**Subject:** "Free Market" - Diamonds are not forever

Rod,

To what extent do you believe is the effect that the De Beers Anglo-American diamond monopoly which has no entry for competition and has operated for more than 100 years without interruption has on our "free or mixed market system"?

To what extent do you believe is the effect of an untraceable unregulated currency in the same said market system?

The following is an excerpt from Wikipedia: FBI Agent Robert Hanssen who is responsible for the worst security breach in US history

"Hanssen was arrested on February 18, 2001, at Foxstone Park near his home in Vienna, Virginia, charged with selling American secrets to Moscow for more than \$1.4 million in cash and **diamonds** over a 22-year period. On July 6, 2001, he pleaded guilty to 15 counts of espionage in federal court. He was subsequently sentenced to life in prison without parole. His activities have been described as "possibly the worst intelligence disaster in US history."

Do you think that Robert Hansen is the only person to have ever been paid in untraceable unregulated diamond currency?

Do You think JP Morgan co-founder of the Federal Reserve System, ever thought that the masses would ever realize his role in the creation of the most transparent money laundering system when he formed Anglo-American alongside your son-in-law's great grandfather, Ernest Oppenheimer?

I don't believe that you are Jewish, but does it upset you or any of those around you to know that according to the United States OSS and the US Justice Department, Harry Oppenheimer was supplying Hitler with diamonds both as currency and for the much needed precision tooling necessary to amass a military capable of taking on Europe and wiping out 6 million of the best and brightest?

Does it bother you to have to visit your grandchildren in South Africa because their father is not allowed to set foot on US soil without of course incriminating the US Justice Department that much more?

Have you ever read the non-fiction novel "The Diamond Invention" by Edward J Epstein?

P.S. When forwarding this on to Jonathan, please make note of the entire CC section and be sure to remind him to add Special Agent Curran Thomerson from the San Diego Field Office to the payroll as I'm sure he is not compensated enough by the US Government.

P.P.S. When next passing Michael L. Weiner in the halls at Skadden's New York Office, pay careful attention to his eyes as they will tell you if his lack of action as Skadden's New York, Partner responsible for "Antitrust Matters" is due to his culpability, stupidity, or both.

Carina,

What prevents you from hitting delete right now, clicking the hyperlink below taking you to my mother's record, THE IMPORTANCE OF BEING A WOMAN, spoken in the "Queen's English" available free of charge on just3ants.com?

<http://www.just3ants.com/FamilyTrees/GevisserBadash/zena/impwom/default.shtml>

Hello, my name is Gary Steven Gevisser.

Keep Smiling!

Just go to just3ants.com.

Apart from your mindless mind, what else prevents you from being nice and kind, like Israeli army trained Shunit, so charming just like my Charm School teacher mother, Zena Badash-Ash Gevisser, who in response to me thanking her for sending a bunch of new email addresses of her closest confidantes responded:

**From:** [shunit@att.net](mailto:shunit@att.net)  
**Sent:** Friday, June 06, 2008 2:12 PM  
**To:** [gevisser@sbcglobal.net](mailto:gevisser@sbcglobal.net)  
**Subject:** You are welcome :)

You and Your Lovely wife and family have a great weekend.

Cheers.

When I asked Shunit if she would quickly review this email I am sending you to make certain, most of all, that I have the "sics" in the right spot, this not exactly light-weight Krav Maga trained American-Israeli replied:

My dear Gary,

Just finishing My Break from Oil painting My next masterpiece.  
going back to painting at the beach house here in Florida.  
no time to review now..sorry..but would love to review after the weekend if still needed.

Cheers.

