The reason that I don't sound the same, is because I am waking up to the REAL world, which neither you or anyone in the family has ever addressed unless it pertained to how to leverage it for financial gain.

Gary will be ~~cont~~acting you via email to answer your questions and concerns.

Adam – no one asked you to put the cabin in better shape than it was before you got there unless you are cold and you have insulated for yourself all the windows and doors.

Stop with your nonsense.

You keep forgetting who I am.

If I wanted a handyman I would hire handyman Marie and have you be her assistant and for you in order to have the pleasure of watching her sweat and stretch to pay me something that is equally priceless.

Don't think I don't know how to play stupid.

Your also taking your time in getting the website to the point that it attracts funding is equally inexcusable.

The fact that you think because you tell me that you lie that it is okay to lie does not mean I accept you lying.

On the contrary, I have explained time and again what it is that you are doing to waste time thinking that I will be so dumb as to let you just keep milking me.

Does it look like I have the same size tits as Marie?

You mentioned in your one email to your real estate parents that you are living off savings. How much savings exactly do you have including what monies you got from the sale of shares.

Again, every movie you watch, every “stacked” chick you look at it, let alone everyone you visit with that has you “poking fun” at me and Marie who you understand needed me to let her know that you are really not all that cute, costs only you because my gains are “priceless”.

Don't you just love the appropriate use of the word, “also”.

I journeyed down a long and windy path to get to the position that I am in today.

Of course I don't expect you to suddenly stop trying to fuck with me because remember I understand perfectly well, “The Truth is Irrelevant” to everyone including you.

I, on the other hand, have a knowledge of God that prevents me from ever being discouraged, so long as I do my best and when that is not enough to do whatever is necessary, to protect my most valuable “human assets”.

You also perfectly understand that so long as your mother and father have assets worth more than the paper it is written on, you are no different to JoNathan and Danielle thinking they have every right to take their crooked Sperm Donor's ill-gotten gains which only requires that they continue to suck up to him which they have no difficulty with whatsoever because again they like you believe deep inside their soul, “THE TRUTH IS IRRELEVANT”.

They also know because they are not complete idiots that there is with each tick of the clock increasing possibilities that not only will their as well as your Trust Fund be worthless but there is both Marie and me STILL HERE who understand perfectly this “waiting game” all those who subscribe to “The truth is Irrelevant”, are all playing.

Fire is not the only way to level the playing field.

Two days from now will be the 35th anniversary of my meeting David Ben Gurion which occurred some 57 odd days after DeBeers sponsored PLO terrorists began brutally murdering 11 defenseless Israeli athletes at the 1972 Munich Olympic Games.

For several months I have mentioned to you that you should watch the introduction to Spielberg's epic 2005 movie, MUNIch which you have seen now time and again at our sacred Stone Home which you keep repeatedly failing to do.

You of course have lots of excuses but nevertheless find the time to do things I don't ask you to do.

You of course recall very well Marie saying that she would enter in to a contract with you to do different things beginning by you giving her a "read" of how much insulation would be most appropriate when gauging the energy lost from fire place.

To the best of my knowledge Marie has yet to provide you with a contract that of course she would first run by me which I would then summarily toss in to the fireplace because I would assume she was just toying with me in an effort to "distract".

You may think you have the excuse that you were stoned from the medical pot you were smoking for control of your Chromes Disease but of course that does not fly with me because very simply, here you are doing things around the sacred Stone Home that you were never asked to do while failing repeatedly to fulfill your "end of the bargain" to have up long by now a very attractive website that I could increasingly care less about.

Do you know of one person who has lived this long exposing the sort of corruption I am doing and who hasn't done it from inside a padded 10X15 prison cell say at Marion Prison?

The utter garbage you wrote me about this "stacked" Elise now doing her homework and I assume on both you and me, is another thing I haven't forgotten.

Nor have I forgotten how you could have got her last night to walk with you grabbing of course your "kiD" [sic] to a wholesale-retail diamond money laundering store and videotaping her wetting her panties getting so exited about you buying her both an engagement and wedding ring.

Are you out of your mind to think that I would buy into for a second your suggestion that she is now doing "homework" on us when you had that 154 minutes
+++++ for her to see as crystal clear as Mr. Jeffrey R. Krinsk Esq. and every single person on my primary email list how very easy it would be to make DeBeers the "laughing stock" and each and every person who walked in to one of their money laundering operations, at least one on every main street in America.

Now go out and count the number of mountain lions circling the cabin + possibly at least one running back and forth in the attic.

Peace brother!

Subject: LIGHT WITH THEIR WORDS-you are so controlling

Continuing...

