Subject: TACO STAND: SHOES - what changed - first line - your move - busy - RE: Military.com discussion

Ms. Wallace,

I'm not sure how you got on my email list but I have now done research on you folks given your visibility on the internet.

Before I forget would your friends and colleagues not yet on my one-of-a-kind email list consider you one of US Americans who “live to eat” when not constantly thinking about what to eat all the while so very talkative, with your mouths full of course, of the ills of say the 1.5 odd billion strong Chinese who along with their allies might not be in the least bit offended if US Americans stayed home, kept all their hot air all to themselves and didn't attend the Olympics all the while figuring why it is that increasing numbers of US Americans don't feel all that welcome in the rest of world.

Think right now about why Trust-Hush-Fund kids found most in what we refer to as the First World along with their despicable blood sucking slimeball parents are not in the least bit comfortable talking, let alone making jokes about my one highly skilled American programmer Adam L. Tucker having to stand in line waiting to collect food stamps talking to his fellow food stamp collectors about my explaining in very simple English why today's announcement by the De Beers controlled US Federal Reserve gifting Trust-Hush-Fund kids another US\$50 billion on top of the zillion already handed to this good for nothing but talking “sh*t” [sic] big government spenders has them continuing to get away trickling down the cost of getting rich on to the backs of the poor who are not all stupid, just look at Adam L. Tucker so very easily able, with of course my guidance, to wipe the smirk so very quickly off the faces of Trust-Hush-Funders who increasingly thanks to the “**\$ hit list**” [**sic**] on just3ants.com understand what is meant by **FOOLS NAMES, FOOLS FACES IN PUBLIC PLACES.**

One of the very first facts of life told to me about the Holocaust of World War II, by my highly secretive Royal Mater-Mother, Zena Rosland Ash Gevisser from the House of Ash, raised by her pogrom-orphaned maternal grandmother, Nechie Badash, most likely the most trusted of Ben Gurion's consiglieres running intelligence back and forth between devout Christian, Field Marshall Jan Christian Smuts, second-in-command to the drunk Churchill in London, England and

Jerusalem, Israel where Nechie Badash's "kinsman" Ben Gurion, the leader of the Hagannah, Jewish Underground was stationed throughout the oil wars with the Governments of Great Britain and the United States owned 100% by the De Beers diamond-banking syndicate who financed all the warring parties to WOW I and WOW II, which was just a continuation of World Oil War I, was that the female Nazi SS guards in the Concentration Camps of Auschwitz and the such murdering upwards of some 10,000 human beings a day, 90% of whom were Jewish and didn't have the monies dished out by the ruling elite only loyal to those doing their bloodletting, to buy their freedom, were more brutal than the men.

I am now instructing Adam L. Tucker to add not only your name but each female as well as male member of your organization to our "\$ hit list" [Sic] on www.just3ants.com.

Have you just noticed that you are not longer thinking it all that important to be listening to what say Rush Limbaugh or Dr. Laura or for that matter what Howard Stern has to say let alone whether incorruptible grass roots organizations in places like Mexico are laughing themselves silly as US Americans paying for a fence that will soon prevent US Americans from crossing into Mexico to feed our families, although folks like the Mexicans have shown us their ingenuity in digging tunnels under the fence all the while holding on to their most valuable oil and water?

It is very possible that you spent as much time in the first 21 years of your life in Africa as I did, although to be perfectly clear I was born in South Africa and lived there for one week shy of my 21st birthday before immigrating on March 17th, 1978 to the United States armed with my Fighter-Bomber-Pilot father's two logbooks from WOW II as well as the most extraordinary "Money Power" Letter of Introduction to take over from my father's first cousin, David Gevisser, the son of Maurice and Janie Moshal Gevisser, as the American head of the De Beers-Anglo American Cartel, the mafia of mafia, counterfeiter of counterfeiters, special interest of special interest group, and therefore it is also doubtful given my background that you are as intimately familiar with the DAAC's very easy to understand agenda,

"Take the money now or open up a Taco stand".

In fact let me spell out further the two busy jobs of the top officials of this highly dynamic organization who don't quite laugh their heads off as they once did when reading in the newspapers or watching on TV as nonsense, so very bought and paid for talking heads such as Dr. Laura and Rush Limbaugh and Co., make fun mention of this and that crook having to pay a hefty fine, even a prison sentence for having got caught with their pants down.