Gold closing at US\$902.20 and President George W. Bush has yet to call for an immediate suspension in the trading of shares in public corporations, nor has his administration or the US Congress commented publicly on the earth-shattering implications of the very easy to understand Israeli Military Intelligence report only available for public viewing on just3ants.com; that is of course, much more significant given the power of the Internet than the Mossad on June 8<sup>th</sup>, 1967 after Israeli Military Intelligence knew that the US 6<sup>th</sup> Fleet would be launching fighter-bomber-jets carrying nuclear weapons, letting not exactly stupid Robert McNamara, US Minister of Defense/Offense, know in no uncertain terms that Israel hadn't fallen for the trap set by the US Government when placing the USS Liberty in "harms way"; all the while Israeli military intelligence waiting as long as possible for the routed Arab armies to break protocol and reveal coded messages that proved extraordinarily helpful in future conflicts including Operation Green Island which took place on July 19<sup>th</sup>, 1969, the eve of Neil Armstrong stepping foot on the moon, resulting in Ami Ayalon, a member of Flotilla 13 who went on to become the Admiral of the brutal Israel Navy and today the most powerful person in all of Israel, "Minister Without Portfolio" receiving the highest awards for bravery, making Ayalon even more highly decorated than highly decorated Ehud Barak, Israel's Minister of Defense who you recall was the head of the Mossad as well as Prime Minister of Israel when the Mossad placed a loaded, very powerful gun, at the head of De Beers President Bill "Rhodes-DeBeers Scholar" Clinton who felt he had no choice but to grant Marc "Trading with the enemy" Rich a presidential pardon at the 11<sup>th</sup> hour and 59<sup>th</sup> minute of his illegitimate presidency.

Why complicate matters by placing your short hairs in more of a knot?

The entire world is already on a "short fuse" and don't think you can speed it up even if you think you have a tighter connection to Hashem-God-G-d which I agree you have given how our smart Hashem knows to work through the minds of the mindless who serve as a warning to the rest of us.

You just can't get enough seeing our Hasidic-ultraorthodox Jewish-Black Hatters not only promoting worthless-fictitious De Beers-US Dollars when they have non-fanatical Jewish people such as myself meeting with their

Grand Rebe Schneerson but when dressed in much more "with it" clothing visiting with us here in Del Mar

where they all know just like you that those two diamond wholesale-retail stores fix the price of all real estate not just in heavily real estate and city council corrupt Del Mar but wherever the De Beers-Anglo American Cartel are allowed to operate and you know I would know because I worked for Codiam Inc. on 47<sup>th</sup> Street New York

City and you would also know that not just anyone can work for this most important sight holder of the DAAC, the mafia of mafia.

Moreover, as I now suggest very strongly that you "chill out", you are not alone in perfectly understanding that De Bees and Co. only have Codiam Inc. on U.S. soil in order that this special interest of special interest group constantly be "in the face" of the United States Justice Department whose very top officials don't let a day go by when they don't recall the EXTRAORDINARY SIGNIFICANCE of De Beers forcing President elect John F. Kennedy to meet with Anglo South African Harry Oppenheimer at the Carlyle Hotel in broad daylight with again much more than the US Secret Service getting the message, LOUD AND CLEAR as to who exactly they were all working for.

<http://www.edwardjayepstein.com/diamond/chap18.htm>

Furthermore, it is nothing short of heart stopping once you cannot get out of your increasingly feeble mind the extraordinary charade that was going on at the Carlyle Hotel located on the upper east end of New York City just moments before the incoming President of the United States of America who also carries the title, Commander In Chief of all US Armed Forces placed his one hand on the bible and the other raised before swearing to God/G-d/Hashem to "uphold the law".

Such a most unforgettable event having been most carefully rehearsed at Harry Oppenheimer's partner's Camp Chaleur estate across the border in Quebec, Canada. Read now very carefully the story told by one of American Charles Engelhard's "hired hands" by clicking the hyperlink below:

<http://www.nextraterrestrial.com/pdf/The%20Atlantic%20Salmon%20Federation.htm>

You cannot associate with hypocrites without compromising your truths; i.e. your ability to determine right from wrong.

Was that your brother Garry freakin out in that freak out video we all first heard about on Drudge report, tearing his office apart, and not a single rugby player around to tackle him, that has you thinking right now once again what if those 19 House of Saud-Al Quaida hijackers on 911 were Israeli Special Forces trained and wouldn't never have bothered bringing on board box cutters in order to gain control of the planes including American Airlines flight 11 with Sayeret Matkal officer Daniel Lewin on board, most likely the first victim of 911.