Your phone call got me up and now I have all this nonsense from your family that does not, however, distract me from the suggestion I gave you the other night to flush out all those trolling not only the Internet seeking partners while putting on quite the façade but the bar scene like your mother.

Tell me what you think of her response and come tomorrow, all being well, I will respond most likely to your mother, her X-husband, your father as well as all their lawyers who may agree with your father in the last communication he sent you,

"You stole money under the pretense of solving problems for your business."

Pretty harsh language coming from your next of kin, *"light with their words"*.

You understand perfectly well why your father, an X Israeli soldier who witnessed first hand the importance of oil in all US sponsored oil wars feels the need to let me know he is "not a violent man", wants to meet in person when also the interpretation of "He said-I said" because much more subjective.

While of course, despite your father "towering over me", well over 6 feet you say, much like The IT, although no doubt in a whole lot better physical shape than the slimeball of slimeballs, it is highly doubtful Mike Tucker would dare to do much more than all that he is good for, to threaten to intimidate.

And given how very confident I am about my ability to defend myself "one on one" it would be foolish for me to also waste my time in meeting with him when he can now explain in simple English what exactly he does not understand about either my writings or intentions to all the appropriate authorities who I strongly suggest begin their investigations in to any and all possible misconduct including the cover up of crime-s.

Moreover, your father's latest words, I think you would agree, are rather troubling. To repeat:

Don't quote to me any more regarding the economies problems because I am busy trying to pay off your debts so you don't end up in jail. Don't bother to thank me cause it is my responsibility as a father and a man to take care of what happens in my life. I do not regret the decisions I have made for you or any other people I care about. As long as I can work and That will be as long as I need to , I will continue to love you and hope you can wake up before it is too late to turn into a man and assume the responsibility of taking care of what you cannnnnn control that is right in front of you. Nobody is listening in other places to you or Gary's messages cause the too are trying to live and give.

Adam, as you know I don't agree with all your actions including your decision to spend monies I have advanced you to keep your head above water while you find a path to financial independence without me being so very reckless to "throw money at a problem", making you my co-dependant, to entertain yourself and dates you have arranged from internet websites such as jdate.com and match.com.

But it seems that your "transgressions" towards me are rather pale in comparison with not only your so "loving" parents but your entire family's knowledge of the US\$2 million your uncle Pete received in a suitcase that according to you went directly in to the

funding of his plastic corporation without a single member of your family apparently thinking this was anything more than what it means to “give”?

I also know better than to give any “problem child” any slack given how there no such thing as a “problem child” only a “problem parent”, so why would I therefore want to contribute to this ever widening “credibility gap” which only poorly conditioned parents having a whale of time producing offspring just like them who when they turn out rotten like them refer to the “problem” as a “generation gap”.

Now of course I have already gone on far too long for all those including parents suffering from Absent Parenting Disease.

Again while your actions to be dating “on my nickel” when you cannot afford a pot to pee in are unconscionable, they are not quite as egregious as again either the criminal actions of your uncle Pete that neither of your parents saw fit to “insulate” you from or those criminal actions you have apparently perpetrated in a real estate business your father handed over to you, knowing full well you were not equipped to manage, given all your prior experience that now has your so “loving” parents stating in “black and white”, would have you in jail were it not for their intervention.

So very quick are those with “blackened hands” to point an accusatory finger when of course they also know no better which has everything to do with the fact that such people “the truth is irrelevant”!

As I suspect all your family are fully aware of the dialogue I have opened with the Office of the Israeli Defense Department Attache at the Israeli Embassy in Washington DC, all in an effort to patiently and methodically expose all the corruption from both the top down and bottom up in an effort “to give peace a better chance”.

Israeli Military Intelligence have yet to publicly explain their not so top secret report that states categorically:

Immediately following the 2008 Beijing Olympic Games, Al Quaida will launch a series of attacks on the oil fields of Saudi Arabia, Kuwait and Qatar that in the next instant will paralyze the US economy.

But of course even your “money, me” family who of course want to forget about war when they don't have to fight in it perfectly understand not only the “dire straight” implications of such an ingenious report but why I would be so very “trusted” to be the only “civilian” in the world to be broadcasting what is a doomsday scenario for all those profiteering from cheap oil flowing in to the US including oil byproducts such as plastic.

God forbid I were to suggest that it is nothing more than “The Hand of God” at work that also has me feeling “on top of the world” without any fear of what tomorrow will bring even if it meant a reckless act by a US Attorney to have me thrown in prison under the Patriot Act when I am in fact the most fervent supporter that we have the US Justice Department do their job and shut down the DeBeers Anglo American Cartel who for more than a century have poked fun at US sacrosanct Anti-Trust laws.

Adam, you understand this whole nonsense with your pathetic potato-head family is all small fries.

