Subject: Humanrace - Think as the news is reporting, "everything is spinning out of control"...

Can you tell me honestly whether you fall into that category of people who talk just to talk hoping that you will also distract others from focusing on the fact that when not getting exactly what you want you are 100% of the remaining time manipulating, calculating, plotting to get exactly what you want without having to work for it and only "standing down" when someone such as "credible" as me says, "Enough is Enough!"?

Could you tell me whether you are on the "\$ hit list" [sic] and whether you are responsible for the 1286 unique visitors to www.just3ants.com just this month?

Can you tell me more about your organization, Progressive Democrats of America?

<http://www.nextraterrestrial.com/pdf/pedwards-leg.pdf>

If you could stay online for the next 24 hours you might find it helpful to keep your email account open along with your eye on the trading of gold that DeBeers and Co. are pulling out all stops to crash; and of course they may very well succeed; but then again they may not; and most of all to keep remembering that even if you do not refresh your homepage www.just3ants.com others with a "value system" will make up for you increasingly feeling paralyzed.

Ps - How can I interest you in buying one of our t-shirts starting with, "I don't lie, steal or cheat!"?

Ps I - Can you explain why the Chinese Government would want to draw attention to www.just3ants.com by "banning" www.just3ants.com that only received 2,495 visitors in total this month, so far; bearing in mind you won't find anything negative on that or any one of my 100 or so websites in various stages of construction from the bottom; at least as far as the awesome, non-aggressive going on 1.5 billion strong minded, strong bodied peoples of Communist China or for that matter its very attentive and most representative government whose officials don't come bottom of the class wherever the Chinese travel throughout the world setting the scholastic levels along with the Israelis, of course?

Ps II – Did you know that I don't consider Senator Obama either good or smart, the same with Mr. Cheney who while publicly in support of the Vietnam War kept getting deferments after deferments, some 5, I believe, before he was too old; and then there is Senator McCain; well you understand how fortunate he was that the jet he flew on his first mission didn't crash into the USS Liberty immediately after takeoff.

Ps III – You have read my analysis of why Senator McCain's father sent the USS Liberty into "Harms Way" and despite Israeli Fighter jets buzzing the highly wired US spy ship, the Pentagon continued to remain "deafeningly silent" just as they had when repeatedly informing the Israel Defense Force that no US vessel would be anywhere near the Middle East warzone on June 8th, 1967, the second day of the brutal Israel-Arab-United States 6 Day War, and how following the State of Israel whose top military officials are not the dumbest people in the world responded in such a way that has assured ever since that the IDF receives the most advanced of the United States Governments weapons that doesn't mean to say that the top officials of Israeli Military Intelligence and the Mossad are not weary of each and every piece of electronics placed in such weaponry and how very slow following the surprise attack on Yom Kippur-Day of Atonement 1973, the United States Government was in resupplying Israel with critically needed munitions that had the State of Israel headed by Golda Meir, hand-picked by Ben Gurion who remained the head of the Mossad until his death a couple of months later, opening up its land based nuclear weapons silos that US satellites picked up in no time getting the message "LOUD & CLEAR" that Israel meant business.

Ps IV – Have you noticed like most who do not have my Israeli Military Intelligence training which I began receiving at a much younger age than most Israeli identified from a very young age to be part of Israeli Special Forces beginning with the best having no choice when the brutal Israel Air Force "comes calling", neither the Mossad nor IMI have any issue whatsoever in my one of many websites, www.just3ants.com being the only network anywhere in the world broadcasting that ingenious Israeli Military Intelligence report that has been publicly vetted by both IMI and the Mossad who are not exactly made up of chicken shits?

Ps V – Did you follow how I who also knew thanks to my Jewish fighter-bomber-pilot father how to fly a plane from a very young age, began the paragraph that ended, "The history of modern day warfare is as simple as that" with, "thank you" in yesterday evening's heavily broadcasted 4,284 word communiqué to my one American programmer Adam L. Tucker entitled, "You can't buy your Yiddish Kop"?

