Subject: BROTHER BROTHER - RE: Cheers..

What did you think of what my eldest brother Neil, who spent quite some time on Kibbutz Mein Zvi, wrote to Adam L. Tucker and Adam's response? Click [HERE](#)

Not to mention, what I wrote Adam after he forwarded me what Neil first wrote him, click [HERE](#).

I take it you weren't offended when I said that you are at least trained in the basics of [Krav Maga](#); and of course you would know, and again I am not suggesting I would know for certain whether you **are a** member of the Mossad, that Krav Maga, just according to Wikipedia, cutting and pasting:

was developed in [Hungary](#) and [Czechoslovakia](#) in the [1930s](#) by [Imi Lichtenfeld](#), also known as Imi Sde-Or. (Sde-Or - "Light Field" - is a [calque](#) of his surname into Hebrew.) He first taught his fighting system in [Bratislava](#) in order to help protect the [Jewish](#) community from [Nazi](#) militias. Upon arriving in the [British Mandate of Palestine](#) prior to the establishment of the [Jewish state](#), Imi began teaching hand-to-hand combat to the [Haganah](#), the [Jewish](#) underground army. With the establishment of the State of [Israel](#) in [1948](#), Imi became the Chief Instructor of Physical Fitness and Krav Maga at the [Israel Defense Forces](#) (IDF) School of Combat Fitness. He served in the IDF for about 20 years, during which time he continued to develop and refine his hand-to-hand combat method. He died in January [1998](#) in [Netanya](#), [Israel](#).

Interesting that I ended up spending a 4 month Ulpan on Sde Boker [Morning Field] beginning September 1st, 1972, some 3 days prior to De Beers sponsored PLO terrorists beginning to brutally murder 11 defenseless Israeli athletes at the MUNICh Olympics, and some 57 odd days before I met for the first time with David Ben Gurion, the head of the Mossad and Haganah on November 1st, who wasn't the only person aware of what the Mossad had "picked up"; bearing in mind that Mossad had much more than my uncle David Gevisser now the executor of the worldwide estate of Charles Engelhard but more importantly, every meeting attended by my father's first cousin was extraordinarily well monitored, something not only confirmed when I met with my uncle Dave's one group of lawyers in San Francisco right before I joined Codiam Inc. on 47th Street where there was "no job to speak of" but when meeting for the very first time alone with my uncle Dave in 1995 when he felt I could do a whole lot better for myself, given how well I had kept my mouth shut very tight since leaving Codiam Inc. in 1980 after only a handful or so months before taking deathly ill; not to mention how there is a very clear record I know my uncle Dave also kept of our pretty much all day meetings when he first felt confident enough to offer me his job as he "made light" of the "clown" Krok brothers of South Africa who owned Twins Pharmaceuticals who I had assisted over the years; to mention little of my uncle Dave quite "impressed" with how in 1989 I had managed to "shut down" his one son, well-known author-investigative journalist Mark Gevisser after Mark had first thought it

"smart" to write a highly derogatory New York Times article about the Krok Brothers' Broadway Musical, Meet Me In St. Louis that contained not a single Black African American in the cast; to mention in passing, my F-C wife Marie Dion Gevisser has just asked me, "Are you coming?" as she presses the "play button" on a movie this most ingenious, so beautiful, so funny woman has downloaded from Netflix, entitled, "Brother, Brother".

And of course you can't get enough of seeing this photo of the inside of my English Royal Mater-Mother Zena's two bedroom flat in Netanya

And this one below showing its view of the Mediterranean

And "closer to home" this one showing my mother sitting next to a gas-petrol tank in South Africa in 1948

And this one of her sitting in a Rikshaw in Durban, South Africa.

BTW, did you find it interesting that virulent anti-Semite Ernest Oppenheimer had a moustache not all that much different than Hitler?

What about this one of my Dad below, the words written in my mother's handwriting, "Bernie going up" in a very similar plane used by my mother's and father's close friend Deputy Chief of Staff Israel Air Force, Boris Senior, to ferry assassins belonging to the Irgun Jewish Underground movement from France into Great Britain to liquidate British-American military officials who were "uncooperative".

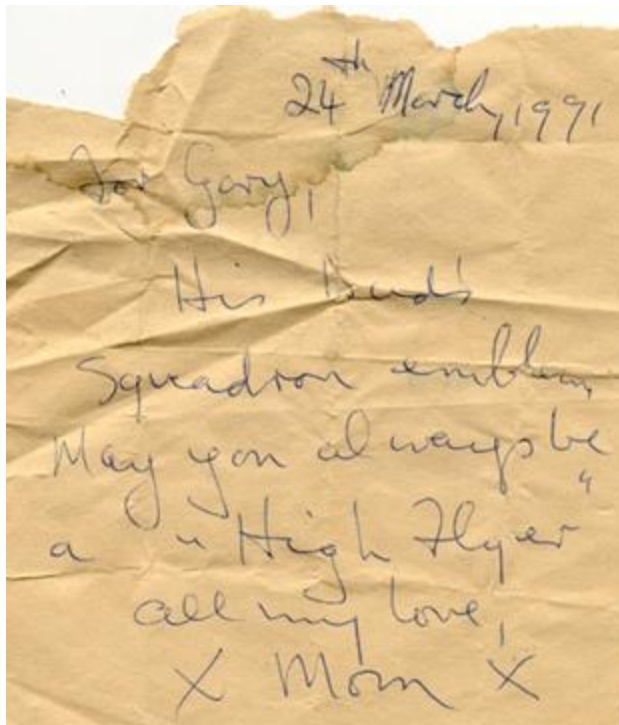

Have you read Boris Senior's book, NEW HEAVENS, subtitle, My Life As a Fight Pilot that may also appear disjointed?

Ps – Would you agree that when people write fiction, it is so much more “floral”, so embellished, the vocabulary is so researched?

More importantly, would you ALSO agree when such people see “no problem” with their “floral arrangements” they don't always realize until it is too late that when blasting those simply pointing out very easy to understand truths such as the truth that those who don't have a “value system” always “go for the money” until they think they have accumulated enough when they can become most charitable, that their “monologues” in fact show how so threatened they were with people like ME and my so very appropriate, so succinct, so very loved; i.e. trusted and respected by those seeking knowledge-information-light-truth French-Canadian wife EXPOSING such good-for-nothings' knowledge of the truths about who and why they chose the company of those dishing out the “easy money”?

What would **you** say about your father and mother?