Of course increasing the circle of those dependant upon my insight and analysis of the important events of the day is your mother's questioning of my contribution, not to saving the world for real estate people such as her and your father; on the contrary, for the next generation of children whose future has been so outrageously mortgaged by out-of-control real estate speculation.

My initial written communication this past Monday with the Office of the Israeli Dept of Defense Attaché is an example of the type of enlightenment that I share, your family should be so lucky. My work product is not in terms of how many US Dollar I have "sucked out of the system".

Those photos are just to let you know that I didn't get off a boat yesterday.

Second, you would most probably know that a former client of mine, Bill Lerach Esq, Milberg-Weiss Lerach, the preeminent Shareholder Class Action Litigation law firm pleaded guilty today to a charge of criminal conspiracy and will go to prison for his role in a kickback scheme at his former law firm, Milberg Weiss Bershad Hynes and Lerach L.L.P.

Mr. Lerach's guilty plea is a total joke and so is his prison sentence even if it life imprisonment.

Mr. Lerach is not, however, my only client who understands how and why it is that the State of Israel finds itself not quite as weak as many anti-Semites would like to believe beginning with Israel's so very close connections with DeBeers, the South African based diamond syndicate who amongst many things own the world's drilling industry beginning with OPEC.

Before going any further to discuss my personal knowledge of DeBeers' total and complete control of the world's capital and financial markets all coming about by virtue of DeBeers' stranglehold on the world's superpowers' military mite let me have you read the following 4 "Letter to the Editor" of the Jerusalem Post beginning right before top FBI counterintelligence agent Robert Hanssen got caught and was allowed to live only because he accepted diamond currency as payment for selling out rather important "human assets"; not to mention Israel's continued silence on the so obvious role Hanssen played in US making American-Israeli spy Jonathan Pollard the "evil incarnate"; to mention little of why so much "muscle" and "prestige" Israel placed on getting Marc Rich a Presidential Pardon at the 11th hour of Bill "Rhodes-DeBeers Scholar" Clinton's Presidency.

Below are my published "Letters to the Editor" of the Jerusalem Post

Heads up, you lose. Tails we all lose

Gary S. Gevisser Del Mar California (1 February 2001)

Dear Jonathan Pollard;

The pardon of Marc Rich eliminated not only an opportunity of justice being served but it would have allowed the public to view the role that oil brokers play in furthering terrorism.

This debacle also makes a mockery of your fight for true justice. Although you have now shown remorse, into your 16th year for providing Israel with a "heads up", your biggest mistake was that you should have charged more, stashed it away in Switzerland, and you would have got your comeuppance a little sooner. Where was your Yiddisha kop?

Your pal, Israel's premier Barak, became so mesmerized by the glitter of "Richy Rich" that he failed to grasp that Rich's under-the-table deals paved the way for Israel enemies to hit soft targets. It is ironic that while your actions strengthened Israel's security, Rich's brokerage operation softened the will of Israelis resulting in the embrace of spiked peace initiatives. Surely you are also wondering if Mr. Barak's source of newfound wisdom comes from reading the funnies having forgotten the History of the Jews.

Barak brings shame to Jewish people who grew up believing that when push comes to shove our leaders would know better than to sell their souls in return for a good shmooze albeit with a womanizer supposedly with a good head, wouldn't you agree? None of us should be all that surprised by Clinton's call. His actions were simply in character but don't try arguing that point to our senators Feinstein and Boxer.

The tail this pardon leaves may yet come back to bite us all. In prison you are safe from terrorist actions. Here in Del Mar surfing conditions have been pretty good lately, but who knows what sharks may appear as the oceans warm up.

Hang tight. Odds are help may yet come knocking on your door but don't count on the Democrats.

It is more than Pollard who got stuffed.

Gary S. Gevisser (3 Mar 2001)

Jewish leaders coveted Marc Rich at the expense of one who may have delivered the Right Stuff.

Perhaps, it is simply a coincidence that Jonathan Pollard was locked away at the same time FBI agent Hanssen was mastering U.S. counterintelligence on behalf of the Soviets. If you were Mr. Hanssen or Mr. Ames of the CIA what would you do to deflect attention? Wouldn't it make sense to position Jonathan Pollard as the evil incarnate, an eternal threat to U.S. strategic interests? Not surprisingly, those charged with counterintelligence have somehow missed every opportunity to neutralize the impact of Pollard's 15-year-old intelligence secrets. With all the finger pointing that went on in the mid 1980s, even a former CIA head like former President Bush, may not have been given all the intelligence he deserved.

Coincidence or not, by our Jewish leaders supporting the pardon of Marc Rich negating a once in a lifetime opportunity for the public to view the role that middlemen play in corrupting the leaders of most oil- producing nations to mention little of the terrorism these oil dollars father, the person made of the Right Stuff remains stuffed.

