” become fodder for very calculated killing machine wars.

You laughed loudly when you suggested that Adam L. Tucker, my one American programmer, very much at the [top of his game](#), ask De Beers’ law firm Skadden “Apes” [sic], “Are you getting it?”

Are you getting it?

My F-C and most brilliant logical thinker wife gets its!

You would agree, that for the vast majority who have their basic needs met, there is very little left for them to talk about except for getting laid.

Could it be that you are not alone in having great sex which is lending responsibility for your lack of logical thought processing no different to each and every US Commanding Officer who has yet to ask their superior, "What in God's name is going on?"

No doubt realizing that you are not alone in checking out that much closer my long time buddy, National Security Council spook, Roger W. Robison, the protégé of De Beers banker David Rockefeller, Chairman of Chase Manhattan Bank and founder of the Trilateral Commission.

It might help get you to be a little more focused not only thinking about all those blind copied but bear in mind Mr. Dennis Sweeney who during his time at [Stanford University](#), was the protégé of [Allard Lowenstein](#) who Sweeney would later murder in his Manhattan Office.

You are of course old enough to remember that Sweeney shot and killed Lowenstein in 1980, after which he turned himself in to the police.

Now draw your attention to more of Mr. Allard's bio by reading very carefully Mr. Allard's close working relationship with the CIA and Anglo [South African](#) Harry "non-racial liberal" Oppenheimer by clicking [HERE](#) taking you to a piece written in 1995 by a Richard Cummings, entitled, "A Diamond Is Forever: Mandela Triumphs, Buthelezi and de Klerk Survive, and ANC on the U.S. Payroll".

Not to mention that over the course this most awesome mostly gray day that had the Pacific Ocean looking dark green, I got to enjoy the breathtaking view here at our cliff house in heavily real estate and city council corrupt Del Mar all the while remembering to breath in deep the fresh salt ocean swept air blowing in frequently through the two side windows on either side of the two oversized windows.

I will over the course of the next 48 hours, all depending on other priorities which my F-C wife might have in store for me, be highlighting in the color red items of importance in this well-written article while placing hyperlinks over certain words, that again should keep you at a minimum "entertained" as you look forward to seeing photos both clothed and naked of the most beautiful, most gorgeous, sexy beyond belief, again so very funny French-Canadian woman with that to die for body who only returned late this afternoon to the cliff house on her red Piaggio scooter after teaching her weekly art oil painting class in Rancho Sante Fe.

BTW it is still hard to get over how very entertaining Marie Dion Gevisser was at dinner last night at Barbarellas, about equally as good as when she once "on passant" while listening to my Charm School mother's record, THE IMPORTANCE OF BEING A WOMAN

[<http://www.just3ants.com/FamilyTrees/GevisserBadash/zena/impwom/default.shtml>] while miming my mother's "Queen's English" did all the "moves", checking her pose, making sure that her slip wasn't showing, etc etc.

Yes, you will agree it is all about having the right attitude!

Now you are thinking more about not simply the increasing silence of my Allied Fighter-Bomber-Pilot father Bernie Gevisser whose skill and experience dive-bombing the crap out of the De Beers-Nazi bastards during World Oil War can be found in his two logbooks he left with me when joining me on the flight from South Africa to the United States, leaving on March 16th, 1978, arriving the next day, St.

Patrick's Day, in Chicago, Illinois; such prized possessions detailing his miraculous 71 missions, had US Colonel Dwight Kroesch, credited with being the first Allied pilot to drop members of the 82nd Airborne behind enemy lines on June 5th-6th 1944, commenting with tears in his eyes when paging through and reading line for line, "He is the miracle man!"

Like my father, **grabbing your attention** are those 50 Spitfires in perfect condition that Boris Senior, my father's but more so my mother's and her father's close friend left behind in South Africa that Boris had purchased in a rigged auction for the extraordinary low price of 6 English Pounds Sterling apiece.

