Subject: RE: UNITED STATES OF AMERICA IS IN MUCH BIGGER TROUBLE THAN ANYTHING SO FAR REPORTED IN THE MAINSTREAM MEDIA...Let me know....

I'm happy that you are still with us.

I am using this opportunity to introduce you to Tefo, my South African friend who a good number of people thought would wait longer before "**showing up**" once again.

When viewing the previous hyperlink you will note if you have been paying as much attention to my writings as those at the top of the **DAAC** pyramid that it takes you to a rather brief communiqué I broadcasted prior to Tefo later "**showing up**".

Tefo has now "reappeared" after a relatively long absence realizing, in my humble but seasoned opinion, that he has nothing to gain by staying away from my increasingly bright and very public spotlight.

Tefo first came to me after he was researching on the Internet one of my more high profile South African clients, i.e. he didn't type in my name alongside Solly Krok in the Google search engine and therefore doesn't need to be reminded as much as others of my **SIGNIFICANT "footprint"** on the Internet that drives my adversaries nothing short of stark raving nuts as they don't quite know what to do and by doing nothing their "**deafening silences**" have their adversaries doing increasingly more Internet searches as I sit back relaxed, going for walks, thinking apart from having more sex with my extraordinarily in shape and most beautiful body wife, what I must have done so right by our extraordinarily good, vengeful and SMART G-d.

Tefo is very possibly the most "***in tune***" individual on my email list and a lot of it has to do with the way he was raised by his parents, black South Africans who remember well the "***ongoing***" atrocities of the **DeBeers-Anglo American Cartel's** South African Apartheid Regime.

In choosing not to take the “**easy path to riches**” by simply “**keeping under his hat**” all the Knowledge-Information-Light that I was providing “**free of charge**”, i.e. by telling Solly Krok who like most getting more than their fair share of the graft-spoils of victory just “**want to be liked**”, those of us they consider “smart”, i.e. smart enough not to ever let the likes of Solly Krok know that not only is he a crook but a not very smart crook, Tefo has remained “**smart**” understanding perfectly that when the Black ANC government “**came to power**” in South Africa back in the early 1990s all that took place was a “**Regime Change**”.

Unlike you who was not afforded the opportunity because of the Cultural Revolution to study mathematics, Tefo mastered this **INCREASINGLY UNIMPORTANT** subject very well providing him **MOST OF ALL** with self-confidence that he could “**play the game**” and of course I doubt very much if Tefo, as knowledgeable as he is on so many different subjects, can “**hold a candle**” to your enormous knowledge of English literature.

It is all a game this very important “**game of life**” that good chess players like Tefo know is all about getting your opponent to play to your advantage.

But again, just like mathematics is not as important as it once was, nor is the need so great that we be “**competitive**”.

What I am right now pointing out does take no more than the most basic of common sense to understand but it certainly requires an excellent command of the **EXTRAORDINARY “sly English”** language that was ripped out of the Latin one of the spiritual languages like Hebrew, Aramaic, Arabic and Greek by politician-lawyers-liars to confuse the masses.

Again, Tefo is one of those **VERY FEW** individuals on my email list who **DOES NOT** need to have **ANYTHING** repeated **LET ALONE** have me repeat the same old boring stuff time and again, bearing in mind I am mostly catering to the out-of-shape, Bell Shape curve poorly educated “**most average**”, sex starved westerners who have this insatiable appetite to make up for their so boring TV filled lives, waiting anxiously by their computer for the “**latest dirt**”, clicking on this hyperlink and that hyperlink.

This is mostly for me as well as Tefo to figure out your “**command**” of the English language in order to assist Tefo to assist you to assist Tefo whose business is translating rather technical stuff in to the 11 official languages of South Africa.

I have never met Tefo and the last I heard from him prior to him emailing me a couple of days ago was that he was possibly coming to the United States for a visit.

It may turn out that we are all better off meeting in China for reasons that are fairly obvious.

The “**deafening silence**” right now, in particular westerners, to the **EXTRAORDINARY** fraud of the Normandy Invasion that I have known about since days after I immigrated to the United States back on **March 17th 1978**, may in fact cause them all, in particular those who have a “**hard on**” for George W. Bush to begin, “**shutting the f... up**” [sic].

