Howzit [China!](#)

Just got back from the doctor - doesn't look like I will have to have the left baby finger amputated, just yet, going now to sleep, VERY rough night last night, the sound of the large crashing waves followed in split seconds by the gushing of the fresh ocean swept salty air helping greatly overcome the pain and exhilarate me for yet another beyond belief day, not yet even made love to my most beautiful bodied French-Canadian wife, but when I awake I expect you and the rest trying to find a way to confess to be fully up to speed on the Capt. Raymond Westerling and his connections to the DEI Company that affords all you so "soft nonsense talkers" so much time on your hands, typing away helping increase the circle of those dependent upon my insight and analysis of the important events of the day.

http://en.wikipedia.org/wiki/Raymond_Westerling

BTW have you sent your kids to jus3ants.com?

<http://www.nextraterrestrial.com/pdf/mikeko-tshirt.pdf>

Better yet, even if you have already guided them, thanks to me, to where they are already financially independent, gold last trading at around the US\$920 level and none of my F-C wife's 3 oil paintings at the Del Mar Fair have yet sold although such a showing is not yet open to the public, they might still find it very cool as well as spiritually uplifting to apply for a job with us starting out by selling the first batch of THE MEEK WITH TEETH SHALL INHERIT THE EARTH t-shirts

Ps - Try as much as you want to resist thinking about, with both the US and British Governments having placed the most cruel, the most barbaric arms embargo on the State of Israel that included jailing men of military age entering Palestine-Israel to fight alongside the heavily outnumbered Israel Defense Force, both Allied governments and their financial backers expecting Ben Gurion's and Begin's Jewish Underground fighters to be overrun in no more than a few hours at the official start of Israel's War of Independence May 14th, 1948, Ben Gurion would order a month later, his most trusted field commander Yitzhak Rabin, to not only kill Jewish fighters belonging Begin's more militant Irgun Jewish Underground but sink the Altalena ship in Tel-Aviv harbor that was carrying much needed weaponry to fight the extraordinarily well armed, with both weapons and intelligence, Arab Armies.

When last did you hear anyone call Ben Gurion and Field Marshall Jan Smuts “nuts”?

Ps II – Do you have a comment on Hollywood blockbuster author Edward Jay Epstein’s epic non-fiction novel, The Diamond Invention?

Ps III – When do you think President George W. Bush should immediately suspend the trading of shares in public corporations?

<http://www.nextraterrestrial.com/pdf/risk%20assessment.htm>

Ps IV – Do I need to further explain that Risk Assessment is my business?

Subject: a six-pack of absolution

more ramblings

GB at Father Peter's confessional.

GB: Holy father, forgive me for I have sinned. I'm the insinerator, heh heh heh.

FP: Do I know you son, d'you belong to my church?

GB: No father, I am not even a catholic, but I need some quick absolution.

FP: And you are?

GB: The pres-odent of these united states

FP: O boy! OK. I'm ready, communicate to me, son.

GB: I had a dream your faithfulness

FP: One dream?

GB: Episodic dreams, your fatherliness, that's more'n one dream on a theme.

FP: Dreams are the evacuations of your unconscious , What did they reveal to you?

GB: I was in the dock at a war crimes tribunal at the Haig. My accusers were Saddam and Osama.

FP: Oooh, that's a twist.

GB: The judge ruled that even though the accusers were also perhaps guilty of crimes, he allowed the trial to proceed.

FP: On what grounds?

GB: Lying under oath.

FP: Lying is bad, usually has unintended consequences - say 500 hail Mary's. God will forgive you.

Is that it for your sins?

GB: War has unintended consequences some good some bad. Energy stocks went way up - ethanol futures are good.

FP: But, what of the 4,000 american fatalities, the 30,000 wounded, and the hundreds of thousands of Iraqi dead and injured and that their country is ruined.

GB: History will judge me as the Liberator of Iraq.

FP: Incredible. Say 100 hail Mary's for each dead american soldier, 50 for each of the wounded. I'll ask God about the hail Mary count for the life of a Muslims.

