**Subject:** SPECIAL - horses for courses - shirt idea

Thinking of "specialties" and both you and I knowing about "sticking to our knitting", would you be all that surprised that apart from the "Gun-Money-Power" throughout the world, and of course in that category I include all Commanding Officers of Israel's Special Forces units, so very few people reading this 1692 email I sent earlier to Adam L. Tucker, including ALT, have ever bothered to read that invitation I sent out to Daniel Lewin's business partner, Randall Kaplan, co-founder of the hugely successful internet algorithm public corporation, AKAIMAI which I believe is "lucky" in Hawaiian.

Moreover, even when they read the "crux" of such an important communication which says in bold black type and underlined, "**No financial projections were ever prepared**", they still don't bother to go to the start of the communication to look at my first point that I was choosing very carefully my first very public communication, some 9 odd months prior to 911, to coincide with the 27<sup>th</sup> Anniversary of the passing of David Ben Gurion who passed away some 12 months to day after I first met with him on November 1<sup>st</sup>, 1972, some 57 odd days prior to De Beers-US sponsored PLO terrorists beginning to brutally murder 11 defenseless Israeli athletes at the MUNIch Olympics.

Not to mention that as far as the deep underground Jewish Underground spread throughout the globe was concerned, Ben Gurion who was the first Prime Minister of Israel to have the Mossad reporting directly to him remained the head of this most brutally wired intelligence institute until he took his final breath, again December 1<sup>st</sup>, 1973 some two months following Israel's Yom Kippur War where Israel came ever so close to using its globe spinning stopping, most advanced nuclear weapons.

To mention little of how on January 21<sup>st</sup>, 2001 with hours remaining in his Presidency, Bill "DeBeers-Rhodes Scholar" Clinton went along with the "request" by Ehud Barak, the head of the Mossad and back then of course Prime Minister of Israel, to grant oil trading traitor, Marc Rich the most inexcusable, most bizarre of bizarre Presidential Pardon; bearing in mind that not only had Rich been most of all treasonous to the State of Israel who has never considered the US Government "a friend of the fledging State of Israel" going back all the way to President Roosevelt meeting King Ibn Saud of the House of Saud, Saudi Arabia on board the US destroyer, USS Quincy on February 14<sup>th</sup>, 1945 some 12 days following the Russian Red Army liberating Auschwitz, but Mr. Rich while a "fugitive from US Justice" and of course "living the life of Riley" in Zug, Switzerland, no different to all most senior enemies of the State of Israel who come in all shapes and sizes, ethnic backgrounds, and different religions, only one thing in common their loyalty to one another born from their unadulterated "love for money", Mr. Rich voluntarily relinquished his US citizenship.

To mention in passing that of course as one examines the evidence and need I remind you, a so very skilled and experienced shareholder class action litigator,

"proof is a function of evidence, the better the evidence the better the proof", the only thing a "reasonable person" could conclude was that both Clinton and Rich wanted that Presidential Pardon like they wanted a Mossad bullet fired in to the back of their heads.

You also know that the Mossad gave US intelligence services a "heads up" a full month prior to 911.

You haven't forgotten that I was communicating with the partner of the first casualty of 911 some 9 odd months before 911.

Nor have you forgotten how I covered a myriad of subjects in that not all that long "invitation" including how our Maggie didn't care for this Amazon of human being wanted to give her "tongue".

Then of course you recall how my very literate, and very much to the point, French-Canadian wife Marie Dion Gevisser and I composed our Z Question for Albert Einstein on December 1<sup>st</sup>, 2002, to commemorate the 29<sup>th</sup> anniversary of Ben Gurion's passing, that again few people apart from the "gun-money-power" ruling elite have bothered to read not just once but of course time and again.

Most of all you recall assisting me edit my very carefully crafted "risk assessment" memo to file which I sent Bill O'Reilly of the Fox Network on July 23<sup>rd</sup>, 2002.

To repeat:

**Subject:** Epilogue to Manager Minute One

The collapse of the stock market here in the United States is all but certain. It makes no sense that a publicly traded company should be valued more than a private business which generally sells for between 3 and 5 times predictable earnings plus liquidation value, i.e. "less goodwill blah blah" [sic]. And remember management of private companies are much more accountable assuming they have the checks in place for their "**audirtors not writely balanced**" [sic].

Publicly traded companies with their diverse shareholder ownership allow management much more flexibility to mix things up, taking with the right and hooking the owners with their left, lefties to boot. Right now the smart money has left or is in the process of leaving the markets in

search of "**safer heavens**" [sic], safe harbor provisions a thing of the past.

President Bush should do the smart thing and immediately suspend trading of public corporations, thereby protectING the innocent and naive who are simply throwing good money after bad. Those well run public companies should have no fear for they will be at a competitive advantage relative to the capital that has been so smartly socked away.

The scars of 1907 remain on the masonry buildings housing the stock exchange of Wall Street. The fundamentals of the economy at that time were much worse than in 1929. One man J.P. Morgan saved the day, not so lucky for the victims of 1929. His tory has a way of repeating itself but today the "**risk markets**" are more fragile than at any time in history.

