Subject: Richard, I had sent you an email earlier asking if you could give me a telephone number so that we could speak.

Of course I understand that you could be away from your computer or doing something more important. That is one of the things WE ALL love about email.

As you know I am 51, the same age or thereabouts of my uncle Dave when I went to work for Codiam Inc. headquartered on 47th Street.

I know perfectly well that you are "invested" in believing that everything is about "money" and it comes through in all your writings.

You are only now finding out that money is not simply "one means of exchange" it is a total and complete "smokescreen" and of course in the next instant of me saying that you will say to yourself, "I agree!".

Let me also tell you that I didn't really need Boris Senior, a former secret member of the more militant Irgun Jewish Underground movement who later became Deputy Chief of Staff to the brutal Israel Air Force to tell me just days after I met with Ben Gurion, the first the head of the Haganah Jewish Underground movement before becoming the first Prime Minister of Israel and first official head of the Mossad that if I wanted I could be one day the head of the Mossad.

Up until this email from me, you hadn't heard me mention the name Mossad, [Ben Gurion](#) or for that matter Israel, at least as best I recall.

Suffice to say my uncle David Gevisser's one author-investigative journalist son Mark Gevisser, is the autobiographer of Thabo Mbeki's autobiography.

Let me assure you that neither my uncle Dave or my cousin Mark are in any way connected with the Mossad and if they were it would be only to expose them that much more.

There are 2 more emails I plan to broadcast later today, if time permits, before continuing my ongoing broadcasts to President George W. Bush.

You will not be able to reach me for the next hour or so but if you have any questions you can email Adam L. Tucker my one American programmer who is very much "on the ball" and more likely than not able to answer all your questions.

Subject: HAVE A NICE DAY - REPETITIVE - RE: jerk

Both of you seem much quieter these days and very possibly refraining even less when using the "f" word when in the company of all those who subscribe to your "value system" increasingly feeling isolated, even in your own thoughts that you find yourself increasingly questioning?

Is it just my imagination?

Read this [hyperlink](#) taking you to Richard Cummings, "A Diamond Is Forever: Mandela Triumphs, Buthelezi and de Klerk Survive, and ANC on the U.S. Payroll"

and figure out why it will feature prominently in my follow up to now very quiet Professor Geoffrey Rothwell of Stanford University.

Also, forgive me for being repetitive, let me know what you thought of this "Extinction of mind" email to Adam after you have read it now for at least the 5th time.

Take your time, I am in no hurry.

Ps – Don't you just love the "calming influence" those not yet co-opted-corrupted by this "money, me" culture will be getting when coming to www.just3ants.com in the process of a major update, feeling not in the least bit threatened by the words, "Extinction isn't a bad thing!" let alone thinking in the first split second that this has to be one of the dumbest if not the dumbest website.

Do you notice as do not just me how all those BIG NAMES you see on TV and hear about on the radio including folks like Nelson Mandela who continue to be adorned by their millions of fans are beginning to show cracks in their very thin veneer that is more than just them increasingly aging that much more poorly?

Come on and admit the fact that if you weren't so very stupid and totally co-opted-corrupted you would be enjoying life right now as much as me to the point that you wouldn't be feeling as much your fat cells telling you to keep feeding them to a premature death.

Of course you also better understand why the consensus of the rest of the world making up some 96% of the world's population is that US Americans "Live to eat" while the so very aware, so art cultured Chinese, so very calm knowing that their Special Forces are Israeli Special Forces trained, that they can continue to remain so very non-aggressive, not even unloading in any hurry their worthless hoard of De Beers-US Treasury Bills, continue to "Live to learn" much like the overwhelming majority of Israelis who are not in the least bit fanatical or for that matter aggressive, just wanting to live in peace with their equally non-aggressive, living to learn neighbors.

You would understand if you had just a morsel of a brain between your ears versus a perfect vacuum of space that the Great, most ingenious and so very vengeful Hashem has taken over that those such as the Ayatollah Khomeini who most westerners consider subhuman were not simply far better raised and educated than you imbeciles but really and truly understood the extraordinary teachings of folks like Aristotle and Plato and at the same time thoroughly enjoyed their high level command of mathematics that is the first step required in logical thought processing.

You will let me know when you and all your imbecile friends have got over the trap set by the heavily corrupt De Beers US Government that resulted in the Soviet Union invading Afghanistan setting in motion the extraordinary build up of what was already an out of control US Military-Industrial-complex all the while creating

upheaval in the Soviet Union leading to their bankruptcy and most brutal civil unrest; and of course you know the Russians are also very good fighters and once you have the truth on your side; i.e. can trust both your weapons systems and intelligence your enemy is fucked.

Have a nice day!

Gary:

Thanks so much for this, which I shall need to digest. In the meanwhile, have you read my biography of Allard Lowenstein, "The Pied Piper-Allard K. Lowenstein and the Liberal Dream." It was originally published by Grove Press and is out in an updated paperback. It contains a rather different history of the anti-Apartheid movement that one generally reads. You should appreciate it. Back to you soon.

Richard

What do you think?

Should I respond with simply placing a "sic" after his incorrect spelling of the word, "Apartheid" and then carbon or blind copy him on my follow [up](#) to Professor Geoffrey Rothwell?

Could you assist me in getting more email addresses of the folks involved in Roger W. Robinson's Conflict Securities Advisory Group, Inc. www.conflictsecurities.com?

Gold last trading at US\$86~~9.20~~ and President Bush has yet to call for an immediate suspension in the trading of shares in public corporations or for that matter the dire straits implications for the US economy stemming from the Israeli Military Intelligence report that establishes nexus between Al Quaida, the House of Saud, Saudi Arabia and the De Beers mining controlled 3 Branches of the US Government that didn't suddenly become nice, sweet and kind following the last massacring of American Indians in the 1880s.