Barak's call to Clinton induces the wrong call-to-arms.

Gary S. Gevisser Del Mar California (13 Mar 2001)

Throughout the ages, Jewish people are taught more about the weaknesses of their leaders than about their strengths -- beginning with Moses. Even King David, the greatest of Jewish warriors, too had feet of clay, sending his captain to the front line so that he could continue a liaison with his warrior's wife. Calling the leader of the free world on behalf of Marc Rich, a fugitive from justice, is all too telling to people of all ages.

Barak's actions are strikingly at odds with the message of Israel's first prime minister who in the twilight of his life challenged Israel's future leaders to become "A light unto the nations", a people abiding by the highest moral standards. The day after the 1973 Yom Kippur War ended and just weeks before Ben Gurion's death on December 1st 1973, Marc Rich began to profit from the Arab oil producers' shakedown. A decade later he arrived in Zug, Switzerland with his suitcases full and plenty of cash in the bank to begin buying his own protection.

Clinton has a history of lapses but why would Barak allow himself to be used to set such a bad example, lacking the foresight to realize that he would ultimately be blamed for Clinton's decision? Despite his highly touted ability to read maps, Barak lost his way in this maze filled with the glitter of Richy Rich, golden calves no doubt playing their part two (sic). Mr. Arafat must also take his share of the blame. He wasn't exactly a potted plant at Camp David, or was he?

Israelis and Palestinians should recognize the events of the recent past as a call-

to-arms to eliminate protection rackets throughout the region. Following the example of their forefathers they should raise a shield and band together, encouraging the business community who understand that a win-win results in long term mutual prosperity to mention little of the protection it affords. Trading with each other is the only possible way out of this crisis. Fostering interdependency is the only way to win the peace and end the rhetoric of hatred that allows despots to obfuscate their own poor performance.

Both peoples have in their arsenal a potent weapon, much holier than anything contained in a Swiss lock box, their commonality. Their forefather wrote the book on how to win holy wars that really count. Not King David, the warrior, but rather, Abraham, the first of the free traders, with whom Jews and Arabs share everything in common.

One day Clinton and Barak may want to take a trip to Sde Boker in the Negev Desert and visit a no-frills library. Once briefed on the legacy of Ben Gurion who envisioned an undivided Jerusalem they can then set forth and promote the whole world as one holy place, not just Jerusalem. Both former leaders may also be encouraged by the time they have inhaled the crisp unpolluted air that blows off the desert to speak to the youth about the lessons they've learned since leaving office; that the right call-to-arms is to reward those who stimulate competitive business practices.

Kerrey's versus Pollard's heroism

Gary S. Gevisser Del Mar California (1 May 2001)

There has been only one Holocaust, but what the Nazi Holocaust demonstrated so well is that human deprivation occurs incrementally. It starts with simple massacres; you shoot the first innocent person and then you shoot the next set of people and after you realize that you cannot shoot enough people you look to more efficient methods such as gas chambers. This is why weapons of mass destruction are developed and why chemical warfare is so frightening. Saddam Hussein understands this. Bob Kerrey, former U.S. Senator and presidential hopeful, took the first step down this frightening path while a U.S. Naval Seal and stopped. On the other hand, Jonathan Pollard, the convicted spy, did not need to kill anyone to understand the consequences of weapons of mass destruction before he blew the whistle on what he saw cross over his desk at Naval Intelligence.

The rewards in America for covering up your sins or revealing the truth are indeed ironic. In this instance Kerrey received the nation's highest award of valor while Pollard's reward is going on sixteen years of hard time.

In war both sides commit atrocities, which is the whole point of peacemakers in attempting to prevent future atrocities. It is in the gray area of corrupt secret policies such as the ill-conceived CIA support of Iraq in supporting Saddam's chemical warfare production that was ultimately aimed against Israel – a policy that is so incomprehensible to anyone who has relatives that lived through the Holocaust.

Were there only one witness to Kerrey's atrocity, this cover-up would have remained with those

who elected to follow their leader [which led directly to Kerrey's Bronze Star that stated that twenty-one Vietcong were killed in this incident, a clear lie which could have been refuted at any time including the moment at which President Nixon personally awarded him the Congressional Medal of Honor]. What was going through his mind at that moment when the President of the United States was reading the commendation for heroism to him personally?

