**Subject:** YOUR MOVE - stand - shoes - change - first line - your move - busy - RE: Military.com discussion

Former US Marine Captain Brian Steidle,

Let me explain something not to you, but those in the copied and blind copied sections; Grassroots organizations though altruistic by appearance, require problems to rally around. Without Darfur and the likes, Global Grassroots would be out of work, so it is imperative for their business model to exploit problems and use that exploitation to collect "donations" so that they can pay their staff just like any other business.

So does your sister, Gretchen Steidle Wallace's Globalroots.org's board of directors know about our past relationship that began with you first going "deafeningly silent" and then extraordinarily arrogant once I flushed you out?

Your "WOW" back on November 22<sup>nd</sup>, 2007 following my not in the least bit difficult to understand "knuckleball" of the same day reminds me so much of The IT who mistakenly thought, "Our Man Roger" aka De Beers-Chase Manhattan Bank-J.P. Morgan banker, **R**oger **W**. **R**obinson, would remain permanently behind him even after The IT aka Dr. John BIG BEN Stewart MD, a former practicing pathologist at Sharp Memorial Hospital kept getting caught "red handed" each and every time he lied, stole and cheated beginning with God taking over his mind and then cell by cell destroying his body.

My response to your "WOW" is like The IT's legacy, a permanent digitized record that will outlive all of us who inevitably, thank God, die with increasingly less human beings being reborn as Knowledge-Information-Light reaches all 4 corners of the globe despite the corrupt church still finding every way possible to advocate human overpopulation amongst the poor peoples of the world especially in the 3<sup>rd</sup> world, and why you would know never to "argue with the once born".

Not to mention despite the hold of the Romans who morphed in to the Roman Catholic Church continuing to maintain a stranglehold on not only US elected and non-elected government officials but worse yet the peoples of Africa and South America including individuals such as Augusto Benito Vargis, they are no match for the power of the Internet and better yet for peoples like Augusto who are not yet like you and supporters totally consumed in a "money, me" culture do very dependent on the US military might remaining indefinitely "superior and overwhelming".

Moreover, the military might that you and your sister and her board of directors are counting on that allow for you all to maintain such a visible presence throughout these war torn countries as you go about infiltrating and corrupting grass roots organizations to make your living, is beginning to wane big time.

You haven't forgotten that neither the Peoples Republic of China, in China alone upwards of 1.5 billion odd many different peoples so full of art culture that make them so very strong both economically as well as militarily and why there is such an extraordinary bond between them and the not in the least bit fanatical Israelis, nor the 1.12 billion peoples of India are Roman Catholic, both the Chinese and

Indians now constituting upwards of 40% of the world's human population and for good reason are increasingly aware of your very sick agenda.

In other words, while you live to "make money" and eat yourselves to a premature death and your fat cells to initially serve your future ancestral ants, those such as the Chinese who have their population growth very much under control and most of all "live to learn" continue to set the scholastic levels wherever they go.

So could you name even one Marine who was under your command when a Marine Captain who would be alongside you were China to invade the United States were they to want to collect on our indebtedness to them and the US Treasury refused to pay?

Yes, how quickly US so many lazy, so very talkative Americans pointing fingers at the Chinese continuing to prop up our worthless-fictitious and so very blood stained De Beers-Dollars forget not only the American led 8 Allied Nations invasion of China in 1900 when we stole everything that wasn't nailed to ground including all of China's harvested gold that what remains today is in the custody of the US Federal Reserve which is owned by private banks headed by De Beers but how very dependant we are on China to continue supplying us with still so very inexpensive goods that once these very strong hard working peoples revalue their so extraordinarily undervalued currency in the very next instant the United States is totally knocked out cold from world oil market as China using their revalued currency pays nothing short of peanuts for their immediate future oil needs, dumps the US market altogether and focus on their own healthy market some 5 times the size of the US and of course there is the rest of world.

BTW, since I first shared a draft of this communiqué with a group of "highly wired" individuals spread throughout the world, the price of gold rose from US\$905 to last trading at US\$933 a troy ounce.

We, that is, King Golden Jr. Esq., the "bosom buddy" of "Our Man Roger" as well as Valerie Schulte Esq. of the National Association of Broadcasters and I would kid amongst ourselves that no matter what we could all "sleep sound at night" knowing that "Our Man Roger" and his pal Sec. James A. Baker III were in control of the White House during the "Being There" President's first administration, right around the time that top FBI counter intelligence agent Robert Hansson began spying for the Soviet "EVIL EMPIRE".

