My F-C wife feels that you are going to "jrk" [sic] her around and even though she would charge you \$5,000 or something like that which for a logo is very inexpensive but that is "not my main business, I am an artist."

I asked, "Is that an hour?"

She responded, "NO, for the whole thing which is probably no more than 12 to 15" hours.

Right are there are 3 guys in primary color standing in front of our cliff house watching the sunset.

Now her almost 16 year old son is commenting something and MDG is commenting something, "... It is ...will attract a lot of attention."

Marie Dion Gevisser

, "You would have to prove that you are not saying 'no' just to say 'no' but that you are actually bringing positive improvement; i.e. bringing a critique that is solution oriented because I cannot read your mind, although its seems pretty simple".

Let's see how you can now distract, you understand perfectly well "my china" the importance of "superFISHal" [sic]people in this great, awesome "game of life" that like the game of chess is getting your opponent to play to your advantage.

MDG, "This is my last communiqué on this subject until I see the money, half down + what is the history of the product, your demographic client, what's your goal? And after the \$2,500 has expired I will charge you by the hour, you can do the math!"

Hey Gevisser

When it comes to business, I expect nothing for free..
If she wants to bater for a lil free lovin, Ill gladly accept.....
she sure aint ugly..

K so that Logo she did for the T, is really brilliant..
I need some-thing like that, that has numerous messages, the "ZuluCheesecake"
is just that, Im hoping the appeal of the name would conjure interest, but with
a killer Logo like the T logo, would certainly drive traffic..

So ask her for an price, and lets see if we can gain some mutually beneficial
advantage..

Also that guy who thinks you are ugly, maybe he has bad taste.....but that
episode is way gone from my mind...Please move on..there are lot more important
things going on...I think you have been very good to him. You have allowed him to have a major
break through,
he now feels confident, and absolutely powerful.
"The penis is mightier than the sword"

So get back to me on her response...Im excited

Mike

[Michael Awerbuch](#),

I don't know if he is getting better?

He doesn't have much to do.

Who is this guy again that you wrote to?

Again, your words:

Im dont think we have met, my advice, leave this prick alone!!!! I knew him as a kid, he was normal, I have no idea what happened. I think possibly its genetic, his brother Neil is also some-what strange!!!! Gary obviously has some serious issues, and the mother-fucker is totally vindictive!!! IRS or what ever the flavor of the day is, he WILL fuck you in the end, he has nothing else to do. I think he is totally delusional, as is 99% of whatever it is he is talking about.. But he works like Walmart ---Volume volume volume...LOL He speaks so much crap, that the remaining 1% is possibly more reality than the average human being is capable of dealing with... Gary is Super Smart, and is on a mission of mammoth proportions, hence the people he copies on his emails.... My advice once again, you better off steering well clear!

You sent me an email the other day asking whether my not exactly ugly French-Canadian wife

would design a logo for your "zulu cheese cake".

Why would she?

Why would you ask?

Just looking for something free?

How much more spotlighted can you be?

Focus on just3ants.com as are others, much more intelligent than you!

Yeah, the fucking President of the United States is going to read this shit. You are so ill or maybe you're just a fucking moron?

Do you think the fact that you are the ugliest mother-fucker in the entire world drove you crazy? It must be tough to be so fucking ugly; no wonder your mother hates you.

So where is my phone call from the FBI? Why won't you give me your phone number?

Is it because you don't have a phone (homeless people usually don't) or is it because you are a fucking pussy?

I know that you're a paranoid, delusional mental case but it seems like you're a total pussy as well. That's not a good combination, especially for somebody as fucking butt-ugly as you. I don't blame your family for disowning you; I wouldn't have anything to do with you either. It is fun to taunt you though; you are so fucking stupid and so full of shit. You annoy and pester people so it is fun to pester you back. I know I shouldn't make fun of the mentally handicapped (YOU) but it is so fun and you make it so easy.