Here I am telling you how to get "free platinum" and you choose to "kick a gift horse in the mouth"?

Now your subconscious is not playing tricks on you as you see very clearly the connecting dots between the overwhelming majority of the 19 hijackers, some 15 Saudi Arabians from the House of Saud-Al Quaida that features prominently in the most important Israeli Military Intelligence report of all time.

Right now you can barely mouth the "f" word given how your conscious and subconscious mind has become one most extraordinarily numb mind, the space between your ears a perfect vacuum, just like Deep Space in which no sound can travel.

Everything is blocked out as you cannot recall ever once seeing an Israeli Military Intelligence report apart from the heads up both IMI and the Mossad gave all US intelligence services including the FBI and CIA one month prior to 911.

Your mind is singularly focused also on the fact that you don't need to be a highly skilled and experienced Israeli Military intelligence officer to understand this very easy to understand Military Report of all time because it was developed by the smartest military minds currently alive, fit and well.

Worse yet you have read very carefully the "back and forth" between myself and the Office for the Israeli Department of Defense Attache at the Israeli Embassy in Washington DC who in addition to vetting this most ingenious military report of all time have spelled out in a CLEAR, SHORT sentence what exactly is the function of Israeli Military Intelligence as well as the Mossad at the Office for the Israeli Department of Defense Attache at the Israeli Embassy in Washington, DC.

Cutting and pasting from the email sent to me on November 19<sup>th</sup>, 2007 from the Office for the Israeli Department of Defense Attache at the Israeli Embassy in Washington, DC:

**If it wasn't clear until now, our department, the Defense and Military Attache is responsible for US-Israel Military and Department of Defense relations.**

BTW my so very well dressed, perfect makeup, the very little that she wears, French-Canadian wife is doing an oil painting demonstration at the recently refurbished L'Auberge Hotel in downtown Del Mar this afternoon, where if you arrive in time you can also purchase "sum" [sic] of her very excellent oil paintings, and of course you can commission Marie Dion Gevisser who prices her paintings most competitively, although please make note of the date and time you are reading this heavily broadcasted communiqué so that you don't come back some time in the future and whine about why you should not only have taken the time out to get a lesson in fine art appreciation which an infinitesimally small number of painters know the first thing about let alone critiques who don't paint who should know to just be quiet were it not for the "modern art money me crowd" paying them handsomely to promote worthless-fictitious art that at best goes with the rest of décor, you could come away with something most beautiful to enjoy knowing its value can only go up.

You also understand perfectly well that in addition to being Israeli Military Intelligence trained starting out at an age far younger than those today in both the Mossad and Israeli Military Intelligence "calling the shots" I can focus on more things at once than most women including women who have had children, even

better than most divorced women with children who you know are not only the very best pharmaceutical reps but at the top of the list of those recruiting for the Mossad, the most wired and lethal Israeli mostly foreign intelligence unit.

Consequently, you have little difficulty in realizing, once of course I mention it, that you are not alone in understanding that the Mossad have provided the United States Government who has never been a friend of the fledging State of Israel with enough rope to hang themselves including contributing to the United States Government dependant on oil flowing out of the Middle East that would be quite a big problem if the US Government were to nuke Israel for having survived not just the Israel War of Independence but some 6 decades since.

The FBI agents who arrested top counterintelligence FBI agent Robert Hannsen on February 18<sup>th</sup>, 2001, knew better than to kill him despite Hannsen being responsible for the greatest security breaches in the history of the United States given how Hannsen had chosen very smartly when so pissed off with the corruption of the 3 Branches of the US Government to be paid in untraceable diamond currency.