Yes, had Ben Gurion gone ahead and allowed those planes to be smuggled into Israel in pieces in cargo being shipped out of Durban Harbor through my other grandfather, Israel Issy Gevisser's multinational trading conglomerate, The Moshal Gevisser Group of Companies then the vastly inferior Messerschmitts that Boris Senior and Syd Cohen and a handful others flew out of Czechoslovakia which had both Boris and Modi Alon the first Commander of Israel's Squadron 101 having to ditch on Rhodes Island, Greece as they ran out of fuel, would not have got the attention Ben Gurion and Co. so sought from their real enemy the American-British Governments who had imposed the most heinous, the most visible arms blockade on the fledging Jewish State (British White Papers of 1939), so very convinced were the De Beers controlled Allied Governments that when the real battle began on May 14th, 1948, the State of Israel would be overrun in a matter of hours and those Jewish people who had escaped the American-British Nazi Holocaust would be driven into the Mediterranean Sea.

You, of course are intimately familiar with De Beers President Franklin D. Roosevelt "entertaining" Ibn Saud, King of Saudi Arabia on board the US Destroyer, USS Quincy on February 14th, 1945, some 12 days following the Russian Red Army, not American GIs, liberating Auschwitz where over one million Jewish people, men, women and children were brutally and systematically murdered, that doesn't have you forgetting your bloodied hands on the other 5 odd million.

5 April 1945

GREAT AND GOOD FRIEND:

I have received the communication which Your Majesty sent me under date of March 10, 1945, in which you refer to the question of Palestine and to the continuing interest of the Arabs in current developments

affecting that country.

I am gratified that Your Majesty took this occasion to bring your views on this question to my attention and I have given the most careful attention to the statements which you make in your letter. I am also mindful of the memorable conversation which we had not so long ago and in the course of which I had an opportunity to obtain so vivid an impression of Your Majesty's sentiments on this question.

Your Majesty will recall that on previous occasions I communicated to you the attitude of the American Government toward Palestine and made clear our desire that no decision be taken with respect to the basic situation in that country without full consultation with both Arabs and Jews.

Your Majesty will also doubtless recall that during our recent conversation I assured you that I would take no action, in my capacity as Chief of the Executive Branch of this Government, which might prove hostile to the Arab people.

It gives me pleasure to renew to Your Majesty the assurances which you have previously received regarding the attitude of my Government and my own, as Chief Executive, with regard to the question of Palestine and to inform you that the policy of this Government in this respect is unchanged.

I desire also at this time to send you my best wishes for Your Majesty's continued good health and for the welfare of your people.

**Your Good Friend,
FRANKLIN D. ROOSEVELT**

**His Majesty
ABDUL AZIZ IBN ABDUR RAHMAN AL FAISAL AL SAUD
King of Saudi Arabia
Riyadh**

And of course you just cannot get enough of that letter sent above sent in follow up from "so loved" President Franklin D. Roosevelt assuring Ibn Saud that the US Government would do everything it could to help annihilate the rest of the Jewish people; such a letter, combined with such a meeting, combined with the diabolically obscene arms embargo on the fledging Jewish State leave little doubt in the minds of most people with the least amount of common sense that the United States Government has never been a friend of the State of State of Israel and why when you hear Jewish people here in the United States of America saying that the US Navy Swastika shaped building built over 3 years beginning in 1967 is "farfetched"

all you say is nothing as you perfectly understand they don't want their "comfort zone" upset in any way, shape or form.

Now before getting on your hands and knees and giving me 2400 pushups followed by 3600 sit-ups, forward this communiqué to every US military commander and service person you know.

My long time pal Tony Leon from Durban South Africa who isn't your regular "chit-chat" non-racial liberal with plenty of time on his hands to "pretend" he is making a positive contribution to the betterment of humankind fearing most that during his lifetime he might actually have to work for a living and compete on a level playing field is of course in the carbon copy section allowing you and others in both the carbon and blind copied section to communicate with Tony, the immediate past leader of the South African Democratic Alliance Party who I spent not only considerable time with in South Africa back in [1995](#) but "quality time" when Tony "opened up" about how all of not only South Africa's problems, but all of the world's problems were directly related to the most racist, most anti-Semitic South African Oppenheimer family who on the surface were not only so "liberal" but so very supportive of the State of Israel.

Photo below was taken outside Nelson Mandela's office in the Houses of Parliament, Cape Town, South Africa

On the left, Tony Leon who was giving us a guided tour, my mother Zena, Zena's second husband Alan Zulman, and me.

One of the names you see in the carbon section, Mr. Alan A. Pener, is most likely an unfamiliar name but, CONFLICT SECURITIES you of course recognize from the heavily broadcasted communiqué I sent out yesterday.