Is this public persecution of the whistle blower by the political elite and the press in America any different than that they imposed on Jonathan Pollard? The only difference is there was no corroborating witness and Pollard stands alone in revealing the conspiracy of the misguided CIA policy aimed at the Jewish State which ironically was probably used against U.S. soldiers during the Gulf War. Whose sin is greater; Pollard's for violating an American secrecy law that could have lead to the death of hundreds of thousands of Israeli citizens to prevent another Holocaust or Kerrey's sin, which clearly led to the murder of at least thirteen innocent people? Pollard has already spent 15 years, one-third of his life, in an American prison while Kerrey spent the same time in two of America's most exalted political offices; knowing full well that he had lied while serving his country. Where is the justice in the American judicial system? Where is the forgiveness in Bob Kerrey's heart?

Before I "waist" [sic] time on your immediate and extended family I would strongly suggest you follow all the advice I have given versus being highly selective while forgetting to remind them how your "apprenticeship" that they have yet to contribute towards all came about, beginning with my offer to help you do a seminar-workshop series and become both an "independent thinker" as well as financially independent.

Tell me exactly what is this “stacked” Elise willing to do that would have you travel so far, consume so much time as well?

Tell me what exactly has your X wife and others so very “heartbroken” about that you are so very focused on finding a “stacked” chick when your X wife thought nothing of the “heartbreak” of she telling you both in writing and in person, “I don’t support you!”

My God, the hypocrisy of the so very superficial who show their true colors.

How much more boring can you all get?

Your family are only about money and yet you feel the need to preach to them about morals, are you nuts?

But they have figured you out. You are nuts which is no reason to suggest I can’t have a nutty apprentice so long as this apprentice think for a moment I can be fooled by those who don’t think.

You don’t seem to be able to finish anything you start.

Let me come back to what you told Marie the other evening when the two of you were conversing about how “distracting” I am.

You mentioned, “I never saw it as option to become an artist” in response to her question, “Really? Really? Really? Really?” following you informing her that you liked to draw that had Marie for some reason thinking that you could in fact possibly draw as well as her; and if not then you would have to be stark raving nuts to ever think of a profession as an artist let alone an oil artist painter where one out of 71 students from Sebastian Capella’s class at the School of Fine Arts in Valencia, Spain, managed to make a living; Sebastian being the only one.

But then you will recall all the students this master painter of master painters has taught for the past 60 years not ONE, let me repeat, NOT ONE is able to make a living that affords them much more than a pot to pee in despite less than a handful of them so bloody good you wouldn’t know because you quite obviously have zero interest in drawing otherwise you would at least know the first thing about how to judge a good oil painting and therefore to keep your big mouth shut when telling someone who really, really, really knows how to draw, rather than talk just to talk, “I never saw it as option to become an artist”.

You don’t know obviously the first thing about how to judge even a good drawing despite being around some of the greatest if not the greatest paintings of all time let alone know how to draw at least good enough to the point that DAM RIGHT you “never saw it as option” when leaving high school to be an artist because at the very least your parents had the sense that you didn’t have the aptitude to even think about making a living as an artist painter because they figured out you simply didn’t have the stamina to survive as a struggling artist which has me thinking WHAT THE FUCK WERE YOU AND MARIE TALKING ABOUT?

Were you simply stoned out of your mind?

Why apart from being a politician would you engage in a conversation about a subject you have absolutely no interest?

Let me explain.

Knowing everything you know about Marie and me and not only our art collection here in the United States but what I have told you is kept in "lock boxes" around the world in the event of a "rainy day" were for example the DAAC controlled US Government to make it illegal to hoard gold as they did along with Hitler back in the early 1930s, wouldn't it first make sense to have Marie explain using one of the many examples that were around us that evening what is first of all a good drawing, followed by explaining what else is involved to produce a master painting such as those produced by Sebastian Capella that include the composition, the values and then color and then after say 60 years of painting 8 hours a day, 7 days a week to be in a position to talk with someone like Sebastian Capella who is in fact really, really, really, the only person in the world to really judge his own masterpieces.

You are like any undisciplined kid who grows up to be an undisciplined "diK" [sic] knowing only to lie to the person you want something out of; and of course you and all who know you well pride yourselves on your being a politician no different to all those who subscribe to the notion, "The Truth is Irrelevant" which is everybody!

This is a nutcase world mostly but that doesn't mean I have to put up with any more nutcases than I need in order to fulfill my mission which I simply see as exposing in real time all those who have no interest in exposing the corruption around them which affords me first of all the pleasure of not having such individuals invading my "space" beginning with the space between my ears.

I have absolutely nothing to prove to you or any member of your miserable corrupt family who remember let you know from a very young age that they have no problem with corruption within their midst when as a young teenager they saw nothing wrong in you being informed that you one Roman Catholic uncle took a US\$2 million DeBeers' bribe.

So what prevents you from stopping with all your distractions by first letting yourself know that I have nothing to do with it what is going on in the world as the world's capital and financial markets collapse.

