Subject: REMEMBER ME! - RE: Ignoring our truths

I take it first of all you are aware of the very open political comments of one of your State Department Officials, Mr. Glen Warren or more specifically Mrs. Warren who benefits from a US government pay check paid to her husband who according to his wife is incapable of executing his fiduciary responsibilities to the current Commander In Chief of the United States President George W. Bush, given how much Mr. Warren detests President George W. Bush.

Not to mention, Mrs. Warren letting me know in the summer of 2004 that when her husband was the chief foreign press liaison officer working in highly sensitive central America, again for the US State Department, he never thought it appropriate to simply resign and move back to his multi-million dollar home in heavily corrupt Del Mar, California.

To mention little of when later in court the real estate agent, Ms. Lori Goetz who was lying through her teeth told the judge, getting his bread buttered by heavily corrupted real estate people, that Mr. Warren was working for the Peace Corp.

The masses will more easily fall victim to a big lie than a small lie - Hitler

Moreover, I don't think you would have any trouble getting a transcript of their atrocious testimony all given "under oath".

At least equal in importance for all of you in the U.S. Embassy there in formerly Rhodesia, named after Cecil Rhodes, founder of the monopolist De Beers, and from whom we are "honored" with the Rhodes Scholarship, is that just a few months later, on November 11th, 2004, to be very precise, I broke a 24-year deafening silence about my intimate knowledge of the De Beers-Anglo American Cartel, the price fixers of price fixers, who control of each and every country where the United States has a physical presence beginning with southern Africa sitting atop rich mineral resources.

You can access that "Remember me!" communiqué with Codiam Inc., De Beers principal money laundering and intelligence gathering operation on U.S. soil by clicking [HERE](#).

Below again is the front cover of the FedEx package addressed to Mr. Warren which I handed to Mrs. Warren when she was visiting their multi-million dollar home here in Del Mar that resulted in her so mouthing off about how very difficult it is for her husband to do his job given how neither she nor Mr. Warren have any respect for our Commander In Chief.

Subject: RE: Ignoring our truths

Would you care to comment on Israeli Chaim who looks so very similar to my cousin Jonathan Gevisser, since arriving in the United States some 35 odd years ago has had to "play the game and still keep it straight"?

What about your thoughts on people like Jonathan Gevisser spending a lifetime trying to help educate impoverished Black South Africans, now waking up in his mid-50s to the fact that he has not only been "chasing symptoms" of problems, but his first cousin, author-journalist Mark Gevisser along with Mark's father David Gevisser have been laughing their heads off at the likes of Jonathan Gevisser under the guise, "The road to hell is paved with good intentions".

Now what do you think of those who cozy up to people they know beyond a shadow of a doubt are "users to the nth degree" with no moral compass and who would sell not only their immediate family for money, but each and every one of their friends including those who know all this but choose poorly to cozy up to them because those doing the schmoozing take no fault with "ignoring their truths".

Can you give me examples of such people along with their email addresses?

And thank you again for allowing me to add you to the "\$ hit list" [sic] and in the process increase the circle of those dependent upon my insight and analysis of the important events of the day.

Thank you again.
