Subject: RE: Ignoring our truths

Would you care to comment on Israeli Chaim who looks so very similar to my cousin Jonathan Gevisser, since arriving in the United States some 35 odd years ago has had to "play the game and still keep it straight"?

What about your thoughts on people like Jonathan Gevisser spending a lifetime trying to help educate impoverished Black South Africans, now waking up in his mid-50s to the fact that he has not only been "chasing symptoms" of problems, but his first cousin, author-journalist Mark Gevisser along with Mark's father David Gevisser have been laughing their heads off at the likes of Jonathan Gevisser under the guise, "The road to hell is paved with good intentions".

Now what do you think of those who cozy up to people they know beyond a shadow of a doubt are "users to the nth degree" with no moral compass and who would sell not only their immediate family for money, but each and every one of their friends including those who know all this but choose poorly to cozy up to them because those doing the schmoozing take no fault with "ignoring their truths".

Can you give me examples of such people along with their email addresses?

And thank you again for allowing me to add you to the "\$ hit list" [sic] and in the process increase the circle of those dependent upon my insight and analysis of the important events of the day.

Thank you again.

Subject: YOU WILL SELL YOUR BROTHER FOR MONEY - professors of economics - colored charts - wrong in life - food for thought!

Raj,

Can you confirm that you understood everything I wrote in my previously heavily broadcasted communiqué to you that now has you up on the "\$ hit list" [sic]?

Would you also be able to understand why someone like Eric of ericswissphoto@gmail.com would decide to "verbally accost" me when first seeing me earlier this afternoon, calling out from across the open bar of Il Forniao on the deck of the Del Mar Plaza,

"Please would you remove me from your email list. I am asking you civilly".

And when I just as civilly responded, "I got your emails asking me to remove you from my email list, and again I ask you why would you have given me your email address in the first place were it not for the fact that you were first trying to see, in my humble but seasoned opinion of course, if you could get something of value for free", Eric quickly dropped his "civility" and began to use the most atrocious foul language, including, can you believe it, 4 letter words including the "f" word.

I think you would wholeheartedly agree without me having to spell it out for everyone listening including barman Matt that Eric could then use my insight and analysis of the important events of the day to, at a minimum, impress his lady friends who he lets know, just like he let my French-Canadian wife and I know that he spends each and every year the sum of US\$25,000 at the bar of Il Forniao alone that he thinks, again in my humble opinion, affords him the right to try and embarrass me by shouting out loud for everyone to hear and at the same time show that in addition to his growl he also has big teeth when smiling but I cannot say for certain whether he flosses twice a day if at all, like most bad breath people.

And thank God Matt was standing in the serving section of the bar acting as one most excellent buffer given how I was quite certain that Eric was sharing most of all with Matt his airborne particles of feces.

Moreover, when I felt the need all the while preparing myself for Eric grabbing hold of a full bottle of wine and throwing it at me, to be able to duck in time, to then inform Eric who didn't look like he has ever computed all that well, apart from when exiting his mother's womb, that there is nothing free in life; i.e. there is a hefty price we all pay when turning a blind eye to evil beginning with why US Americans have paid so little at the gas pump all the while arming Israel's enemies with all their weapon systems, Eric then couldn't help himself but to inform me as well as again everyone listening in including Adam L. Tucker who was joining me for lunch

that he, Eric, was "born in Israel" although when Eric and his new girlfriend of a month or so had first met with my F-C wife, all Eric had said about his past was that he was Swiss; not to mention when I started to give my food order to Matt in Hebrew, Eric quickly responded for Matt, letting me know that he, Eric doesn't speak Hebrew.

I am not quite sure how this is all going to come out on the Silver screen so it might all have to be edited out.

Tell me, would you trust a word coming out of Eric's mouth or would you simply be interested if you were say in Matt's shoes with Eric simply paying his bar bill?

Now I would like to share with you the reaction of another photographer Michael Boyd aka topped-87623 to the heavily broadcasted communiqué I sent you earlier:

Wow, that message made no fucking sense at all. Of course, you mentioned your mother, Dr. Freud would have a field-day with your mental issues. Here's a suggestion, why don't you try and MAKE SOME FUCKING SENSE when you send messages instead of just rambling. It is just a suggestion. You have some serious Mommie issues, get some help.