It is neither here nor there what it is that I do and the last thing I need is to have a single follower let alone a "cult" made up of imbeciles bearing in mind again, "The truth is irrelevant" to everyone who is either "deafeningly silent" on the role of DeBeers trickling down, for a century now, the cost of the rich getting richer on to the backs of the poor who are simply misinformed and certainly not as stupid as the writings I have seen so far from your family members who of course know perfectly well they are just toying with you.

Not to mention how you told me when you were 11 years old and your mother was out on a date and called you at 11pm when she was supposed to be home at 10PM asking you if you minded if she stayed out a little longer and when you told her that you wanted her to come home she turned around and told you, "You are so controlling!"

You see Adam all I do is point people in the direction of the truth.

I am not God, but maybe I am godly inspired; just an ant that one can so easily point to and go “squooosh”.

The ants and humans have much in common but ants are not self-destructive, they work toward the good of the colony just like the Chinese.

The Chinese don't have everything perfect including their out-of-control smog in the big cities which they justify in a myriad of ways which shouldn't have you or anyone reading this distracted by what is going on in the real world as I am “sitting very pretty”, smiling from ear to ear, so very relaxed here at the cliff house; cant wait for Marie to return from art class and then enjoy a wonderful healthy lunch before taking off the rest of the day to either watch her paint or just hang out and watch the awesome display of Mother Nature right before our eyes like we did this morning when having a very relaxing healthy breakfast as many as a thousand birds if not more, I forget the species that dive for fish, not pelicans, glided by, all of them just hovering over the rather calm waters, and of course I don't feel in the least bit guilty for all the reasons that your family and others corrupt perfectly understand.

Do they, and that includes your Roman Catholic uncle, know why you, who has Chromes Disease, a stomach immune disorder, has the most atrocious diet?

How much effort over the past 28 years since you exited your mother's womb have they invested in teaching you a little more than “You are what you eat” as well as “You are who you keep as your company!”?, all the while telling you how to “run your life” and at the same time you of course taking full advantage like any politician to “play victim”.

How many times did you mention to your family as well as yourself that I didn't get off a boat just yesterday?

The last time I saw your mother was when I was with Dr. John K. Pollard over at the Plaza and your mom was in Dr. JKP's words, “trolling” which isn't something I would be all that proud of but then again I don't make it my business to write the sort of trash that your mother does.

So lets convene that seminar-workshop with your entire family prior to me throwing you out of our sacred Stone Home!

I assume again that not only did you have sex with Elise last night, why else would you bother, but she has decided to support you the rest of her natural life or until she is no longer stacked and you move on.

It is possible that I might not be in as good a shape right now as Ami Ayalon, Israel's “Minister without portfolio” and who is a good decade older than me, but then again perhaps I can find a way to entice Marie Dion Gevisser to attend and help me out assuming Mr. Ayalon has better things to do with his time.

Of course it would not help in the least to remind you as well as your family that I remain 50+ years young and are taken rather seriously by not only those most successful at the highest levels of the socio-economic ladder who are not all crooked as well as

intelligence institutes like the Mossad who of course I will be more than happy to share your mother as well as father's thoughts about how "sick" I am.

So lets get back to your heavy duty real estate invested mother and father who met on kibbutz during the 1973 Yom Kippur War when Israeli soldiers manning the frontlines on the Golan Heights had their equipment cut off before being stuffed in their mouths, some while still alive.

What a way to begin the fast!

I understand that your father actually fought in the war and was responsible for securing the oil supply lines from Egypt and therefore one would expect he understands the impact of oil and now doesn't want to dig any further.

So Adam, what is the big deal?

What is it that you do not understand?

So what that they are both, despite not exactly getting on "famously", now very comfortable living in America in real estate?

So what that people like Plato more than 2,000 years ago explained in rather easy to understand Latin that real estate is a scum business?

Of course everyone wants to forget about war when they don't have to fight in it.

Don't you just love the distraction about this Insurance USA company that now advertises on the radio that the only way to claim back some or all of the insurance premiums that you pay that are not used to pay out a claim, is to join the U S Army and then it can go on to your kids; sounds like an ad to join the army?

So what is wrong with all that when you know of course everyone wants to forget about war when they don't have to fight in it?

So what is so wrong that all those so boring, so very repetitive, who take issue with me, are in this big denial and instead of saying "I am in this big denial" decide it is so much easier to blame someone else; first George W. Bush and why not me?

And then after me perhaps they can begin to focus say on Israeli military intelligence for issuing that rather ingenious not so top secret Israeli Military Intelligence report that states quite categorically that US business interests with command and control over the US military own Al Quaida and yet with the entire military mite of the US Armed Forces cannot even get US cheap gasoline at the pump.