First, to finance their opposition using their unlimited supply of untraceable lightweight and never once inventoried by an incorruptible grass roots organization their diamond currency always price fixed at more than a barrel of oil, after first completing their busiest of jobs; namely, where to vacation; and second, who to kill both literally as well as bankrupt when financing the opposition of those who fail to, "Take the money now!"

Did you feel that slight tremble in your lower spine or has it already moved its way up to your arms and now most visible when holding say a paint brush, or what about a pencil?

What do you know about Gerry Mohr or Robert Kjar that you would care to share with me?

You may have had difficulty reading in the 607 odd word email I sent yesterday to Robert "Station Manager-CIA" Kjar, my father's logbook entries for his 61st, 66th and 67th mission back in April 1945 but now when you click [this hyperlink](#) you can then click on the hyperlink above the number 60 that takes you to a verbatim transcript; although right now it doesn't appear to be working; but when clicking on the hyperlink above the 60 above, you should see it all spelled out clearly:

60th – Operation – April 1st, 1945 – Beginning at 4:05 PM, lasting 1 hour and 25 minutes:

DUST FROM PREVIOUS BOMB BURSTS OBSCURED THE TARGET SO I HAD TO COME FAIRLY LOW BEFORE RELEASING – I FELT SAW & HEARD BOMBS EXPLODING JUST AT ABOUT SAME TIME – I MUST HAVE PULLED OUT AT ABOUT 50 ' [FEET] TO 100 ' ABOVE HOUSES. MY ELECTRICAL SYSTEM WENT OUT IN STRAFFING DIVE – WHAT A JOB PUMPING THE UNDERCART DOWN. THERE WERE NUMEROUS HOLES IN WINGS & TAILPLANE MOST PROBABLY FROM [MY] BOMBS – D/H [DIRECT HIT]

66th – Operation – April 9th, 1945 – Beginning at 9:05 AM, lasting 1 hour and 5 minutes.

BOMB FELL IN TA [TARGET AREA] VERY CLOSE TO A BUILDING. THERE WAS HEAVY A.A. [AK AK] ALL AROUND US AS WENT IN, FOLLOWING US DOWN – ALSO LIGHT A.A. 20 & 40 MM. JOHN DEKEMA WENT STRAIGHT IN JUST SOUTH OF TARGET AFTER DROPPING HIS BOMBS (D/H) – [DIRECT HIT]. I DON'T THINK THAT HE GOT AWAY WITH IT AS HE STARTED SPINNING AT ABOUT 600 ' [FEET] AND HIS A/C [AIRCRAFT] BURST INTO FLAMES ON IMPACT – NO PARACHUTE WAS SEEN.

67th – Operation – April 9th, 1945 – Beginning at 6:35 PM, lasting 1 hour and 10 minutes.

MY BOMB HIT ITALY ALRIGHT NOWHERE NEAR THE TARGET. THEY PUT A BARRAGE OF LIGHT A.A. OVER THE TARGET FROM 6,000 ' DOWNWARDS – IT WAS REALLY TERRIBLE. IT WAS THE WORST I HAVE EVER SEEN – I NATURALLY NEVER WENT AS LOW AS CUSTOMARY – HENCE THE RESULT – THE [AMERICAN] 8TH ARMY WERE GIVING THE JERRIES HELL – BATTLE SMOKE COVERED THE WHOLE AREA!

Not to mention yet again what an extraordinary "clear signal" Ben Gurion was sending, first and foremost to the deep underground Jewish Underground operating in places like South Africa where the 3rd Reich's Southern Division had taken strong root even prior to the outbreak of WOW II, when deciding to keep my father, coming from such a prominent Jewish South African family with extraordinary close ties to the Jewish State going back to the 1920s, out of Israel's War of Independence, as all my dad's closest fighter-bomber-pilot friends, beginning with Commander Syd Cohen spearheaded the attack on the advancing Arab armies who

on the eve of May 14th, 1948, the official start of the War of Wars, were only thinking about how they were going to carve up the tiny Jewish state without a single oil well, amongst themselves; so overly confident given how convinced their tyrannical leadership was that both the British and American Government would not fail the assurances given to them that Hitler's FINAL SOLUTION was imminent.