Ps VI – Does it help settle your mind by me labeling these Post Scripts in Roman Numerals or would you prefer that I stuck with the analog system of pounds, feet and inches that "rili" [sic] doesn't make any logical sense and yet US Americans have convinced only ourselves and our slave wage earners that US Americans are the "innovators", but only in suppressing others throughout the world, causing their best and brightest who survive our DeBeers-CIA sponsored civil wars, such as Einstein to flee and find sanctuary in places like Princeton University; and when

Einstein back in early 1934 wrote as his return address, "Concentration Camp, Princeton" not all that many "aware" north Americans including most if not all Jewish Americans "batted an eyelid", which of course was not lost on either Einstein or members of the Jewish Underground movements who of course had much going for them than two public organizations, the Irgun which was considered the more "militant" and the Haganah, the more "political" who nevertheless recruited people like Dr. Ruth Westheimer as snipers.

Ps VII – Would you consider a "sniper" either "political" or "militant"?

Ps VIII – You notice you were only given one choice.

Ps IX – Adam L. Tucker right now is updating the "Who" section of just3ants.com and sooner rather than later you will see the bio of my eldest brother Neil – click [HERE](#).

Ps X – the most awesome deep fog that has been resting just offshore most of the day today here in perfect climate Del Mar, at least at the water's edge, is now starting to blow in and to tell you that it is simply breathtaking simply does not do this "Act of G-d" justice.

Ps XI – unless you send me a telepathic message instantly I am going to be taking a walk on the beach as soon as I hit the send button.

Ps XII – Now go back and read the 410 words that preceded the words, "The history of modern day warfare is as simple as that."

Cutting and pasting:

The ruling elite once owning the military might then enter into packs amongst themselves not only who to attack but when, all the while making it look like it is "sumwhat" [sic] of a fair fight.

First, they have to get the masses before fighting it out to a bloody death to be hooked on one or more currencies produced by the different elements of the ruling elite who keep their tightly knit group together by having very carefully arranged marriages and when they fall apart to make it look like they are just "ordinary people" that has the masses clamoring for more like "Princess Di" without a thought given to how easily distracted the masses have increasingly become to question the "money trail" that had the "prince" and "common" princess who in the case of Princess Di wasn't really all that "common" coming together in the first place, with all the chatter, all the different opinions, all sighs, all the tears, all part of the merry-go-round games that the ruling elite so very carefully orchestrate.

Second, while the masses go about finding every which way possible to "make money" the ruling elite are way ahead of them by using the money they have created and kept mostly for themselves to purchase the great

mineral wealth of the planet and when the masses begin to stir, they plunge one or more currencies creating civil unrest, followed by chaos in the streets, all depending upon how much chaos is needed to keep the masses from figuring out this musical chair game where they are the only losers. Additionally war always being an option as they use their fictitious currencies to finance both the destruction and reconstruction with no regard for who wins or loses so long as there is profit to be made, and the masses get increasingly number.

Interesting the spelling of such a word is identical to the number as in #. Of course you recall my mentioning recently the game, "noughts and crosses". How many coincidences does it take before one concludes the number is zero, or as us "English" would say, "nought".

Third, once war begins, no matter how big or small, each and every one of us literate human beings, whether rich, poor or indifferent all know, "money is no object" when the ruling elite then barter the amongst themselves those resources they have either stolen using worthless currency or just grabbed using their big guns.

Ps XIII – In other words, when I said, "Thank you for allowing me on this very day... to write the essence of my forthcoming book, THE HISTORY OF MONEY CREATION AND ITS FUTURE, subtitle, A message for the President", you would now agree that the information is all there, boiled down. It defines the dynamic which enables the circumstances that divide us.

Ps XIV – You are not alone in now recalling the 1406 word email I sent Richard Cummings on June 13th, marking Day One of the Hostage Crisis Ending; click [HERE](#).

Ps XV – Yesterday was day 8 of the Hostage Crisis ending.

Ps XVI – Today is day 9 of the Hostage Crisis ending.