BTW I left a voice message for FBI Special Agent Curran Thomerson right after the most delicious lunch at the inside bar of Il Forniao where I got greet my friend Ulysses the very excellent and so very on-top-of-things General Manager of Il Forniao who you will recall spent 17 odd years in competitive sailing competing in events like the grueling America's Cup before settling down and taking on the very demanding job of General Manager of a successful mid-to upper end Italian restaurant chain where one gets extraordinary value for one's money even if you are not as fortunate as my F-C wife and I to enjoy on occasion specially prepared most mouthwatering vegetarian dishes prepared by their one Chef partner Alfonso; and please let me know if you would like to see a photo of Alfonso alone as well alongside so very beautiful Marie Dion Gevisser.

You may or may not be interested to know, and please let me know, that while deciding what we were going to order for lunch I began a conversation with a gentleman who is the splitting image of my one cousin, karate king, Jonny Gevisser whose now deceased father Leslie was the older brother of David Gevisser, still the American head of the De Beers Anglo American Cartel who for more than a century now have owned the entire world's drilling industry; i.e. OPEC and then "sum" [sic].

It turns out that Chaim is Israeli and has been living in the United States from just prior to the 1973 Yom Kippur Oil War; and of course you recall oil trader Marc "Trading with the enemy" Rich who received the most bizarre Presidential Pardon from Bill "DeBeers-Rhodes Scholar" Clinton at the 11th hour of his presidency.

Of course Chaim's Hebrew was better than Eric's and so was his knowledge of American-Israeli relations.

Although Chaim only joined the Israeli Army as a paratrooper in November 1967 he was involved in "mockup" operations in what many refer to as **the** "west bank" although I am not certain Chaim referred to such areas in and around Old Jerusalem that others call the "occupied territories" captured during the 1967 Six Day War when my highly secretive mother was afforded the honor of being the first civilian in to what she, Zena, refers to in **her** biographies as the

"captured territories of the Sinai".

<http://www.just3ants.com/FamilyTrees/GevisserBadash/zena/impwom/default.shtml>

My main interest was in seeing how long it would take for me to explain all the many thousands of emails I have sent out when first beginning to go public with my "findings" starting out on October 18th, 2000 with this [Perspective One](#) to coincide with the 77th birthday of my amazing father, Bernie Gevisser who flew alongside Israeli Air Force Commander Syd Cohen on many of my dad's 71 miraculous missions dive-bombing the crap out of the De Beers Nazi bastards over the skies of northern Italy.

All in all it took no more than 7 minutes bearing in mind that Rome most likely burned in 7 days.

Chaim, which translates literally into English, "Life" understood perfectly well - bearing in mind that Hebrew is much more precise than English - that only one most extraordinary "Act of God/G-d" could have saved the State of Israel giving how it has survived now war after war after war, beating the most incalculable odds, up against the extraordinary military might of both the British and American Governments from the Jewish State's very beginnings when the most informed Jewish and non-Jewish people in the world including Field Marshalls Jan Smuts and Montgomery didn't think with the US Government in particular being "no friend" of the Jewish State, the State of Israel would last no more than a few hours allowing Hitler's Total-**Final** Solution to become a reality.

After thinking very carefully about everything I had to say which of course included information that Chaim was totally unaware of as are most Israelis, this in very good shape 59 year old remarked:

"When I arrived in the United States it wasn't long before I got into an argument with a group of Americans when letting them know how hypocritical it was for them to say that the US was a friend of Israel when 'you sell weapons to everyone. You will sell your brother for money'".

You understand why people like President George W. Bush cannot tell Americans the truth because they cannot handle the truth; no different to anyone whose history books have been written by the victors who simply had the bigger guns and no moral authority.

In due course I will be explaining in my follow up to Bill Kovarik what exactly it means to those who have no "moral vest" a choice of words I first heard coming

out of the mouth of Fidel Castro in the movie Fidel by film producer Estela Bravo after a reporter asked Fidel why he doesn't wear a protective vest under his shirt which had Fidel showing his bare chest and proudly declaring, "I have a moral vest".

It is quite daunting for each and every one of my adversaries, young and old who realize that with each tick of the clock they have less and less of a "moral vest" as well as not being able to rely as much as they have in the past on authorities like the FBI, CIA as well as local law enforcement like the San Diego Sheriff's Department to do their "dirty work" to try and shut me up.

Moreover, there are more than a million American service people, most of whom are either patriotic and/or forced into the "economic draft" and like their counterparts throughout the western world including Israel are not multi-millionaires only now beginning to figure out why none of the billions upon billions gifted to Wall Street never trickle down in time to them who are doing all the heavy and most brutal lifting.