**"Risk assessment"** is my business.

I assume that if you are in town you having lunch at Rainwaters right now and so I will take the liberty of once again copying this fine restaurant and perhaps make you a hard copy. Assuming you haven't yet had dessert, perhaps you could call the house line here at the cliff house or have the staff at Rainwaters email me back; it would take me no more than 20 minutes on the superfast Ducati ST4S to get downtown, although I think I need to put in gas.

Come to think of it maybe we could use your cell phone to call my Royal Mater-Mother, Zena or my cousin journalist-author Mark Gevisser.

**Subject:** HORSES FOR COURSES - FW: shirt idea

And btw I know you have forgotten the expression, "horses for courses" I tried to impress upon you yesterday during our hour or so "dialogue".

Try "thanking me" by spelling out how that translates in to you thinking you can draw it even though I am quite certain you could possibly do as good if not better job than [Jonathan](#) who has still great gifts beginning with his extraordinary knowledge of the "arrogance" of each successive generation of Americans who take out their frustrations on each successive generation of American kids who are increasingly fed up with the bs and why they much prefer to emulate "gangsters" in their dress than FBI cops.

Jonathan, however, does not have close to your "touch" in grabbing hold of massive amounts of relevant email addresses at nothing short of light-speed.

Jonathan is extraordinarily selective in the information he "downloads" to me; bearing in mind, he has been pretty much for the past 15 odd years half the time in my and his extraordinarily math wizard-logical thought processing mother's custody and has also traveled quite extensively with us both to both sides of Canada, England, the European continent and south America.

In the half hour we were together this morning as I made him a most delicious cheese, onion and egg in the grill which I also used to make him his avocado, cheese and onion sandwich on the rye seeded bread you shared with us yesterday; bearing in mind he is violently allergic to rye, the only thing he told me as he also went to work on updating the "\$ hit list" cartoon was that his one friend who lives in Solana Beach right near you and who works at the surf shop Rusty Del Mar on 15<sup>th</sup> street in downtown Del Mar cannot afford the gas to travel to and from work and is now walking.

Did you know that the porters in Peru who carry some 60 kilos on their backs up and down the steps at the most dizzy heights leading into Machu Picchu, in stretches of 5 days and 4 nights, are close to 12 inches smaller than you, and they do this not only with a smile on their faces but each and every day, come rain, sunshine, hail and snow, not to forget the high winds.

Do you remember I have that list in an excel spreadsheet on the computer you are using containing the email addresses of some 600 highly educated Peruvian guides like Patricia and Augusto Benito Vargis who might want to at least see this not all that great photo of Marie and me at the Dead Womens Pass high up in the Andes.

Did you know that my wife Marie Dion Gevisser is a most excellent oil painter which first of all means that she can draw extraordinarily well a skill that so extraordinarily few people who call themselves artist have; moreover, to make the "jump" from being able to draw to being able to paint in color is like someone who can walk a hundred meters, taking as long as they want, just so long as they don't trip bearing in mind that their only requirement is to walk at a snails pace on an athletic track where beforehand all obstacles including ant sized ants have been removed, no chance of even the smallest blade of grass possibly causing any slippage and if so and the walker falls it would not foul them out of being a contender versus sprinting the 100 meter dash in less than 9 seconds.

Again, "Horses for courses".

Ps - Do you ever remember this photo below of my maternal grandfather Albert-Al Badash-Ash standing at this stand at the Durban Horse Race Track.

Al is on the left.

This photo of Al below

was taken in Lusaka, Zambia not long before his death in the early to mid 1960s.

Do you recall me mentioning that my father's sister, Daphne Gevisser Molk before moving to Denver, Colorado, USA

lived in Lusaka, Zambia, their home eventually became part of the Chinese Embassy.

Notice that Daphne when communicating with her brother, my dad, Bernard Bernie Gevisser used The Moshal Gevisser Group of Companies P. O. Box address and not their headquarters street address, 173 Madon Road, Durban, South Africa.

You recall me mentioning that one of the many Moshal Gevisser Group of Companies was Gipsy Coffee and Tea

It's  
**EVERYBODY'S**  
cup  
of  
coffee

**BECAUSE . . .**

apart from being instantly made, it is so richly satisfying. Full-flavoured Gipsy is processed from the finest coffee beans. Gipsy is consistently good: economical also — a highly **concentrated** coffee. Drink Gipsy hot . . . drink Gipsy iced. Ask your store for Gipsy Instant Coffee today.

Rosmarin, Mr. M. D. Dyal, Mr. A. Zingol, Mr. M. Epstein, Mr. Alan Zulman, Mr. Stephen Hackner, Miss S. Price, Mrs. S. Hodes, Editor (Hashalom).

Notice first of all that my father Mr. B. N [Nathan] Gevisser was Chairman of the Durban Jewish Club.

