**Subject:** **SECRET SOCIETY...----... TO WHOM IT MAY BE CONCERN :**

Besides for my now pulling out all stops to find you a great lover, not to mention we now have a houseful of very good looking middle teenage surfer guys testing out their "***pick up***" moves on my very worldly French-Canadian wife who of course would attract a much larger audience if she were the "main entity" versus the "Queen Ant", a not exactly "inside joke", the purpose of this final heavily broadcasted communiqué prior to my first Video On Demand broadcast scheduled for possibly later this weekend on the [just3ants.com](http://just3ants.com) website, is that I thought it would be helpful in increasing the circle of those dependent upon my insight and analysis of the important events of the day to call upon each of you to pray for an

“intervention” for all those “lost souls” waking up to the fact that their “*state of denial*”; all about grabbing as much money and material wealth before the whole system completely breaks down when they will have to “accept” the reality of the Almighty Powerful Dollar collapsing, is not only being documented but there is a chronology.

The VODcast will be focused on Alan Greenspan’s rather scummy 60 Minute interview a week ago tomorrow in which he seemed to state clearly that his mumblings throughout the 17 years he was Chairman of the Federal Reserve were a carefully orchestrated effort to manipulate the American public who he thought were not only dumb but as a result couldn’t be trusted with the truth; so ongoing inexcusable deception perpetuated by the failure of DAAC interviewer Leslie Stahl to ask the so very logical questions beginning with who exactly had to gain by his nonsense “Fed talk”.

And of course even the dumbest of us Americans know that the “mandate” of the Federal Reserve is only to “EXERCISE GOOD JUDGMENT” when trickling down the cost of the rich getting richer on to the backs of the poor and downtrodden who are rather horribly misinformed by co-opted-corrupted elected and non-elected government officials such as Greenspan.

Not to mention this Central Bank of the United States was established by the DAAC controlled 3 Branches of the U.S. Government including the United States Supreme Court in 1913 one year before the first diamond drilling bit World Oil War I, eleven odd years after the Anglo American Boer-Farmer War of 1899-1902 that combined with the American led 8 Allied invasion of China in 1900 placed the American banking system led by J.P. Morgan on the verge of bankruptcy resulting in the ruling elite beginning the replacement of the Gold Standard with a non-gold backed monetary system that took some 71 odd years to put in place during which time genocides not envisioned in any doomsday scenario took place.

To mention little of J.P. Morgan also financing the DeBeers price fixing syndicate whose founder Cecil Rhodes died at age 49 in 1902, the same year its next head, German Ernest Oppenheimer arrived in South Africa sitting atop the world’s richest mineral resources beginning with gold.

It is rather doubtful that the 60 Minutes bought and paid for DAAC interviewer had Alan Greenspan explain why in the 17 years he headed up the Federal Reserve did he so dramatically deviate from his so very easy to understand 1966 essay, GOLD AND ECONOMIC FREEDOM which made the convincing case for the Gold Standard without, however, mentioning the Diamond Invention which was the vehicle the ruling elite created to pull off the most epic global conspiracy of all time.

I do plan assuming I don’t get distracted prior to the VODcast to watch more than the minute or so I have seen so far of this so very important interview of Alan Greenspan coming on the heels on the inevitable collapse of the world’s capital and financial markets.

Apart from my detractors still thinking it smart to call me “crazy” only because I am painstakingly, methodically and so patiently exposing their corruption, why would I bother focusing on [Marc Rich](#) apart from his surname rhyming well with the rich get richer trickling down the costs of getting rich on to the backs of the poor who are not stupid simply misinformed and this non-remorseful fugitive from U.S. justice not in the least concerned that he would be nabbed by the Feds when a fugitive “*living the life of Riley*” in Zug, Switzerland given all the “goods” he had on the 3 Branches of the U.S. government’s culpability in the

Diamond Invention which was and remains nothing more than a “smokescreen” for stealing the world’s golden colored gold as well as black gold?

