Robert,

Adam L. Tucker is "busy".

BTW, my perfect shadow pavilion, mouthwatering sexy, body-to-die-for motorcycle rider French-Canadian wife and I ran into Adam as he was standing outside his studio apartment in Solana Beach waiting for a date-friend to arrive. He told us that he was preparing for her a vegetarian lasagna.

Also let Kerene over at the Office for the Israeli Department of Defense Attache at the Israeli Embassy in Washington DC know if either you or your squash buddy, CIA "Station Manager" of Air America are having difficulty clicking on this [hyperlink](#) taking you to my most recent heavily broadcasted communiqué.

Moreover, the next time you decide to threaten someone such as myself or someone I care about with your access to CIA personnel at the highest levels, not in the least bit ashamed about either the CIA openly hiring German-Nazi War Criminals immediately following the Red Army liberating Auschwitz on February 2<sup>nd</sup>, 1945 or the CIA spearheading the biological weapons programme in conjunction

with the Defense-Offense Force of the South African Apartheid Regime for some 45 odd years beginning some 12 days following the start of Israel's War of Independence or the decision by US Navy top brass to poke fun at both Israeli Military Intelligence and the Mossad by beginning in 1967 and only ending in 1970, the building of the swastika shaped Navy building on Coronado Island, San Diego, the base of the US NAVY SEALs who you would know from surely firsthand experience when taking a break or "tTOo" [sic] during your squash games with British-CIA-De Beers intelligence officers, US NAVY SEALs for good reason have the utmost respect for Israel's most brutal Maritime Special Forces Unit, Flotilla 13, first check to make certain you have at least as big a gun.

Senator John McCain's father, an Admiral in the US Navy was responsible for sending the USS Liberty spy ship into "harms way" on June 8<sup>th</sup>, 1967, two days in to Israel's beyond belief successful 6 Day War with French made Mirage Fighter-Bomber-Jets along with ground and sea based Specials Forces leading the assault, causing the brutal Israel Defense Force who hadn't forgotten that the US Government was no friend of the fledgling Jewish State when placing the most extraordinary arms embargo on Israel both prior to and during Israel's most bloody War of Independence 1947-1949, to respond with superior and overwhelming force.

You would also know the importance of David Ben Gurion "reactivated" to head up the Mossad as well as Israel Military Intelligence in the summer of 1954 following the debacle of Operation Susannah when the lead Israeli Military Intelligence officer in charge of the covert operation in Egypt, all designed to embarrass the heavily corrupt British and American Governments, "turned" most likely before the start of the operation resulting in the capture, torture and execution of several of Israel's best and brightest, Ben Gurion only stepping down as Prime Minister of Israel on June 21<sup>st</sup>, 1963.

You will recall that 5 odd days later, on June 26<sup>th</sup>, 1963, President John F. Kennedy spoke in Berlin, Germany, "Ich bin ein Berliner."

Bob,

What am I the likes of and when did asking someone a question become SPAM?

"I responded to a military.com article about an injustice to the Air Force."

Bob you responded to a military.com article because you wanted to share your opinion with people; what is pathetic is that you see this incident of the Pentagon so obviously making a shot across the bow of China as being an injustice to the air force.

I respect that you served the United States, but you get no free ticket.

"There is much more important work to be done than listening to the rants of you."

I highly doubt that you have anything more important to do than listen to the information I am sharing with you. Nothing is more important than understanding your history.

Don't you think that it is ironic that we spend our whole lives accumulating knowledge and then we die?

Have you heard the phrase, "those who forget the past are destined to repeat it?"

I assume that you have grandchildren and that sacrifices that you made for your country would live on in their lifetime and that of their grandchildren's as well.

I came across this quotation from a letter that Thomas Jefferson wrote James Monroe back in January 1, 1815

"If the American People ever allow the banks to control the issuance of their currency, first by inflation and then by deflation, the banks and corporations that will grow up around them will deprive the people of all property until their children wake up homeless on the continent their fathers occupied. The issuing power of money should be taken from the bankers and restored to Congress and the people to whom it belongs. I sincerely believe the banking institutions having the issuing power of money are more dangerous to liberty than standing armies.

We are completely saddled and bridled, and the bank is so firmly mounted on us that we must go where they ill guide.

The dominion which the banking institutions have obtained over the minds of our citizens...must be broken, or it will break us."

if you consider what is happening right now with our currency collapsing and the US Treasury pushing to give complete control of our countries currency to the Federal Reserve which you may not know is a PRIVATE bank founded by JP Morgan, JD Rockefeller and their cronies in 1913, almost 100 years after Jefferson's prophetic words.