"Our Man Roger" aka Roger W. Robinson has most likely given Mr. Pener, his Chief Operating Officer, a "heads up" to expect an email from me but it is unlikely Mr. Pener is quite ready for my follow up that of course I will be first running by Israeli Military Intelligence, the [Mossad](#) as well as President George W. Bush assuming he and those around him think what I have to say should be presented to our Commander In Chief exactly as I write it or in a summary form.

Remember I haven't forgotten that your gravy train is all tied in to your ability to make a buck out of uranium.

In other words, I too can chit chat with the best of the best liars, cheats and thieves who every so often come up with brilliant words of advice for which you deserve and got credit for yesterday, but I also know perfectly well that you are highly supportive of the status quo that is all geared toward doing nothing more than empowering kids who attend university and who come out with no skills but their gift of the gab that mean nothing in a merit driven economy to immediately be helped by relying on either their Trust-Hush-Fund and/or a DeBeers-Rhodes Scholarship, to incite the masses to violence.

The Mossad has known all this going back to the days of the pogroms of the 1880s when US Americans were massacring native Indian Americans before then introducing civil and criminals laws such as the Geneva Convention that make it look to the discombobulated masses that the "rule of law" applies in unlawful laws aimed at cleaning up from previous massacres that stem from when the masses of poor have a little more time on their hands, thanks to advances in technology, to question the "status quo".

Now come back to examining how very important it was to both the deep underground Jewish Underground as well as the Mossad, that attending the funeral of American Charles Engelhard, the "control person" of the De Beers-Anglo American Cartel were none other than Senator Ted Kennedy, former President Lyndon Johnson and Vice President Humphrey.

Of course it stood to reason that while De Beers who came out of World Oil War II stronger than ever could execute their agenda, "Take the money now, or open a

taco stand" the Mossad were not exactly "asleep at the wheel" when following very closely behind all those who profited from the wholesale slaughter of 6 million Jewish people including a great many Jewish people who along with their offspring remain silent today and who I am exposing in "real time" on the "\$ hit list" [sic] also known as the FOOLS NAMES, FOOLS FACES IN PUBLIC PLACES list.

The State of Israel needed to continue to "line up their ducks" beginning with Charles W. Engelhard who just prior to his assassination by the Mossad was forced to leave the clearest of money trails that he anticipated his death at the young age of 54 that of course there would be no mention by any of the media as to his cause of death apart from as my Royal Mater-Mother would say, "an addiction to Coca Cola" all the while this virulent anti-Semitic and "open supporter" of the 3rd Reich's Southern Division (aka the South African Apartheid lead financed by Germans Engelhard and Oppenheimer) would name a sellout Jewish person, my uncle David Gevisser with the extraordinarily good last name as his executor, all the while Engelhard's American lawyers would be forced to pay as a "sign on bonus" a cool US\$6 million which my uncle Dave knew he had no choice but to disclose first to my mother and then to me many years later, given the "slap across the face" my mother delivered back in 1969 to his uncle Sol "Little King" Moshal just 2 years prior to Engelhard's assassination following Engelhard and Harry Oppenheimer having orchestrated the forced sale of my father and his father's The Moshal Gevisser Group of Companies that was a "pain in the butt" to the De Beers-Anglo American Cartel given how it reeked of the free enterprise system particularly as it empowered small non-white businesses to operate in Apartheid South Africa while channeling funds and armaments to resistance movements all over the world including the most trustworthy, those located in southern France who in collaboration with their Spanish brothers kept both armaments as well as intelligence flowing to Ben Gurion and Co.

Again, you would know that another sellout Jewish person, Hollywood blockbuster producer-director Steven SPIelberg got a great number of things absolutely "spot on" in his epic 2005 movie-documentary MUNIch beginning with the CIA pulling out all stops to protect Al Hassan Salameh, Chief of Operation for terrorist group '[Black September](#)' responsible for the Munich Massacre.

As you know Salameh who was finally assassinated in 1979 by a Mossad hit squad activated immediately following the Munich Olympic massacres served as a secret contact between the PLO and the CIA from 1970 until his death, guaranteeing to not assassinate Americans in exchange for financial and political support. He helped protect Americans in Beirut, and his role was to facilitate contacts between the Palestinians and Americans, in hope of obtaining American support for the Palestinians.