Ps XVII – You recall the Mossad had their top official official along with the Israeli Military Intelligence attaché in Iran celebrating in the streets of Tehran, Iran the return of Khomeini who many believed masterminded the hostage taking of Americans at the American Embassy that began on November 4, 1979 and ended immediately after the "Being There" President Ronald W. Reagan was sworn in as the 40th President of the United States on January 20, 1981; exactly one year to the day before the De Beers-Anglo American Cartel, the mafia of mafia, special interest of special interest group, the world's most brutal and extraordinarily inefficient allocator of resources including human labor, for more than a century now, began to crash the gold market, just two days prior to virulent anti-Semite President Jimmy Carter making his last State of the Union Address when he mentioned the word "Soviet", some 33 odd times.

Ps XVIII – You will of course now also recall that one of the first things President Franklin D. Roosevelt did when “swept into office”, that is the Office of the President of the United States carrying the title, Commander In Chief of all US Armed Forces, was to make it illegal for American Citizens to hoard gold which of course didn’t bother people like American Charles W. Engelhard who owned the President and the remaining 3 Branches of the US Government, “lock, stock and barrel.

<http://www.edwardjayeinstein.com/diamond/chap18.htm>

Ps XIX – Roosevelt also in 1933 appointed bootlegger Joe Kennedy as the first Chairman of the Securities Exchange Commission, taking office the next year; the same year that he awarded America’s gold to De Beers Anglo American-JP Morgan-JD Rockefeller-The Federal Reserve, by illegally using wartime authority to force Americans to hand over any gold worth in excess of \$100 to be exchanged of course with De Beers principal fictitious paper currency, the US Dollar.

Ps XX – Roosevelt never instructed the CIA/OSS to kill the top officials of the De Beers Anglo American Cartel [DAAC] when they refused to stockpile industrial diamonds on US soil all the while supplying Hitler the stooge with all his diamonds and then “sum” [sic] and nor did it stop Roosevelt who was just crippled, not blind or hard of hearing from later appointing virulent anti-Semite Joe Kennedy as the American Ambassador to Great Britain as Kennedy-De Beers and Co. pulled out all stops for “Little Corporal” Hitler to build up his extraordinary military machine; none of which was lost on the Mossad who also were as aware as was the FBI and CIA that Joe Kennedy’s son, John F. Kennedy and his wife Jacqueline who would later go on to marry De Beers and Co. controlled Ari Aristotle Onassis who financed the assassination of Robert F. Kennedy in June 1968, first met at Charles W. Engelhard’s Camp Chaleur estate across the border in Quebec, Canada prior to De Beers and Co. rigging the 1960 election, where the details were “hammered out” of the forthcoming meeting between President elect John F. Kennedy and Engelhard’s partner, Anglo South African Harry Oppenheimer at the Carlyle Hotel, a very public meeting spot located on the upper east end of New York City, not all that far from De Beers and Co.’s 47th Street, the money laundering and intelligence gathering capital of the world for both the Mossad and De Beers and Co.; and of course you would have great difficulty just looking at a Black Hatter and telling one from the other.

Suspected ringleader of abusers, "Rabbi" Elijah Chertok.

Ps XXI – When I met David Ben Gurion for the first time on November 1st, 1972, some 57 odd days following DAAC sponsored PLO terrorists beginning to brutally murder 11 defenseless Israeli athletes at the Munich Olympic Games, he didn't appear to me to have lost his mind simply because he kept focusing his attention on me as I, the great grandson of his most trusted "consigliore", pogrom orphaned Nechie Badash,

sat cross-legged with a whole bunch of other Jewish South Africans on a small patch of green grass outside his modest home on Kibbutz Sde Boker where we were all based on a 4 month study Ulpan beginning on September 1st, 1971; and let me help you with the math; some 3 days before the brutal slayings began.

<http://www.nextraterrestrial.com/pdf/Perspective%20One.htm>

Ps XXII – It was no surprise to my Royal Mater-Mother who was raised by her paternal grandmother Nechie who came from the same tiny village of Plonsk, White Russia-Poland, that I came top of my class, scoring 98% on the final Hebrew exams that covered a broad range of academic studies or the fact that I had a perfect score at the shooting range and nor was I exactly retarded in the rest of the Gadna-Youth military training.