I mean no disrespect to you, but realize that I have to be in your face in order to get you to see what is happening to the country which you once fought to defend.

If you have something more important in your life than the legacy that you leave, please share it with me.

I would also ask that you provide me with the email address of all members of your AFA chapter and any other email addresses that you think might be appropriate.

Cheers,  
Adam

P.S. what do you think of this Naval Barracks built in 1967-1970 here in San Diego on Coronado Island, CA? And please don't tell me that you think that was a coincidence or that it was an Indian peace symbol.

I responded to a military.com article about an injustice to the Air Force. Little did I know that I would be spammed by the likes of you. There is much more important work to be done than listening to the rants of you. Take me off of your distribution list.

Bob,

You sound very much like a friend of mine named John K Pollard Jr., of no relation to the Israeli spy that has been imprisoned in the US for more than two decades, serving a life sentence for sharing information that was already shared.

Despite JKP's formal education at MIT and Cornell, he is very knowledgeable and understands what it means when Israel releases an Intelligence Report that stated the following:

"Immediately following the 2008 Olympics in Beijing China, Al Quaida will launch a series of attacks on the oil fields of Saudi Arabia, Kuwait, and Qatar which will immediately paralyze the US economy."

Where John falls short, is his inability to comment on it or anything of real substance. Feel free to ask him anything, but make sure that you consider his shortcomings when you phrase your questions as he only responds to questions that will allow him to sound intelligent but will pull his punches and when he gets to any subjects that might require him to stand tall no matter how black and white the subject.

The last time you had a thought about the CIA was when I sent you the article which very clearly shows that the CIA spearheaded biological warfare targeted at black people and tested on human beings in the same inhumane manners at which the Nazis tested their biological weapons.

You can bob and weave as does JKP, but realize that an email is a permanent record of who knew what and when. Ignorance is not bliss when you know better and you choose to stick your head in the sand.

Also realize that should you decide to go quiet, your silence will speak volumes.

You may want to visit [www.just3ants.com](http://www.just3ants.com) before you carefully choose how you reply... Be sure to visit our "\$ Hit List [sic]" as it gets updated frequently.

Adam

P.S. Not only do emails put a date stamp on our knowledge, but it also affords a blind copy section which helps to keep people honest, never knowing who is watching and never knowing when you might have to stand by your words.

Adam,

Question 1: Because DOD just found out about it.

Question 2: Perhaps, but this is not a credible warning.

Question 3: No. It has everything to do with the Olympics and a free people being crushed by a totalitarian dictatorship just like the one the Islamoterrorists would impose on us.

Bob,

I read the post that you made on a Military.com discussion board earlier today and I wanted to get the opinion of a seasoned US veteran on the timing of this article discussing the ballistic nuclear missile parts that were "mistakenly" shipped to Taiwan. I agree with you that it not a fair or accurate assessment for anyone to blame the air force for this action, however I think that the timing of this very public article being some 2 years after the shipping mistake begs the question, "why is the Pentagon releasing information indicating that nuclear components were shipped to Taiwan as early as 2006?"

How do you think China will respond to what appeared to be a credible warning that nuclear components are very possibly in Taiwan?

Do you think that the timing of the current Tibetan uprising has anything to do with the CIA as it did in the late 1950s-1960s?

Thank you for your time.

Sincerely  
Adam L Tucker

The article infers that the Air Force is to blame for sending nuclear missile nose cone parts to Taiwan instead of batteries for Huey helicopters. Nothing could be further from the truth. The parts were not controlled by the Air Force but by the DOD Defense Logistics Agency (DLA) located in Utah. The nose cone parts were turned over to DLA in 2005. It was the Defense Logistics Agency that shipped the classified parts to Taiwan, not the Air Force. The article implies that once again, the Air Force wasn't taking nuclear weapons seriously. I must seriously question the wisdom of Defense Secretary Gates in selecting Secretary of the Air Force Wynne to conduct the press conference on the issue. We must ask the question, "Why wasn't the DLA at the press conference"? Where was the DOD UnderSecretary for Acquisition, Technology, and Logistics to whom the DLA reports? Why is the Air Force linked to this matter when it was not the Air Force who shipped the wrong part? Is this Secretary Gates' way of playing the blame game to avoid criticism of his own department?