Bear in mind the Jerusalem Post, not overseen by the dumbest of the Mossad, published my first "letter to the editor" on February 1<sup>st</sup>, 2001 which was in fact an "open public letter", to American-Israeli spy Jonathan Pollard, entitled, "**Heads up, you lose. Tails we all lose**"

Dear Jonathan Pollard;

The pardon of Marc Rich eliminated not only an opportunity of justice being served but it would have allowed the public to view the role that oil brokers play in furthering terrorism.

This debacle also makes a mockery of your fight for true justice. Although you have now shown remorse, into your 16<sup>th</sup> year for providing Israel with a "heads up", your biggest mistake was that you should have charged more, stashed it away in Switzerland, and you would have got your comeuppance a little sooner. Where was your Yiddisha kop?

Your pal, Israel's premier Barak, became so mesmerized by the glitter of "Richy Rich" that he failed to grasp that Rich's under-the-table deals paved the way for Israel enemies to hit soft targets. It is ironic that while your actions strengthened Israel's security, Rich's brokerage operation softened the will of Israelis resulting in the embrace of spiked peace initiatives. Surely you are also wondering if Mr. Barak's source of newfound wisdom comes from reading the funnies having forgotten the History of the Jews.

Barak brings shame to Jewish people who grew up believing that when push comes to shove our leaders would know better than to sell their souls in return for a good shmooze albeit with a womanizer supposedly with a good head, wouldn't you agree? None of us should be all that surprised by Clinton's call. His actions were simply in character but don't try arguing that point to our senators Feinstein and Boxer.

The tail this pardon leaves may yet come back to bite us all. In prison you are safe from terrorist actions. Here in Del Mar surfing conditions have been pretty good lately, but who knows what sharks may appear as the oceans warm up.

Hang tight. Odds are help may yet come knocking on your door but don't count on the Democrats.

Gary S. Gevisser  
Del Mar, California

Don't forget such a published letter, one of 4, all prior to 911 took place some 222 days prior to the House of Saud financed and orchestrated attack that involved using the most unsophisticated of weaponry, not even close to a weapon of mass destruction which the United States Government has used twice on civilian populations whose leadership weren't "playing ball".

You also cannot get out of your head my non-South African Jewish mother making the world aware beginning on October 9<sup>th</sup>, 2001 in her memoirs entitled, "Life Story of Zena" which Zena decided to broadcast via email,

"From the earliest days of 1949, she [Zena] visited Israel two and three times a year writing reports for different publications".

Given how you remain torn between getting in your car, spending the gas money to travel all the way to the L'Auberge to purchase what may very well be the greatest investment you will ever make in your entire life and wondering what came over your mind to have you respond as you did, CAPITAL LETTERS to boot, you therefore would now given how calm your mind is getting to realize why I didn't need any explanation whatsoever when my mother's one most trusted Christian South African personal secretary Elizabeth, very fair skinned, freckled face, most attractive, very excellent figure would end up living in Israel married to an Israeli Officer in the brutal Israel Army.

Now you are thinking more about why my highly secretive most shrewd, most brilliant business person mother who comes from a long line of highly successful international traders, was not in the least bit upset after I shot up the room in our most expensively antique furniture decorated suite at the Arosa Hotel, Arosa Switzerland where we were "vacationing" during the 1970 Christmas-

NEW YEAR AT CENTRAL HOTEL AROSA

[New Year](#) Holidays, just two months before the poison being administered to American Charles Engelhard finally took its toll without Mr. Engelhard and Co. which included his virulently anti-Semitic Anglo South African partner Harry Oppenheimer able to open their mouths.

You should think about quickly getting your own copy of Boris Senior's autobiography, *NEW HEAVENS*, subtitle, *My Life as a Fighter Pilot*, so that you don't have to ask anyone you know who you increasingly distrust what else is there of importance in this very entertaining non-fiction book written by yet another secret member of the Irgun, the more militant Jewish Underground movement fighting the American and British Governments for a Jewish homeland in Eretz Yisrael.