Ps XX III – The world has not yet blown up and if it had we would all be agreeing, "So what!"

Ps XXIV – The Chinese and the Israelis, the two most peaceful peoples in the world who "live to learn" and know from the start to "work to live" versus most in the rest of the world who got it all backwards, who "live to work" when not "living to eat",

do have quite a say in the next World Oil War and there isn't an American, British or Canadian Commanding Officer who wouldn't agree wholeheartedly; so why not let US be smart and along with having the 3 Branches of the United States Government "stepping down", apart from of course President George W. Bush, to have the US military immediately "standing down" by not waiting a moment longer to withdraw all our forces from the 130 military bases around the world and where a vacuum exists have the extraordinarily art cultured Chinese who no one in their right mind wants to go up against in any war, fill that space with their extraordinarily work ethic, all about the merit system.

Ps XXV – In well under a decade China will be the largest English speaking nation in the world.

Ps XXVI – There isn't a single Chinese Government official who doesn't understand that CLEAR, SHORT one sentence Israeli Military Intelligence report.

Ps XXVII – Get back to me with all the responses you receive beginning with those you consider the most "dingbat".

Ps XXVII – Would it help you contribute further to increasing my already extraordinarily large "footprint" on the internet; i.e. invigorate you to increase the circle of those dependent upon my insight and analysis of the important events of the day by me now sharing with you what I received earlier this afternoon from a pretty savvy computer engineer:

I have something that you may be interested in. A means of reaching 1/3 of the 3 billion internet users on the internet. I spent several days listening to a plan for global change. The very nature of this project will empower the indigent people's of the world.

Your mission in educating people should leverage this.

I'm sending this from my blackberry but will draft another email for you that explains more.

Ps XXVII – Did it occur to you that my mission to educate the masses of poorly informed who are far less stupid than the filthy lazy rich good-for-nothing but inciting violence throughout the world, and in the process consume that much more quickly the precious and limited resources beginning with water, the most basic and precious human right, did not begin back in November 2004, when I decided very carefully to break my 24-year deafening silence with De Beers that began on November 11th, 2004 with a 272 word email, "Remember me?" and upon establishing "nexus" between myself and the principals of Codiam Inc., De Beers' principal price-fixing operation on US soil, I followed up on 11/24/2004 with:

Terrific – I am still waiting to hear back from the feds and then I will let u know my plans.

All the best,

Gary

Does anyone know who this dingbat might be and why he writes emails detailing his odd family life to people he doesn't know who have no interest in him whatever?

Subject: Think as the news is reporting, "everything is spinning out of control"...

The filthy lazy, lazy, rich are so very happy seeing the poor so pitifully battling to survive.