Next notice under the CONTENTS, the last **Long Short Story of Masada** that was written by my Royal Mater-Mother and published in the Hashalom some 5 odd months prior to the official start of the Arab-Israeli 6 Day War of June 1967 when Al Ash was long dead and buried.

You will also notice when going back to the list of EXECUTIVES the name of my step-father Alan Zulman and before him the name Mr. M. Epstein who I believe was involved with the "Aldred Sidarell" [sic] financial scandal; Mr. Sidarell after hoodwinking a whole bunch of investors both Jewish and Gentile escaped with his ill-gotten gains to Israel where the joke amongst the Durban Jewish community was that he was an Egged bus driver taking people for rides.

Did you notice that you are not laughing and nor is a single Jewish South African or for that matter a single Jewish person in the world reading this heavily broadcasted communiqué still wondering, however, how you find the time in your busy schedule

to think of add-on cartoons when we have yet to put to bed the first cartoon, let alone waste my time letting me know all the so boring things going through your head.

Do you recall the significance of this photo taken of me shaking the hand of Rabbi Schneerson who to most ultra orthodox Jewish-Black Hatters, certainly the overwhelming majority who work on 47<sup>th</sup>-Wall Street New York City, mostly congregating and sharing intelligence amongst themselves on non-religious Jewish people spread throughout the world, is still considered the "Messiah".

Again, it took "big bucks" to be in a position where the Black Hatter to the far left of the photo would had the person coming up to shake Rabbi Schneerson's hand a One Dollar US bill which the Rebe would then place on the bluish velvet cushion making a little pile that the Black Hatter, again to the far left, would pick up when his handful got depleted.

Interesting this ritual of handing worthless-fictitious US-DeBeers Treasury Notes to the head of DeBeers' Black Hatters who overwhelmingly don't recognize the State of Israel; moreover make it their business-personal to fraternize with the enemy.

So can you think someone like Jonathan needs helps in coming up with a cartoon to spell out who exactly is the enemy.

Do you recall me telling you that [at](#) the time I met with Rebe Schneerson in late 1989 I was doing one of many assignments

for Solly Krok of Twins Pharmaceuticals

South Africa, who had paid for this "courtesy visit" to this very gun-money-powered Hasidic-ultra-orthodox-Jew.

Not to mention that my Royal Mother-Mater,

Zena flew over to New York for the premier of the Krok's Broadway Musical, Meet Me In St. Louis.

It very possible that it is Alan Greenspan in the background to this photo above, sitting next to one of the Krok's trade financiers, a gay gentleman who went to Durban Boys High School in Durban, South Africa that my father and his friend Chunie Tomson attended back in the early 1930s.

Not to mention that Chunie, the father of 1979 World Surfing Champion, Shaun Tomson, lost a chunk of his arm in a sharp attack when swimming in Durban's Bay of Plenty where [Shaun](#) and his cousin Michael, also a top surfer, first "cut their teeth".

To mention little of Ernie *Chunie* Tomson most likely would have represented South Africa in swimming at the 1936 Berlin Olympics were it not for this tragedy.

To mention in passing below

is a photo of Shaun's younger brother Paul who came to my New Beginnings

Party on December 10<sup>th</sup>, 2000

I am on the left and Paul's girlfriend at the time, great smile in front.

You recall the rather noteworthy Invitation that I first began sending out on December 1<sup>st</sup>, 2000 to coincide with the 27<sup>th</sup> anniversary of the passing of David Ben Gurion, the first official head of the Mossad; such a communiqué addressed to Randall Kaplan whose partner at AKAMAI, Daniel Lewin, an Israeli Special Forces officer in [Sayeret Matkal](#), mostly likely the first victim of 911 as he flew on American Airlines Flight 11. Click hyperlink below:

<http://www.nextraterrestrial.com/pdf/My%20last%20Peace%20-%20Introduction.htm>

Now this photo below is one you haven't seen all that often

taken at Darryl Hannah's parents' estate in Telluride, Colorado; and just trust me that those two young women in the photo with me either side of the very funny pig were not exactly dogs; bearing in mind that Darryl wasn't around at the time but her and Jackson Brown's very good looking and most awesomely athletic Black American best friend who first invited me to this one of a kind weekend party where I don't believe we got all that much skiing in, was most entertaining; I just forgot his name but he is married to a White American and very possibly still plays paddle tennis at Darryl's and Jackson's home in Santa Monica, assuming of course they are still together.

Again, "Horses for courses".

Do you think Ami Ayalon, the most important and feared Israeli Special Forces Commander alive today would allow a single Black Hatter in to the ranks say of Israel's most brutal Maritime Special Forces unit, Flotilla 13.

Why not email yourself or have someone you know email Keren over at the Office of Israeli Defense Department Attache at the Israeli Embassy in Washington, DC and ask her opinion.

Again, "Horses for courses".

Giant tin can with ants crawling out and a label with an American Flag on it, and a large can opener with the words "just3ants.com" written on it.

Open up a can of ants [sic]

I think that I can draw this, can I come by later this morning and also do some laundry?