When next in [Arosa](#) you should check out the landing strip Boris Senior landed on when transporting Irgun assassins who were not all Jewish and mostly coming out of France, members of the most trusted French Resistance operating mostly in southern France and northern Spain during World War II given how General Franco in particular did a whole lot more to save the Jewish people from total extermination than simply mouthing off words at Hitler.

You wouldn't have to take my word on it but never, not once, in all our many skiing trips in both Switzerland and Austria

Zena Gevisser, of Durban, and her  
happy skiing session during their recent

did my very athletic mother ever put on a pair of skis which of course doesn't have you wondering much what my highly secretive mother was doing all day, and you have my word she was not close to sleeping all day or for that matter taking saunas and getting massages which of course she also managed to do when not meeting with very important people.

It really isn't in the least bit hard to imagine the smile that would come over my mother's face when I would smile after she would repeat, "The only people of importance I know are all dead" after I would ask, "So when are you going to introduce me to your important friends?"

One would expect my mother's "loyalties" to have been with David Ben Gurion's Hagannah Jewish Underground movement that as far as the rest of the world was concerned was "at odds" with Menachem Begin's, again more militant Irgun.

By way of deception we wage war! – Mossad.

Who else besides for FBI top counterintelligence agent Robert Hanssen responsible for the worst security breach in the history of the FBI and the CIA, has been paid in untraceable, lightweight and never inventoried diamond currency always price fixed at more than both a barrel of oil and diamond tipped drilling bits needed to extract the oil which Israel has and nor will it ever run out of?

Let me know when you have recovered from the OSS, the forerunner to the CIA not being the only intelligence service to have knowledge of Harry Oppenheimer's De Beers providing Hitler with both diamond currency to finance the military buildup of Nazi Germany as well as used in the manufacturing of precision tooling.

By way of deception we wage war! – Mossad.

You recall me mentioning that not only does Israel own not a single oil well but after the 1967 Six Day War where my mother Zena was the first "civilian" allowed into the captured territories of Sinai and where Israel took over several oil fields just to test the oil flow, Israel very quickly gave up each and every oil well.

You recall me mentioning that so far not a single Israeli fighter-bomber-jet has ever run out of jet fuel even when on practice runs between Israel and Morocco.

You understand that when you have the big gun you don't pay either for your own intelligence or weapon system unless it is to setup someone such as Marc Rich who remains alone as the only Jewish person alive today, along with of course Roy Essakow and Co. to have profited handsomely from Israel being at war going back to the 1920s when Jewish people in Palestine were being massacred 24/7.

Hit delete.

When you so talkative Jewish South Africans get together at your parties you are all, apart from of course very well compensated Mossad agents, all about one-

upmanship nothing even close to thinking about who amongst you weak kneed are "standup citizens"; although one hears a lot of verbiage, "O he-she is so great, what a mensch!!" when again not talking badly about one another when "feeling each other out", constantly looking for the "soft spot" quite different to being willing to lie on the "wet spot" which is really not in the least bit a problem for those of us athletic, beginning with our minds who understand perfectly well why people such as yourself can't get into the specifics, the knitty gritty of the role played by the clergy of all religions in the promotion of pornography amongst the poorly conditioned when not enticing them to focus on fighting over the scraps dished out by the ruling elite.

One says "No" enough times to a kid, all they eventually want to do is the reverse especially when they figure out very quickly because they don't yet suffer from a lifetime of denial, of lying to themselves constantly, their minds eventually short-circuiting altogether, what utter hypocrites are those just saying "No" before then choosing to be that much more calculating, constantly plotting to see what it is that they can get out of the next person regardless of whether the person has or doesn't have a "value system" since such miserable bastards can't even begin to define their own value system; all about not only what others are overhearing but seeing the reaction of the person you are talking with to eventually use down the line against that person were that person to even ever so slightly "flinch" when next ingratiating yourself with the person you think has the most money to help you that much quicker feather your nest and not have to suck up before getting so old and ugly barely able to walk let alone make love 24/7 to any of these party animals that you all detest having had you waste so much time and energy having to "play the game" when you could have so simply been like me taking Charm School lessons with mother Zena Gevisser very early in life, and today not only be in great physical shape, well under 10% body fat but if not every day then at least every other day making love to the most beautiful, most beyond belief sexy French-Canadian wife who wasn't exactly stupid when choosing relatively late in life to not only be with me but can you believe it, Marie Dion Gevisser has now been married to me since April 22<sup>nd</sup>, 2003.