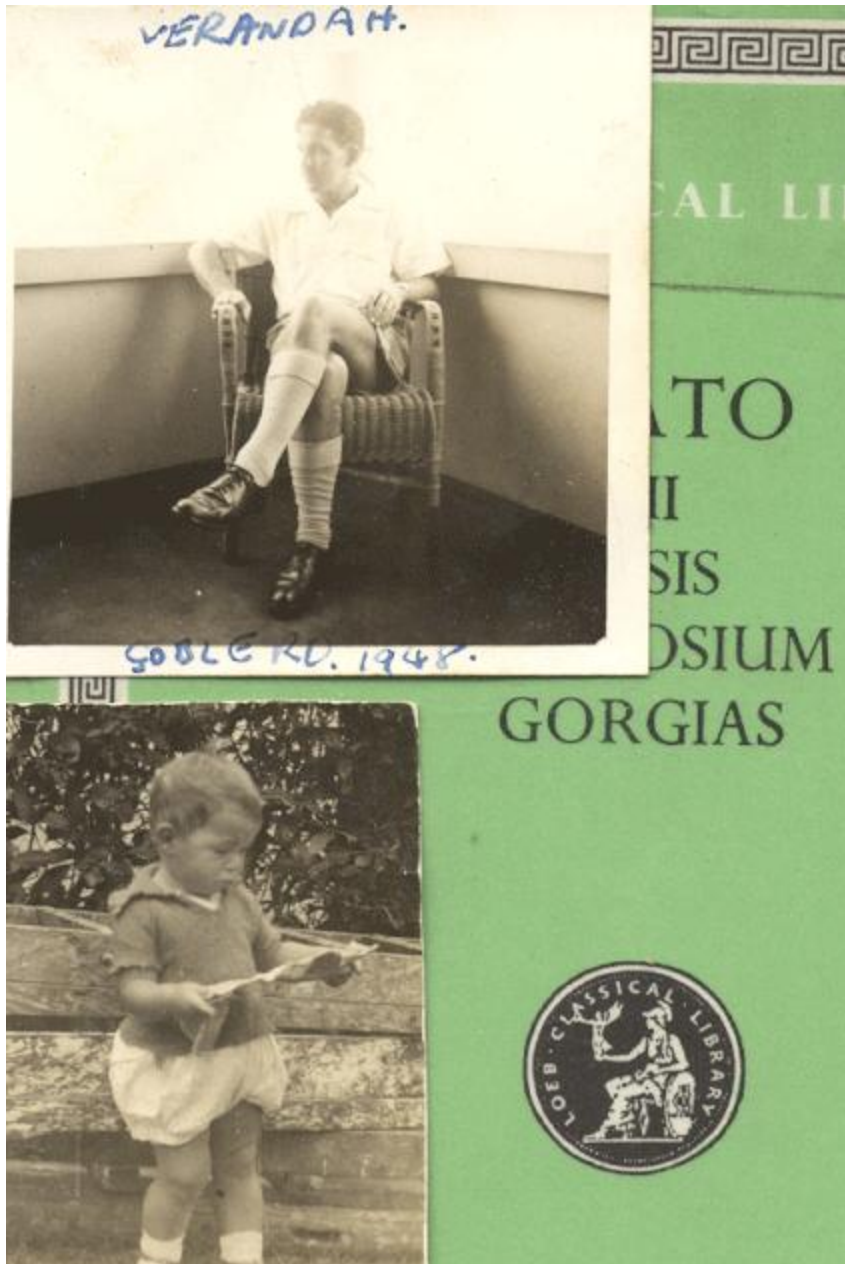

The filthy lazy, lazy, lazy, lazy rich remember are not all that many.

It just so happens that I may happen to know most, if not all of them, who don't all drive top of the line Mercedes, Rolls Royce and Bentleys with vacation homes all over the world; not that I have ever gone in to detail of the totally inconspicuous Mercedes that my uncle Dave Gevisser drove back in 1995 after he and I met for the last time when this rather "laid back" executor of Charles W. Engelhard's beyond belief mineral as well as "politician rich" estate confirmed everything including why his close relations, Alan Lipworth and Stephen Cohen of Codiam Inc. sent me the clearest signal possible that they were fully aware that my liver had been poisoned as they waited until the last minute, once I was well on my way to recovery, and about to head back to the States from Cape Town, South Africa, to let me know, that the, "nothing to speak of job" at Codiam Inc. was no longer available; all the while acting so very concerned about both my health and whereabouts in South Africa - and of course letting me know that the rent on my apartment located on the 3rd floor of a Brownstone, 50 West 69th Street, between Central Park West and Columbus Avenue was being paid - during the many months I battled to stay alive, first in New York City and then back in South Africa where eventually the most great Dr. Michael Moshal MD, based in Durban, figured out that the reason none of the physicians in New York or at Groote Schuur hospital in Cape Town were catching the ongoing poisoning of my liver was because they were all in on it.

Not to mention how vey "furious" my mother Zena acted towards another of her close friends, Dr. Leizer Molk MD, my father's brother-in-law who was living in Denver, Colorado for "not getting on a plane" and checking out for himself what was going on, for the simple reason my highly intuitive mother did not want to implicate my uncle Leizer who she knew was not only honest, had, just like my father, no knowledge of all the "behind scenes" moves and countermoves as Ben Gurion and Co. played this "cat and mouse" game with De Beers and Co., to keep most importantly first my granddad Al Ash followed by my grandpa Israel Issy Gevisser "off the radar screen".