To mention little of such outrageous assurances beginning in earnest when President Franklin D. Roosevelt met on February 14th, 1945 with King Ibn Saud of the House of Saud on board the American destroyer USS Quincy; that photo shoot not lost for a moment on Ben Gurion and Co. nor how vigilant was the American government in particular, when placing an arms embargo on the fledging Jewish State that included imprisoning any male of military age caught entering Israel to fight in its most brutal war of survival.

So now try as difficult as it is to think more about current day US politics beginning with the distinct possibility that if George W. Bush doesn't serve a third term as President then it is highly likely the United States will be saddled with one of three ignoramus US Senators who will also carry the title, Commander In Chief.

Do you think US military commanders are more or less worried than their counterparts in China who for good reason respect Israeli Special Forces commandos as much as American Special Forces fear them both?

My superstar

and no long hungry wife MDG and I just arrived back from partaking in a light healthy vegetarian sandwich and organic bean soup, not quite on a par, however, with her over-the-top gourmet home cooked meals.

Yes, the fact that Ben Gurion's so extraordinarily outnumbered and outgunned soldiers were able to last a single day goes well beyond a "simple miracle" given how it took the most ingenious Jewish minds at the time who had been planning such a confrontation long before the outbreak of World War II, even before Einstein wrote in 1934 as his return address, "Concentration Camp, Princeton".

So secret was Ben Gurion that my father has never known the true story, that is up until very recently.

It is not so much what is said but what is not said, that counts.

You wouldn't need to be a genius, just a little smart, to understand why it is that I am now speaking out, and remember neither Israeli Military Intelligence nor the Mossad with the very unforgiving assassinations unit have attempted to "shut me up"; on the contrary you, an imbecile of imbeciles in a class of morons along with The IT and his Cow, would be able, when reading the back and forth between myself and the Office for the Israeli Department of Defense Attache at the Israeli Embassy in Washington, DC, to deduce both organizations having "signed off" on their ingenious Military Report of all time are deriving great satisfaction in me "leading the charge".

I can cut very quickly to the chase when need be and I wager that what troubles you most is the fact that you have been out soliciting and most of all promoting the use of De Beers-US Dollar monies for your totally nonsense, so very distracting "good looking" causes principally in Africa and yet you didn't have the insight, the most basic sensitivity to give a moments thought to your organization's key role in enslaving the masses of not just Africa but throughout the world given how severely brainwashed you are, by the De Beers-Anglo American Cartel.

It is not so much what is said but what is not said, that counts.

When you know the "Money Power" of De Beers that comes from its mining rights that are only as valuable as its ability to pay slave wages to the indigenous peoples whose birthrights were stolen going back the turn of the last century, very specifically when De Beers and Co. financed the Anglo Boer War of 1899-1902, learning a lesson or "tTOo" [sic] from US General Sherman less than half a century earlier when he laid waste to the farmlands all the while dunking his fat cigars in whiskey to assuage his guilt, and in the process enslaving and murdering some 10,000 Black South Africans in DeBeers-US-British Concentration Camps along with some 20,000 Afrikaner civilians, so you must now pay for your sins against both God and humanity.

The fact that you find comfort in great numbers of numb, emotionless, but now thanks to me, increasingly spotlighted for the entire world to see, who share your

so debauched value system all about hooking the masses on worthless-fictitious and so very blood stained DeBeers-US Dollars allows you to of course do more than still breath, fairly easily, but increasingly and exponentially less so, as you consider the ever exponentially increasing numbers of those not getting their fair share of the graft-spoils of diamond tipped drilling bit oil wars, waking up big time to your debauchery.

I bet you never once thought of yourself as a hypocrite, let alone such an extraordinarily spotlighted hypocrite increasingly being spoken about not just in soup kitchen lines but amongst US military personnel also WAKING UP BIG TIME to how these "bail outs" for the lazy filthy rich not just in the United States, but mostly so, are all geared to maintaining the economic draft that feeds most of all those Trust-Hush-Funds of good for nothing nonsense talkers who with each forward tick of the clock get the smirks that much more removed from their ugly disgusting faces.