Time surely to bring home the troops and then you will really, really, really, really, see the price of oil skyrocket and then all your family's wealth go down the drain in the very next instant.

But don't worry US, Israel continues to provide all the military mite the US needs in the Middle East, but for how much longer doesn't in the least bit concern me since I know,

versus believe, "The Truth is Irrelevant to everyone!", apart from of course those of us who cannot be manipulated.

Even worse than blaming someone else, here I am having this extraordinary footprint on the internet which of course must be "denied", and worse yet here is Marie Dion Gevisser's "sex slave" husband exposing the truth; but then again so what if all those pointing fingers at me refuse to look at the truth?

That is everybody.

To everybody, "The truth is irrelevant" when they are benefiting from a corrupt system.

Again, I have nothing to do with why it is that I have such an extraordinary footprint on the Internet apart from the "movers and shakers" around the world paying a whole lot of attention to what it is that I have to say as well as do; moreover that I have survived this long, now living the life of Riley, not even in the least bit bothered by the possibility of losing my life and rejoining in the next instant my so very missed, so very soft perfect free spirit Pypeetoe whose only agenda was to be close to the two people he loved more than life itself.

No coward was our Pypeetoe.

I detest cowards and bullies, one and the same once you analyze carefully their actions and lack of actions, always talking about who is and who is not their "best friend" while each and every one of them friends while not talking know they are both a bully and a coward, one and the same.

It is all about "MANipUlation", a very interesting word.

I assume Marie also wants to know what the hell are your parents and your now X wife and X in-laws going on about, not that Marie has a moment to spare in her very hectic schedule while looking a whole lot more than just "very cute".

Did you know that when she was last at the Stone Home where you are right now she spent some 10 hours in just one day doing all the raking of the leaves as well as leaving the inside in the condition she expects to find it when next visiting which could be this Thursday when I expect to see very SIGNIFICANT progress on the just3ants.com website.

Marie understands rather well what is going on in both the real and metaphysical world but doesn't care to always explain herself but when she does she makes absolutely perfect sense, at least to me, and as far as she is concerned even that is not in the least bit important because she makes perfect sense to keep herself sane in this rather heavy duty insane world which she and I understand rather well and why it is that that we only argue when corrupt imbeciles enter our space who will increasingly go "deafeningly silent".

Marie also understands that while few will ever get to understand how the metaphysical world works they will all get my rather ingenious marketing strategy that had you deciding to forego doing seminars-workshops but create this just3ants.com website that so far it is Marie and me doing all the "heavy lifting" while you go mostly cursing the

internet and then rushing off to this date and the next all the while remembering to come back to those who "butter your bread".

Were you aware that I not only do I not fall in to the "once born" category and you know not to argue with the "once born" I wasn't born and raised ust yesterday in US controlled South Africa during the height of the Apartheid Regime which of course was just a little more sophisticated than DeBeers' 3rd Reich Regime.

When last did you hear about the 3 Branches of the US government being referred to as THE NAZI REGIME?

Marie has a whole lot more going for herself than being a university marketing graduate.

The fact that she is an artist should make your family and all the others leading so miserable lives feel better for a moment, and then stupid.

Shocking, attractive, and palatable in the end, that you buy into in the end.

Of course a lot of sarcasm.

But there is a lot of truth in sarcasm; just in some people you have to soften it up and others you have to bring it on it depending on the level of intellect.

BTW did you get the emails I sent to Dave Charles of Harvard University as well as the one I sent you that began by making mention of Bill Lerach pleading guilty to a criminal conspiracy that has a jail sentence attached which of course doesn't "touch sides" with his entire lifetime of crime supported of course by those who "play ostrich", and so quickly forget about war when they don't have to fight in it.

Also does your mother know that here at our one-of-a-kind cliff home where we don't have to worry about things like mortgages and interest rates let alone the equity going down the drain, we don't need to use the Pacific Ocean right in front as our toilet?

Please provide me the name of your mother's law firm and it would save time if you could give me both a name and email address.

Marie has just returned.

Signing off for the day.

Adam I want to know also what he has ever done **so far** in his life that has been a positive difference to **any one**...I trusted him to be harmless, when I brought the two of you together and stayed out of things so far but I see he is destructive vile and way

way out of line with your personal life and the negative effects he has been in your life in all directions. Your both right I didn't prepare you in life to deal with men like Gary G. sick, scheming, manipulative ways. And now Adam your following his foot steps right down the toilet which is where Gary lives. Adam he has you on his roller coaster which is keeping you busy from dealing with your messed up life right now. Your going to hit bottom and see you burned many bridges as Gary already has. **Most** of the people he e-mails to, **knows** he is crazy....and asked him not to e-mail them any more.