And before that making certain I had in addition to all the right equipment, kilt, sparrows to boot, a heart as strong as a bull, "Giddy up!!"

Go ahead eat your heart out.

Weak ego comes from parents who try to create co-dependants, all beginning when parents step in when the kids start to fail.

I think, but correct "m3" [sic] if you disagree, it is very clear who I am; although there is nothing to stop you from corresponding with both my parents, Zena and Bernie as well as my 3 older siblings who would advise you and so would our Professor Rabbi Abner Weiss to go very quiet.

I take it since you choose to respond, copying the world, that you want to join your kind; you feel the more of you on the "\$ hit list" [sic] the stronger you feel your bonding?

You can't, however, stop yourself from wanting to join your kind who like you choose carefully and might I add most poorly not to fill out the "sign in sheet".

You are, in attacking me, aligning yourself squarely with the Roy Essakows of the world who know better how to behave.

Then again Roy was not raised by my mother Zena Gevisser who did the best she could to give Roy, my best friend growing up in South Africa a "value system" and when he got caught when stealing a bottle of orange juice, very possibly the first time in his life he had done something wrong, instead of his father Natie giving him one most incredible crack across the face at the Police Station my mother advocated to Natie and Norma that they should demand that Roy be prosecuted to the full extent of the law.

Pretty radical stuff, most would agree, for a young teenager who was on a fast track to be hired by the Mossad were it not, however, for the fact that Roy like his brother Jeffrey, also an above average athlete, were simply very average in their academic studies, both struggling to pass even high school, having to learn pretty much everything "off by heart" and just hope that the very little they could remember would be at least part of the final exam questions; no different to most all over the world so very poorly schooled under the utter nonsense Bell Shaped curve educational system that has the most average such as yourself and those whose company you keep rising to the top and when you don't even have enough brains to steal legally given how you have no moral compass, and something I can prove beyond a shadow of a doubt in any court of law before any jury of our peers, you get very bitter and resentful and withdraw that much more into your ever tighter inner circle made up increasingly more so of crooks and dumb asses.

You would know why my most brilliant and worldly mother would ask me the rhetorical question, "Who do you want to be in business with, an honest fool or clever crook".

Neither Jeffrey nor Roy Essakow are speaking out today so what makes you think you are smart enough to be their spokesperson?

South African Jewish people face a much tougher decision this very day than Jewish people elsewhere as well as the majority of the world who are "goyim-Gentile" because not only were the majority of us raised to listen carefully to our elders better versed in the great teachings of Judaism beginning with the 11<sup>th</sup> Commandment, "Do unto others as you would want done unto yourself and the rest is commentary" which you would also know given how well you **say you know** Hashem/G-d is the "essence of Judaism", but to search for the truth beginning with the atrocious verbiage of most Jewish South Africans getting more than their fair

share of the graft-spoils of the United States of America's South African Apartheid laws,

"If there wasn't a Black problem in South Africa there would be a Jewish problem".

Again, you understand perfectly well as you look one another in the eyes and increasingly less so given how so uncomfortable it is and getting worse with each forward movement of the clock, that the Apartheid Laws backed up by the brute military might of the US was all about getting not only cheap labor for De Beers mines but to promote worthless-fictitious and so very blood stained De Beers Dollars.

You all also know how very inexpensively Roy Essakow got bought off with some US\$30 million that he then used to co-opt-corrupt all those including all those who attend his and his family as well as friends big South African parties where all you talk about when again not talking badly about one another is how much money this and that person has without once ever talking about each of your non-existent value system, forgetting so very quickly not only from where you come but the great teachings of the "wandering Jew" that is all about never forgetting to question the "status quo" that had us Jewish people being wiped out in pogroms long before the stooge Hitler came along and De Beers began to implement their "final solution" that can today be seen in the way you and those who keep your company behave, beginning by ridiculing me simply pointing out all your abominable hypocrisy.