Moreover, my mother knew how very brilliant was my uncle Leizer, very possibly the greatest diagnostician living at the time, possibly even today, and would have in no time figured things out without, however, having a clue what to do next, apart from every step he took to help me would have likely resulted in Leizer ending up the same way as my great friend Michael Moshal whose father was my father's family's personal physician when the Gevisssers were living on Goble Road, Durban

Below is a photo of my Dad, Bernie sitting on the veranda of his father's home which is where I believe my dad for many years used to sleep.

The photo above shows Bernie at around age 3 trying to read; and only finding out in his 60s that he was dyslexic which is why he only scored "average" in his "instrument rating" when being certified as a fighter-bomber-pilot while scoring "above average" in everything else.

Not to mention it was Michael Moshal's father, Barney who played a role in getting my father through the physical examination when Bernie volunteered for World Oil War II; Bernie overcoming the little asthma he suffered from as kid on his very first dive-bombing run.

To mention little of Michael dead and buried in October 1981 some 7 odd months after he wrote me his last letter dated February 24th, 1981, age 45, click [HERE](#).

To mention in passing, Michael was diagnosed with lung cancer, while never having smoked a cigarette in his life and with no family history of lung disease or cancer, just days after sharing with me his “insight” in to my very severe illness which each time I look in the mirror I am reminded of, given the scar tissue that remains on my neck following the removal of a lymph node for biopsy that took place at Groote Schuur, the same hospital where Dr. Christian Barnard MD performed the first heart transplant.

My baboon looking uncle Dave and his even uglier baboon looking son Mark should not only be named as defendants in my epic class action complaint against the United States Congress et al but there is no reason to prevent anyone receiving a copy of this email either emailing Mark or just calling him on his cell phone – Country code 27, 832673748 and to pick up where Tefo left off, click [HERE](#).

Not to mention that Tefo’s mother, Joyce, after spending a night in jail during the 1976 Soweto Riots, went on to receive a DeBeers-Rhodes bursary-scholarship.

Don’t be in the least bit distracted by the games the disgustingly ugly, so very stinky, filthy rich play beginning with never feeling the need to be a “peacock” unlike their stooges further down the De Beers-Anglo American Cartel [DAAC] pyramid who are brainwashed to have all their toys not always perfectly shiny once they get “comfortable” and have time to figure out this “playing business”, that they leave for the next group of nouveau riche and the wannabe nouveau riche to make certain of, better yet hire someone to wash and polish their car and the not so “peacock” crowd of lazy rich fatsos to go to a car wash, all forgetting that the poor battling to stay afloat in places surrounding the Mississippi and the Umgani River whose mouth is located in Durban, South Africa, are not all idiots and increasingly less so.

Let me help you with the math as you think about how many of US Americans do you know actually wash their own cars.

Take for example Tefo, Dr. John K. Pollard, The IT and my cousin Mark Gevisser the author-journalist son of my uncle Dave.

None of them have a clue about the number of poor who haven’t allowed their formal education to interfere with their learning increasingly informed about how well I spelled out last evening the History of money creation and its future, but each of them knowing, as I remind them so, that with each tick of the clock that the numbers of better informed poor keep growing while those knowledgeable and doing nothing to help inform the poor of the truth behind why they are so very horribly poor do not only decrease exponentially, relatively speaking, but with each tick of the clock I expose these miserable selfish-shellfish bastards, while constantly remembering to “keep smiling”.

<http://www.nextterrestrial.com/pdf/atucker-buy.pdf>

Yes, it is the filthy lazy rich who are the most stupid, period.

Ps – Don’t be surprised if you start to see more “peacocks” removing their bumper stickers showing their support of the De Beers stooge Senator Obama and not replacing it with the equally deficient Senator John McCain but that of athletic President George W. Bush kissing his most beautiful wife Laura.

Not to mention, GWB the best friend the State of Israel has ever had in the White House.

[Word count 1257]