Moreover, there are some 3 million odd, mostly Black Americans in jail here in the United States and their crimes don't touch sides with the genocides of those that keep them imprisoned.

Most who know me would agree that I am a pretty good "numbers person" so let me know if you need help with the math when computing how your mind right now feels increasingly like moosh while those still suffering horribly from your role in the so contrived recessions/depressions are increasingly feeling invigorated.

Now give me a quick 10 push-ups using both hands and now 5 push-ups with just your left and now five with just your right.

You would have despite the space between your ears looking increasingly like Deep Space still able to appreciate how the DAAC, who interfere with the light continue to operate under the cloak of white gloves, so easily able to infiltrate grass roots organizations that on the surface look so very peaceful such as Green Peace but who "see fit" to resort to violence when taking on their "own".

Don't you feel just a wee bit ashamed knowing the very significant numbers of people just wetting their pants seeing how very transparent are you so disgusting, so weak kneed people, who so shockingly make a living on the backs of the poor who are not stupid, simply grossly misinformed, and so dirt poor and of course so busy just trying to get through each and every day, never being afforded a single moment to "come up for air", but increasingly less so as I take you scumbags on one most extraordinary Educational Light Journey.

Again, I appreciate you increasing the circle of those dependent upon my insight and analysis of the important events of the day. Your contribution is greatly appreciated.

Not to mention, you will recall me mentioning that within Deep Space no sound as we know it can travel which doesn't prevent the good and smart Lord from using

His-Her technology, namely electricity, to create the light bulb effect for others to begin like never before avoiding you like the plague.

Trust me, you can still understand that I am able to explain both the "Mind of God" as well as the "Hand of God" using math and science at the highest levels to kids of just elementary school age, allowing them to question first their parents, followed by their teachers and finally their corrupt clergy who dare to suggest that there is any conflict between Creationism and Evolutionism; that all the conflict that exists is manmade by the corrupt politicians and corrupt clergy all with their hands out feeding off the hard working poor, only just now waking up to your diabolical chicanery.

In the middle of the night last night my very brilliant French-Canadian wife who has only visited South Africa once, back in 1995 when I was offered for the second time to take over from my uncle David Gevisser as the American head of the DAAC, nudged me and said, "Are you awake?" before downloading in her so cute, so very sexy French accent another of her extraordinarily unique and so very easy to understand ideas to "give peace a better chance" while having as her "Art Peace" roots the resuscitation of the long lost art, in the western world that is, of "art appreciation", by making it so very easy for individuals and corporations to feel good about "saving their own skins" while lighting up the imagination of kids of all races, all ethnicities, all religions, again throughout the world much like what the great peace activist David Ben Gurion envisioned when he advocated,

"Let the Children of Israel be a light unto the nations."

I have already taken the first step in "activating" Marie Dion's "duffle bag ideas" by inviting this one former very successful female investment banker who I believe shares our value system for sunset drinks at our rented most awesome great art and love filled studio home this evening.

One would think that with my wife's very good looks, not to mention yet again sex appeal, she would be able to win over each and every board of every public and private corporation throughout the world; and of course if called upon to help out more I would surely do so, just so long as it doesn't interfere with my F-C wife's multiple needs, but at the same time I would be so very foolish, and so very defiant of our only One God to give people such as yourself so transparent in your own selfish agenda, a moments rest.

Not to mention that when the Jewish South African Krok brothers of Twins Pharmaceuticals were making their first fortunes selling skin lightening creams to millions of Black South African women, resulting in millions being permanently and hideously scarred, do you not think the CIA spearheading the South African Apartheid Regimes biological weapons program, weren't laughing themselves silly.

To mention little how in late 1989 my cousin, journalist-author Mark Gevisser, son of David Gevisser, the major benefactor of American Charles Engelhard an "open

supporter” of the US’ Apartheid Regime for some 45 odd years, first thought it would be smart for him, a “nonracial liberal”,

to write a derogatory article that was to be published in the New York Times about the Krok brothers who had financed a Broadway musical, “Meet Me In St. Louis”

because these rather ugly people had failed to include a single Black person

in the entire most pitiful production, but by the time I had finished mentioning to my botox-baboon-looking imbecile of imbecile's cousin that he should first examine very closely the funding of his Trust-Hush-Fund, courtesy of racist of racist Charles Engelhard assassinated finally, thank God, by the Mossad, all you could hear on the other end of the phone was, "Ugh!", and of course Mark Gevisser decided to then "lay low".