Let's say for now we can safely discount the iraqis casualties to 10 hail Mary's per thousand,

Your total is um... 4 times 1plus 3 times 5 carry 5 zeroes...um,..

let's even it out to 5Million hail Mary's - that's a lot, maybe 'll take 2 months without sleeping but it's worth it.

These are big sins and if you don't say them, purgatory is forever,

so don't go there.

Is there anything else?

GB: Yes. They accused me of profiting from the misery inflicted by the collapse of american economy.

FP: They said that?

GB: Well, my dream says they said that. But oil is getting scarcer, we all know that. But they said that because we caused the chaotic market, I made a billion on insider info and kick-backs from the oil companies and the house of Saud.

Now that's horse doo doo. Profiteering is the american way. Is it not?

FP: No my son, and when the poor and middle class suffer, so does the church. Revenues are down. Make a small contribution to the Church, a tithe (10%) of a billion, how much is that? \$100 million? and I'll ask god to go easy on you.

Maybe only 100 more hail Mary's - you can say them first and get it

over with.

That's got to be it, I have to go - ok?

GB: No - pater, I took the credit for all of this, but it's really Dick and Karl who ran the show. I made the speeches and communicated to the folks to lower their expektorations.

FP: The meek shall inherit the earth.Taking undue credit is an

abomination before the Lord.

GB: Did you say - Obama nation?

FP: Don't get too hung up on that. Next sin. make it brief.

GB: I have a crush on Ariana Huffington. She stands for everything I don't, but she says it so oooo sexy in her greek style. Her husband turned queer on her, what's with that father, how's that possible?

FP: I have to go. Send the check. \$100million!

GB: You got it. Say - Is it OK to play golf again, casualties are down????

I've done all I can - I can say the hail Mary's on the course????

Subject: YAMIKA - one more time-

Would you be interested in editing my forthcoming communiqué to [Paul Robinson](#)?

How well do you know [Shunit](#)?

What about [Carla](#)?

Could you also share with Adam L. Tucker whether you think he has made the right decision not to include in the "ticker tape" other insightful words from my very brilliant, so very quick read French-Canadian wife, "Being non-confrontational is no excuse for bad judgment!"?

Do you think parents who allow their children to get away with "playing politics" both with their friends and family members inevitably lose all their sensitivity resulting in the children inevitably becoming less conscious than their parents if in fact that is at all possible to imagine?

You think that I was correct when reciting to my good friend [Derrick Beare](#) of Investec the following words expressed by my very brilliant F-C wife who can see a "fast talker" coming "from a mile away" especially when they are so very non-athletic:

We use the excuse of family when it is plain simply money, pure greed because if you were really concerned with family would you want to raise your kid to be this corrupt because they will have to be more corrupt to survive unless of course they inherit the money, is that what you are planning to do?

Bear in mind, that Derrick who left South Africa with his entire immediate family 2 days after his barmitzvah in Durban that was also presided over by Professor Rabbi Abner Weiss, just like mine was a couple or so years before, on April 25th, 1970

some 311 odd days before Mossad assassinated American Charles Engelhard was buried in a church, was very possibly the best Jewish athlete coming out of South Africa of our generation, which I wager was the most athletic generation in modern day times even though few if any of us were vegetarian as my wife and I have been for well over a year, the results I dare to suggest can be found in large part in our very healthy sex life that wasn't exactly bad to begin with.

You know better than to start or end a sentence with a preposition and yet not one heavily populating Hasidic-ultra orthodox Jewish-Black Hatter I happen to know thinks it wise to engage me in debating how they can interpret the Hebrew Bible that smacks of entrepreneurialism beginning with G-d choosing not necessarily the best human being to be the first Jewish person but rather a free market trader, Abraham like none other and yet these Black Hatters while serving as the "cushion" of the De Beers-Anglo American Cartel the most anti-competition organization the world has ever known have their "hands out" constantly, no shame whatsoever even ridiculing the Israeli government when they don't give these so hypocritical succulents what they want which includes the destruction of the State of Israel.