Mom, I think that now is a good time for Gary to explain what, why, and how, our actions can make a positive difference.

The reason that I don't sound the same, is because I am waking up to the REAL world, which neither you or anyone in the family has ever addressed unless it pertained to how to leverage it for financial gain.

Gary will be contacting you via email to answer your questions and concerns.

You ignored

all that I wrote to you. I was clear that what I write is between us. You disregarded and disrespected me! You don't even sound like Adam any more your words are Gary's not your own, much like one in a cult. He is using you, making you more like himself (sick) and advising and supporting you to have the same messed up relationship he has with his Mom. Adam I love you, I am worried that Gary is putting you out in front line, for some nut to get pissed and kill you. That's why I lost sleep.

*Adam I have read and listened to much of what you e-mailed and told me. All is negative.... with no correction...no solution...only destruction...only judgement without correction or gain in a positive way to anyone. What are you doing that will help? serve ? or

improve lives? What are you doing to improve you own live?

*With all that Gary has acquired \$\$ (using the system to his gain) who has he helped other than himself? Why didn't he help you?

I never brought you up to hate or put your energy to fear the the people that hated and killed the Jews . Life needs to move on, not in fear. *I never taught you to take advantage of the system (bankruptcy and disability ins. , etc.) that we all pay for. Gary has supported you to do all this so you would take the time to work for him with out pay. All for HIS best interests by feeding your weak ego in all that your going through. *I will not e-mail any more to you since it is not between us. I want a relationship with you not your computer or Gary, unless I choose . *
My door is open to you Adam to come when you want a real loving relationship. Both need to listen and care. My arms and heart are with you Adam, when your able to see and feel the losses you now have, Ill be there for you, I do care. Again come over so we can really sit and talk and listen to each other.

*I will always love you

no matted what!!

LOVE MOM

Mom,

Just as you are disappointed in my dealings with money, I am offended and disappointed in your response.

We have sat down on numerous occasions to talk about De Beers and their allocation of natural resources, and how Jews like Oppenheimer helped fund Hitler and the Nazi party which would not have been able to produce precision tooling needed for manufacturing and mass production of their tanks, machine guns, etc.

One of your most important jobs as a parent is to instill knowledge; what you have learned in your life, so as to help prepare me for the real world. It was a shock and disappointment for me to see that you were not surprised about the corruption and

genocide and that you knew full well that it is all about money and power.

You served the nation of Israel during the Yom Kipper War and grew up knowing the hatred felt towards Jews and blacks... what happened to that person that wanted to do better?

It is the same thing that happened to most, the realization that we live in a money culture and in order to survive, you have to play the game.

What you are over looking though, is that thanks to the internet, every voice can now be heard, and recorded. This is the first time in history, that history will be written by everyone, not just the people in power. Dead men tell no tales, and so has history been written by the conquering parties... until now.

People have short memories, but the internet will be there for my children to see the truth about who knew what and when. Including you and all of my family.

Until you and I sat down, I gave you the benefit of the doubt, assuming that you didn't know better.

I have one last question for you;

If did not owe anyone any money. How would you have responded?

If I am not for myself, who will be for me? If I am only for myself, what am I for? And if not now, when? ~Hillel

Glad your OK. Not answering my calls for 3 days doesn't feel good. What did I say that you felt was wrong of me to say? I don't want to e-mail to you because you share it with Gary....Our business is **OUR** business. SO KEEP IT THAT WAY. Since you feel Gary has your best interests at heart, let him lend you the money and work it off and let me get back to what I was doing. I support you to do what you feel you need to do as long as you don't hurt any one in the process. That includes me, this will hurt me if you don't figure a way to clean this up. Is he aware you borrowed \$38,500 from me and told me for sure that you would pay me back in a few weeks?? And then stopped working 1 week later, with no plan on keeping your agreement? Is your word and your integrity not at all important to you? Now two months ago and not keeping any of your agreements with me? Is lying part of what you feel is right for you to do? How about living your own life with integrity, clean from

deceit, , selfishness and corruptness. Trust and honesty and being accountable, are prime in a relationship even with your family (especially your family) You cant keep runningand avoiding. Yes I wanted to help you when you needed help but I told you I needed the money to live on and you could borrow it for a shot time only . It was clearly stated and conditions clearly stated. My love isn't conditional and I want to help and be there for you. We need to trust and count on each other and not to hurt each other I need to feel your word means something to you, mine does. You wanted to get your self out of this mess yourself, that doesn't mean putting your mess on me.

I got your voice messages. Why would you be worried about me? I sent you all an email explaining what and why I am focusing on this.

There is no reason to lose sleep for me.

If you want to talk with me, I want you to do it over email so that you don't say things that you don't mean.