To mention in passing, Mark Gevisser is today not alone in not ever forgetting my most thoughtful decision to break a 24-year deafening silence with his DAAC benefactors on November 11th, 2004, soon after my last conversation with my Royal Mater who advised me "clear as a whistle" after I mentioned how my uncle Dave's name was so conspicuously absent from Chapter 18, THE AMERICAN CONSPIRACY, "Are you not concerned for your life?"

Now place this [s hyperlink](#) on your very elaborate website taking your viewers to Hollywood blockbuster author Edward Jay Epstein's, The Diamond Invention.

Can you touch your toes?

Do it again and this time follow up with 10 push-ups as well as 15 sit-ups.

A fairly athletic man probably close to my age and extraordinarily hairy just jogged by the cliff house.

Now two far more pleasant looking people, beginning with a relatively young lady just passed by running much more smoothly in the opposite direction.

Do you think it would help you focus that much better if there was a live cam on just3ants.com and when I see out of the corner of my eye a very hot looking person, especially a woman, I send out an instant message to everyone on my email list?

Trust me again when I tell you that in all the years I have been living here there is no one who looks anywhere close to as cool as MDG with or without clothes.

Earlier at 12:31 PM Helicopter 8 blew by once again:

Just as it did on Wednesday, February 20th, which resulted in me writing their chiefs Fred D' Ambrosi & E. Trimble this sheavily broadcasted missive that included the photo above.

Sidebar to Fred & Co. – Would you be so kind as to have Helicopter 8 flyby at sunset this evening!

Ms. Wallace, how would you like to be stripped naked and tied to tree before being administered poisons paid for mostly by the world's hard working poor, just now waking up to the fact that you are not very nice people?

Assuming you have decided to go on a starvation diet in an effort to empathize with my 6 million first enslaved and then grotesquely murdered Jewish brothers and sisters and therefore not thinking of feeding your fat cancerous cells, would you just try as hard as you can to imagine yourself as one of many,

Naked black South African men tied to trees, smeared with a poisonous gel and left overnight to see if they would die. When the experiment failed, they were put to death with injections of muscle relaxants.

Do you think when Hilary Clinton thought it smart to shout out loud yesterday that the US should boycott the Opening Ceremonies of the Beijing Olympic Games she and her advisors were mindful of the fact that her husband was President of the United States when the CIA had no difficulty getting incoming President of South Africa, Nelson Mandela to keep under "lock and key" the United States Government's sanctioned biological weapons programme of the South African Apartheid Regime?

Don't you find it rather disturbingly funny that the US media continue to brainwash US Americans, thinking that China is so very brutal and worse yet these people who "live to learn" versus US Americans who "live to eat" and mostly "talk sh*t" [sic] cannot even examine the past 100 year history of the United States for fear that if we do somehow the Chinese who don't fall asleep at the wheel, who set the

scholastic levels wherever they travel will also wake up to why it is that US Americans take first prize in hypocrisy?

Give thought to the names you see in the carbon copy section and imagine those in the blind copy section some of whom only have a slight idea who else is blind copied and for those who do not see a partial list of those in the blind copied section they too can use their imagination all the while quite certain there is nothing "rubbish" about my mind that has been rather well preserved despite growing up in the United States of America's most repressive South African Apartheid Regime that was not restricted in terms of using its brutality on the overwhelming majority of Black South Africans numbering some 40 million.

Yes, the long reach of the South African Defense-Offense Forces spearheaded by the CIA with total authority granted by the 3 Branches of the US Government reached places such as Rwanda and the Sudan.

The fact that you have managed to get away with your deceit for so long does not mean you will be allowed a moments peaceful night rest from now on until you meet up with our smart but extraordinarily vengeful God.

God help you!

Sincerely,

Gary S. Gevisser

Ps - Even if I don't survive to see your disgusting name added the "**\$ hit list**" [**Sic**]! on just3ants.com now consider yourself in the company of your peers.