You have to remember that following the June 5th-6th 1944 Normandy Invasion that was **EXCLUSIVELY** to “**set up**” the Bretton Woods Conference of July 1944 which “**placed a**

gun to the head" of all the world's military weak nations including China, westerners have been **ALL ABOUT MONEY**, specifically worthless-fictitious **DeBeers-Dollars**.

With that in mind you can appreciate how **EXTRAORDINARILY TRAUMATIC** it is **NOW** for such peoples to get their "*arms around*" the truth of their so celebrated Normandy Invasion where Allied Commanding Officers simply threw their young flesh on to the beaches of Normandy where they got shot to threads just for the **SINGLE** reason of letting our future tyrants and their "*second-in-command*" know how "*cold blooded*" us **DAAC** controlled ruthless westerners **WOULD CONTINUE** to be should any "*second-in-command*" make the mistake of "*jumping the gun*".

You should also know that Tefo is an athlete who today while half my age may not be close to being in as good shape that I am which only means that he and I could both still improve significantly which is not to suggest that either one of us will live long enough to get in to **MDG**'s awesome shape.

It is very important if your dream is to understand exactly how the whole system works and what your "*role*" is that you never not for a minute forget the ingenious design of the body.

The fact that there are so extraordinarily few clerics in the entire world in good physical shape eating themselves to death while thinking nothing of the hypocrisy while they preach all about the "goodness" of our Superior Being, rarely if ever talking about God being **SMART** for that would begin to beg far too tough questions.

One of the things one notices in China is the fairly large number of Buddhist Temples **BUT NOTHING** like the number of blood sucking churches, synagogues and mosques that we have here in the United States.

Without the poor there would be no church and without the church there would be no poor.

Those Chinese officials in charge of taxing those Buddhist Temples especially those in the high rent districts should be revered and honored.

The United States of America is in **MUCH BIGGER** trouble than anything so far reported in the mainstream media.

I heard the other day that this one right wing talking head on radio, Rush Limbaugh has a brother who wrote a book titled, **BANKRUPT** which Limbaugh apparently said was a "*good book*" while at the same time **MAKING CERTAIN** his readers **UNDERSTOOD** that his brother had not asked him to promote the book.

Rush Limbaugh is a liar but no different to every single member of the western media, so far I haven't found a single exception.

Limbaugh is a crook simply now trying to "*cover his butt*".

I know versus believe that Limbaugh and Co. are reading just like their puppeteers at the top of the **DAAC** pyramid everything that I write.

Moreover, Limbaugh and Co. know that not only do I speak the truth but I can in fact spell things out pretty clearly even without an editor.

Limbaugh's brother for all I know may have gleaned more than just a little insight from my insightful and heavily broadcasted missives.

The fact that Limbaugh's brother would write a book with such a **BOLD** title and yet the President of the United States has **NOT YET** called for an immediate suspension in the trading of shares of public corporations thereby protecting the innocent and weak tells you that Limbaugh fully recognizes that Americans are **NOT YET** ready to **HEAR THE TRUTH** because they cannot **HANDLE THE TRUTH**.

But that all could change in a matter of moments once the world comes to realize that the Chinese along with the overwhelming majority of Israelis, certainly those currently "calling the shots", are peaceful.

Let me explain this but just a little allowing poorly bred-educated folks here in the western world an opportunity to think that I "**may be**" crazy bearing in mind this is not only a crazy world but my "**crazy thoughts**" will inevitably change the world for the better.

We constantly hear on radio and watch on TV Arabs proud to be killing people in the name of Allah and at the same time saying Allah is great.

And high ranking Christians here in the United States with a much bigger blow horn than the Mullahs with their loudspeakers **ARE ALLOWED** to broadcast calling for the killing, also in the name of God, of Chavez, President of Venezuela who has yet to call for all the world's net exporters of oil to refuse the worthless-fictitious and so blood stained DeBeers-Dollars.

The non-fanatical State of Israel, denounced by the **DAAC**'s fanatical Hassid-Black Hatters, is just standing the ground for the right to exist outside of religion.

With each passing moment the "partnership" between Chinese and Israelis is, thank G-d, getting stronger, perhaps even right this moment at the point where the war mongering fanatics **DARING** to clothe themselves in the brotherly love of both Christianity and Islam will begin to, "**shut the ef up**" [sic]!

Looking forward to seeing you again soon.

Peace,

Gary