You of course recall that rainy street scene where American CIA operatives acting drunk punch out a member of the hit squad causing enough of a distraction to allow Mr. Salameh a quick escape although it is possible that you were mostly focused on the weapons used by the Israeli hit squads that only became available a decade or so later.

What you cannot escape however, are two very important facts of life beginning with SPIelberg "going overboard" in his 5 minute introduction to this epic movie in which this big time Jewish Hollywood celebrity owning hundreds of millions if not billions of US Dollars in US Treasuries makes mention:

You should make no mistake that I am not attacking Israel with this film, in no way shape or form am I doing that.

Second, Mr. SPIelberg from the very start to the end of the movie leaves his audience with the "belief system" that everything about us Jewish people is "money" as this fuckhead commits the cardinal sin of suggesting that the Mossad pay for either their weapon systems or intelligence which they do but only when setting up someone such as SPIelberg and Co.

As you read through a verbatim transcript of Mr. SPIelberg's 5 minute so very thoughtful, so emotional introduction that he wanted to do as much as he wanted a Mossad high caliber bullet fired into the back of his head, you will notice that there is no mention of the De Beers controlled CIA, no different to the rest of the heavily corrupt 3 Branches of the United States Government that has never been a "friend" of the fledgling State of Israel, involved in the assassinations of fledgling democracies throughout the world given how you know that that the business of any monopoly is to never allow democracies that breed fair and free markets to take root; just like you would know without attending one of your bs economics lectures at the heavily corrupt Stanford University that the business of corrupt governments is to corrupt grass roots organizations before they take root.

Click [HERE](#) to get that verbatim transcript and if you are having trouble for whatever reason even if it only because your hand is shaking so very badly that you cannot control the mouse read below how Mr. SPIelberg's introduction goes on to end:

This is a very very tough subject and we have decided to approach it honestly and unsparingly.

This film is an attempt to look at policies that Israel shares with the rest of the world and to understand why a country feels that its best defense against a certain kind of violence is counter violence, and we try to understand this as filmmakers, through empathy because that is what you do, you extend empathy in every single direction because you can't understand the human motivation without empathy.

This movie is not an argument for non response.

On the contrary what this movie is showing is that a response that may be the right response is still one that confronts you with some very difficult issues, and when we have to respond to terror today, what is relevant is the need to go through a careful process, not to paralyze ourselves, not to prevent us from acting but to try and ensure that the results that we produce are the ones that we really intend.

I mean it is the unintended [mumbling] results that are probably some of the worst and that will ultimately bedevil us.

What you see in this movie is not an attempt to answer, "*Should there should be targeted killings or not?*".

What I am doing with this movie is highlighting some of the dilemmas and highlighting some of the issues that need to be discussed. I am not trying to answer them. But the movie in a sense, apart from being a human drama which explores what these guys went through, will hopefully stir that discussion.

Now come back to Mr. Richard Cummings, "A Diamond Is Forever: Mandela Triumphs, Buthelezi and de Klerk Survive, and ANC on the U.S. Payroll", and the "statement" by liberal American Congressman Lowenstein, "Can we influence Africans to accommodate their demands in less violent ways?"

With each moment that passes until you and all those "attracted to you" take your last breath which will hopefully be long after me, you are all going to have to dwell in your increasing misery especially those of you who in advocating "less violence" have relied exclusively on violence in suppressing cultured people to give up their culture and work the mines and the fields above for slave wages and if daring to complain to come up with so very civil wording,

"Can we influence Africans to accommodate their demands in less violent ways?"

Would you agree that hell is only here on planet Mother Earth for all those who usurp their limited authority and for the rest this is now the greatest time in the history of time to be alive, fit and well and to have no qualms about meeting our Maker and never again have to even think about all those wretched people let alone look at their so very ugly faces and bodies?

Have a nice day!

Ps – Standby for my follow up to you, Mr. Pene and George W. Bush who should besides for focusing on 1), that Israeli Military Intelligence report, 2) the CIA trapping the Soviets in to invading Afghanistan, 3) immediately suspending the trading of shares in public corporations and 4), immediately withdrawing all US forces back to the United States to await the stepping down of the heavily corrupt 3 Branches of Government including the US Supreme Court, make careful note to assess how very good a person he is, relatively speaking, by looking most carefully at the performance of his opponents beginning with "Our Man Roger" and Sec. James A. Baker III, "THE MOST DANGEROUS PERSON IN THE WORLD".
