Mr. Trupe,

I have decided to "jump in" at this time given how I think you have had sufficient time to do your research, and if not then perhaps my "intervention" at this timely moment as I prepare to communicate with Mr. Fan Yang, a Chinese student studying here who has apparently some 6,700 signatures on some petition dealing with the lack of honest report by the western media, might "spur" you to the point that you try making responding to either Adam L. Tucker and/or me one of your priorities; bearing in mind that you are responsible for teaching a whole bunch of people who apparently continue to "look up to you".

Need I remind you that "deafening silences speak volumes".

It is very possible that I will be visiting this Henry's in Solana Beach sometime soon and I will make a point of searching out that checker who may or may not know you as well as Adam, and perhaps this individual will also put me in touch with other students as well as former students of yours.

BTW there was one history teacher over at Torrey Pines High School where I understand you now teach or plan to teach, who once told his students that the entire wealth of the United States is backed by gold. Would you know the name of this idiot responsible for the dummying down of our kids as if to suggest they could get any more brainwashed given all the utter nonsense they have been taught for some 3 generations now; just look for confirmation at our friend Dr. John K. Pollard Jr., an MIT and Cornell University alumni?

Do you think for a moment that the Chinese who set the scholastic levels wherever they travel have difficulty understanding the ongoing billions and zillions of worthless-fictitious De Beers-US Dollars being handed out left, right and center to the owners of the US Federal Reserve making China's almost one trillion investment in totally worthless-worthless US-DeBeers Treasury Bills one big joke but yet you don't see the Government of China coming close to declaring war on the United States of America so eroding their hard earned investments?

Have you ever visited China?

Have you ever done business with a sophisticated Chinese business person like those you see in this photo below

showing my Royal Mater-Mother wearing her genuine leopard skin coat, around the time so very extraordinary and inspirational Zena Gevisser produced her record, THE IMPORTANCE OF BEING A WOMAN, also around the time she and my father, Jewish Allied Fighter-Bomber-Pilot, Bernie Gevisser were the private guests of [Pandit Nehru](#)?

for a period of 2 weeks.

Gary Gevisser

Ps – Have you ever thought to explain to your history students when discussing wars why we have the expression, "In War Money Is No Object" after you first explain why we have the so sacrosanct Anti-Trust/Anti-Competition/Anti-Price

Fixers laws aimed primarily at the most outrageous, most arrogant Price Fixers of all time, the DeBeers-Anglo American Cartel whose top officials laugh their heads off at people such as yourself being paid so very poorly to be their first and last line of defense, never having to comply now for than a century with our so sacrosanct laws that has US Americans talking so loudly about stuff such as the "spread of freedom-free markets, blah blah" [sic]!

Hello Mr. Trupe,

I saw you today at the Henry's in Solana Beach, although by the time I figured out who you were you were walking out the door. I talked with the checker that had said hello to you and he was kind enough to remind me of your name and told me where you are teaching.

I believe the course you were teaching at Degueno was called World Cultures. I was only in 7<sup>th</sup> grade and didn't appreciate history as I do now, although I do remember your passion for teaching and enthusiasm for history..

The passion that you had about teaching history was obvious even today when I overheard you explaining to your daughter, that there was a time and place that wealth was measured by the number of sweet potatoes that one possessed... or something similar to that effect.

This passion for history is one that I have picked up over the last few years as a close Jewish South African colleague of mine began sharing his close familial history with the Jewish Underground and Israel's fight for Independence; having a great-grandmother that grew up orphaned in the same small village in Plonsk White Russia as David Ben-Gurion the future first Prime Minister of Israel and leader of Mossad.

Did you know that Dr. Ruth was a sniper for the Hagannah?

Have you ever read the free online book called THE DIAMOND INVENTION by Edward J Epstein?  
<http://www.edwardjayepstein.com/diamond/prologue.htm>

In particular I would take special note of Ch 9 – Diamonds for Hitler and Ch 18 – The American Conspiracy.

My South African friend was employed by De Beers in the early 1980s and after an attempt was made on his life, he laid low for the past two decades waiting for an opportunity to go public with his intimate knowledge of their organization.

As a computer programmer I have used my skills to help showcase his story on a website called [www.just3ants.com](http://www.just3ants.com) in an attempt to share his knowledge of the De Beers Anglo-American Cartel and the power of an untraceable, light weight, and artificially priced diamond currency.

I hope this finds you well,

Adam L Tucker