Naturally, Mr. Rich who first made his multi-billion U.S. Dollar fortune trading oil with Iran, the enemy of both Israel and the U.S. during the DAAC controlled OPEC oil boycott of the U.S., **WAS MADE** to understand that while the so easily distracted “tits and ass” American public with just enough thrust from turning up and down the volume of the TV remote left only to keep track of their “*In God We Trust*” U.S. Dollar, there were “sum” [sic] of us Jewish as well as non-Jewish independent thinking people throughout the world smart enough not to be distracted by all the “small talk”, relishing Rich not only voluntarily relinquishing his U.S. citizenship when living the high life a continent away from the U.S. and then forced to grovel as Israeli Prime Minister and Special Forces decorated Ehud Barak weighed in heavily in support of this NOT in the least bit bizarre Presidential Pardon which Rich like Bill “*Cecil Rhodes-DeBeers Scholar*” Clinton wanted like a Mossad bullet in the back of their heads, but also figuring out there was no virtue to upon our deaths presenting a materially rich will to a smart and most vengeful Superior Being watching each and every one of our “*fast and loose moves*” in the limited amount of time afforded each one of us not knowing exactly when our time to be the best we could be would end while knowing for certain our lifespan as a human being was limited and for those not “carrying their weight” to return as say an ant that can carry 50 times its weight, again indicative of a smart and vengeful God, who hadn’t forgotten Rich’s treason following the 1973 Yom Kippur War that resulted in the initial hours of Israel’s frontlines in places like the Golan Heights being overrun and those young, inexperienced and defenseless Israeli soldiers, many no doubt virgins, getting their manhood, both penises and testicles cut off and stuffed in their mouths, some while still alive.

What goes around comes around with a vengeance and the ants are winning!

Remember that while no one including the increasingly paralyzed academia know who exactly is getting my insight and analysis of the important events of the day, sufficient remaining logic to understand perfectly well it is inevitable that unless we all get blown up each and every human literate and illiterate will have this knowledge-truth causing the co-opted-corrupted with each passing moment increasing anguish not knowing who is “*up to speed*”, there is this very easy to understand not so Top Secret Israeli Military Intelligence report that now combined with the U.S. Generals declaring that Iran is no longer the evil incarnate has the entire world standing still as Israel, not the U.S., decides it’s next move.

You also perfectly understand apart from us now having the Internet to VODcast at Light-G-d-Speed protected by laws such as “*Free and Truthful Speech*”, intelligence services like the Mossad, no doubt the least infiltrated given how compartmentalized it was to begin with and even more so following the debacle of the Suzannah Operation of the summer of 1954 where the top Israeli military intelligence officer in charge of this covert operation in Egypt had “*turned*” before the operation even began, no doubt his “love of country” set aside like most poorly conditioned for “love of money”, also haven’t forgotten why incorruptible and battle hardened leaders like David Ben Gurion with awesome field commanders like Yitzhak Rabin willing to kill their own, chose not to interfere with DAAC controlled anything but Aryan looking Little Corporal Hitler knowing that this clown’s replacement beginning with DAAC’s South African Apartheid Regime would be SIGNIFANTLY more troublesome as each and every DAAC Allied leader beginning with Roosevelt and Churchill let the entire world know during World Oil War II that they were afraid to use military force on the DAAC who owned them, no different than today with Mr. Mahmud Ahmadinejad and Chavez, apart from of course we now

have the Internet and the “*luxury of time*” to watch and see who exactly amongst us is on the side of light or with the DAAC who interfere with the light increasingly less so.

Not to mention when talking about long-windedness the will of Cecil Rhodes; cutting and pasting from Wikipedia:

In his first will (before he had any real money), Rhodes wanted to create a secret society that would bring the whole world under British rule. The exact words are as follows:

To and for the establishment, promotion and development of a Secret Society, the true aim and object whereof shall be for the extension of British rule throughout the world, the perfecting of a system of emigration from the United Kingdom, and of colonisation by British subjects of all lands where the means of livelihood are attainable by energy, labour and enterprise, and especially the occupation by British settlers of the entire Continent of Africa, the Holy Land, the Valley of the Euphrates, the Islands of Cyprus and Candia, the whole of South America, the Islands of the Pacific not heretofore possessed by Great Britain, the whole of the Malay Archipelago, the seaboard of China and Japan, the ultimate recovery of the United States of America as an integral part of the British Empire, the inauguration of a system of Colonial representation in the Imperial Parliament which may tend to weld together the disjointed members of the Empire and, finally, the foundation of so great a Power as to render wars impossible, and promote the best interests of humanity.

In his last will and testament, he provided for the establishment of the Rhodes Scholarships. The scholarship program enables students from territories under British rule, formerly under British rule, or from Germany, to study at the University of Oxford.

So we come full circle back to Marc Rich being granted by Bill “*Cecil Rhodes-DeBeers Scholar*” Clinton at the 11<sup>th</sup> hour of his DAAC presidency a Presidential Pardon that was for all intent and purposes totally lost on the DAAC Bell Shaped curve educated American masses but of course both the DAAC as well as the Mossad who both draw from the smartest minds throughout the world perfectly understood the significance of this most important event that I wont miss any opportunity to keep pointing out ad-indefinitum.

Shalom-Peace-Paix,