Bear in mind that Robert Hansson who only got apprehended in late February 2001, a month in to George W. Bush's Presidency received untraceable diamond currency as part of his payment by the "EVIL EMPIRE" officials who knew just like Hansson that such payments were much more than their "meal tickets" since it guaranteed, apart from an Act of God, that they would live to a ripe old age, and if not then so long as they kept their mouths shut their family members would all be taken care of.

Not to forget that not only am I still alive, fit and well but so is "Our Man Roger", King Golden Jr. Esq. and Valerie Schulte Esq. who are all increasingly worried just like The IT not only of God continuing to take His-Her vengeance out on them in "real time", just ask each of them starting with The IT although we still don't know for sure whether God has blocked out his left or right eye, but there is my extraordinary "footprint" on the Internet that even when I am dead will continue to expand exponentially thanks in part to people such as you and your sister.

Moreover, these Washington DC based "movers and shakers" have to deal with one most extraordinary truth, "**JAMES A. BAKER III IS THE MOST DANGEROUS PERSON IN THE WORLD**" that the 4 of us began sharing with more than just the 4 of us when "Our Man Roger" started to confide in us that President **Ronald W. Reagan** who had the same initials as "Our Man Roger" as well as born on the same day, February 6<sup>th</sup>, some 40 years apart, had already "lost his mind" but was so enamored with "Our Man Roger" who became the most senior member of the National Security Council beginning in March 1982 about 24 months after I joined "Our Man Roger's" bosses on 47<sup>th</sup> Street, New York City, the money laundering and intelligence capital of the De Beers-Anglo American Cartel, the counterfeiters of counterfeiters, mafia of mafia, special interest group of special interest group.

Just in case you are having difficulty clicking on to my hyperlinks I have cut and pasted what I wrote you on November 22<sup>nd</sup> of last year:

It is my humble, but seasoned opinion that you are a liar, worse yet, a liar that cannot keep track of his lies from day one.

Let me explain.

You will recall how very eager you were to have me explain to you why you also thought it strange that Al Quaida hadn't already attacked the oil fields in its own "backyard".

And when I did you went silent, not even bothering to respond with say a word like, "Wow".

Let me explain why.

You understand what it means to "have to make a living" because you "have to make a living".

On top of getting your basic needs met you now have "deficit needs" which you didn't have when a Captain in the US Marines overseeing some 300 other Marines who I would assume trusted you when you gave say the order, "Kill and don't bring back prisoners!"

You understood therefore the instant I explained in simple English that you were a "stooge" being used as a United Nations observer to record the "rape of Darfur" all geared to send a very clear message to future genocide/rape victims to behave themselves and leave their ancestral lands before you would be called in yet again to send the clearest "shot across the bow".

You, a gutless, cold hearted killer couldn't even give me the courtesy of a "Wow".

Instead you went deafeningly silent, thinking that you would wait until such time as you received a sufficient number of emails from me to then blurt out loudly,

"Cease and desist or I will have you fucken killed" [sic]!

Now you chose your language a little more carefully because of the fact that as coopted-corrupt as you are there is this very ingenious not so top secret Israeli Military Intelligence report that is really helping to fuck up your thinking to the point that you continue to email me and I in turn take your so very blackened and blood stained hand writings and broadcast them all over the Internet until such time as the extraordinarily good and so wonderfully vengeful G-d decides I have served my purpose in exposing all of you who usurp your limited authority.

I detest those who derive great satisfaction in exceeding the limits of their small authority; i.e. evil doesn't come in the form of a pointed tail or pitched fork! - Jeffrey R. Krinsk Esq.

Now tell me who exactly is paying your way these days and remember you are not the only one online this Thanksgiving Day eating up everything I have to say and then "sum" [sic].

How very sick you are to tell me as you help promote one female and male rape victim one more genocide after the next, "If you want have a conversation down the road I'm open.." [sic] and I assume there was part of a Freudian slip with the "want" that you really meant "won't" versus simply failing to place the two letter "to" before "want".

You would understand that I am not alone in wanting to be sick to my stomach knowing that you are now once again on your merry way but then again there is Naomi Campbell, Michael Jackson, Kate Moss all wrapped in to one in the form of Kristin Pollard having to think just like you not so much about "doing the right thing" since you are obviously far too invested in the "status quo" of the rich getting richer trickling down the cost on to the back of the poor who are not stupid, simply misinformed by the likes you all miserable bastards, but in how long your nightmare will last before say for example Israeli Military Intelligence along with the Mossad decide to comment on their-our ingenious report that explains not only how very bought you are but how cheaply you sold your fellow Marines.

For the last time, give me the name of your former Commanding Officer.

Your move!
