Subject: **NOT EXACTLY KIND TO FREE MARKETS...-----** thoughts from wendy / Gary

Let me explain to you and your not exactly kind to "*free markets*" DeBeers-Anglo American Cartel bosses exactly why it is that you, who have shared with me in order to help alleviate your increasingly non-existent conscience the corruption at the megalopolis AIG-Marsh & McLennan-ACE Ltd, "**no longer communicate with**" me.

Does the first sentence of my last heavily broadcasted missive to you that read "**Explain in simple English what you have done to expose the corruption in your fony corporation**" ring a bell?

When can you arrange a time to be interviewed for one of our VODcast segments?

Adam

I thought these were great,,,,,

King Solomon says in Proverbs 17:1: "Better a morsel of dry bread and tranquility with it, than a house full of feasting with strife."

The prosperity and success of the wicked, however impressive, is only an illusion. Many people live in a state of discord - with family, co-workers and neighbors. Far better is the life of the righteous man - even if he has only a crust of bread - because he has peace in his home.

Inner serenity is the essence of true success in life, and this is totally independent of material possessions.

However - I thought the below was abhorrently rude and obnoxious - and precisely why I no longer communicate with Gary

"It appears to me that the time you spent with me and Marie at the cliff was pretty much a total waste of time...."

Gary could do so much more if he could just curb his tenacious zeal with a smattering of kindness and empathy once in a while

Good luck