Of course it is much easier for Jewish South Africans more so than any other ethnic group in the entire world to connect the dots between you responding as you did, trying to trash me for simply pointing out what it is that you fear most which is me now explaining Jewish South Africans greatest fear.

Begin by planting in your head, "Marc trading with the enemy Rich Flower Hill Mall".

Second, , "Roy Essakow top Lieutenant of Marc Rich also living the life of Riley in Zug, Switzerland".

Third, "Both Marc Rich and President Bill "Cecil Rhodes-De Beers Scholar-Lawyer" Clinton wanted that Presidential Pardon at the 11<sup>th</sup> hour of Clinton's presidency as much as both of them wanted a Mossad bullet fired into the back of their heads leaving a tennis ball size hole between their ears".

Fourth, "You are not only what you eat including non-vegetarian Kosher food that once had a heartbeat but who you keep company with".

Fifth, "All those **who** attended Marc Rich-Roy Essakow-Jeffrey Essakow- Schachat-Flower hill Mall for Shaun Tomson's book signing last evening have the blood on their hands of those Israeli border soldiers who in the early hours of the 1973 Yom Kippur War had their genitals cut off and stuffed in their mouths, some while still alive, what a way to start the Jewish fast."

Sixth, "Immediately following the Beijing Olympic Games Al Quaida-House of Saud-Sec. James A. Baker III's law firm et al will launch a series of attacks on the oil fields of Qatar, Kuwait and Saudi Arabia that in the next instant will paralyze the U.S. economy"

Seventh, "Senator John McCain, Senator Barack Obama and Senator Hilary "Bill-Rhodes-DeBeers-scholar-lawyer" Clinton have yet to comment on the Mossad back on June 8<sup>th</sup>, 1967 advising the US Government in a CLEAR, SHORT sentence that within moments of Tel-Aviv becoming part of a nuclear mushroom Washington DC would be no more and with everything sacred to the Wandering Jewish people safely stored on the world's most advanced nuclear submarine **fleet** that could remain underwater until Kingdom Come, following the Admiral of the US 6<sup>th</sup> Fleet launching **fighter-bombers** with nuclear weapons on board to nuke Israel given how the entire US Government knew that it was Israel who had attacked the totally defenseless USS Liberty where it shouldn't have been

When you stop responding so will I.

BTW didn't you just love my misspelling of the Monterey Pines in my last "closer look" communiqué to President Bush; and of course if I had realized it I would have placed a "sic" right after misspelling them, "monetary".

Let me know show you a photo of Greedy Greg digging away at the cliff here on 11<sup>th</sup> Street-Smugglers cove, paving the way for the regular shipment of drugs not all from Mexico.

Below is Greedy Greg walking away from both his spade and my camera

BTW, don't you just love the comment coming out of the so very appropriate, so on top of things Merna, when greeting the regular surfers yesterday morning at the front entrance to her home at Smugglers' Cove, "My shipment came in yesterday, you will have to wait for yours!"

It is time, wouldn't you agree that surfers especially those who don't play "pro surfer" stopped getting such a bad rap bearing in mind it is only the so very non-athletic like The IT and Co. who profit so handsomely when espousing, "Don't do drugs" that has the kids who know what hypocrites they are doing just that and not even figuring out how they are playing right into the hands of the ITs of the world and their Trust-Hush-Kids.

Kids know perfectly what they are doing when knowing the "right answers" such as not having to be told time and again to pick up their dirty plates let alone have to wash their dirty plate, and my God what if the dirty plate in the sink isn't there's, worse yet the words that are used "Why do I have to ask you or direct you to pick up your dirty plate" these so very manipulative kids who grow up to be diks use talking time and again as a security blanket so that they don't have to think.

When you smooze-snooze you lose!

Your move!