Don't you dare forget for one moment that when someone such as the overwhelming majority of Black Hatters say they "don't support the State of Israel" they are very much enemies of the State of Israel and their cozying up to the

nutcases in Iran say everything; and trust me when I tell you that I know more Black Hatters than most Jewish people who again just like Derrick and Rabbi Weiss are only Jewish when it suits their pocket book; the same when it comes to their loyalty to family which is not suggest that Rabbi Weiss who is now divorced from Shifra his first wife of a lifetime is because he wanted less enjoyable sex with someone else.

Of course Shifra like the Rabbi was my immediate family's closest Jewish friends in the hell hole of Durban, South Africa, although as I have mentioned previously our most trusted friends were Indian Muslims, and the proof can be found not just because in the end after I left for the United States in March 1978 to take over from my uncle Dave as the American head of the De Beers-Anglo American Cartel, my father just before he and my mom moved to live in their double flat at Heron Water located on 2nd beach Clifton, Cape Town, very possibly the most valuable piece of real estate in all of South Africa, had Mascot Salot and his family take care of my going blind long haired white chiwawa, Chichi who you see below in my left hand

and in my right hand our short-haired chiwawa Mutik who looked similar to our Pypeetoe, our sweetest of sweet Italian greyhound who had the exact same personality of [sic] Mutik which is Hebrew for "sweet"; Mutik a word I hadn't heard

in a long while before hearing my lifetime Israeli Special Forces commando friend Guy Friedman recently calling his most exquisite Chinese-Israeli daughter Mia by that so affectionate name.

When last did you think about being hungry and then looking around and finding that you had nothing either in the fridge or pantry to eat, even too afraid to go out and panhandle for fear of being arrested, thrown in jail where at least you would get on occasion a hot meal served by people not all that much better off both financial and spiritually?

It wouldn't surprise me if you have never gone hungry or for that matter felt like you were dying of thirst, let alone being dropped in the middle of the Arabian desert armed with a relatively light **and small** caliber weapon, a water bottle, sufficient ammunition to engage in a relatively short firefight but with enough of a Jewish kop to know how best to bring out the best in your Bedouin guides?

You are not just a prick, although not close to being as big a slimeball as The IT, but you have the audacity to still think you are smart because you still know how to turn on your computer and type a whole bunch of meaningless words, all the while ignoring the very important truths that have very intelligent human beings like Rabbi Weiss choosing smartly to be quiet at this time.

The Prime Minister of Israel represents the extraordinary "divide" going on right now in Israel and you will recall that I was the very first "credible" person in the world to not only take issue with this imbecile of a Jewish person and those he surrounded himself **with** to lead the many Peoples of Israel but I went so far as to suggest that it was an absolute outrage that Ami Ayalon, a name so very few people in Israel knew all that well, apart from those very few in the most elite of Israel's Special Forces commando units such as the brutal Israel Navy's Maritime Special Forces unit, Flotilla 13, was "sitting at home, clicking his heels" as this moron of morons **Olmert** led Israel into battle against some 100 or so Hezbollah Special Op commandos mimicking very brilliantly the best of Israel's Special Forces commandos; such well trained and led Special Ops commandos broken up in to about 10 groups – you can do the math – approximately 10 in each group just text messaging one another, able to not only cause the evacuation of Haifa, Israel's 3rd largest city, housing a population of sum 300,000 but inflicting heavy losses on

Israel's army made up of mostly very "green" young kids, resulting after some 6 weeks in not only failing to get back the kidnapped Israeli soldiers that precipitated the war, but a "stalemate" that only came about when eventually other Israeli Special Forces began to assist the Israeli non-Jewish, Druze only, Special Forces unit that was engaged with the enemy right from the very start and took not a single casualty.

Now think about this.

You have the Black Hatters refusing on the grounds of their religious beliefs not to fight in Israel's military, getting government handouts left, right and center, all the while the backbone of the De Beers the most virulently anti-Semitic organization that were the principal financiers of Hitler, and you have the most extraordinary Special Forces **non-Jewish** unit risking life and limb for the State of Israel that puts up with all the crap of the Black Hatters?

Fuckheads such as you feel so good about yourselves as you pride yourself living in the Diaspora on the fact that Israel has "survived and prospered" through the past 6 decades without you giving any more thought to what it has taken for Israelis such as Ami Ayalon who haven't known a moments peace, than you do for those who are constantly hungry and thirsty.

South African Jewish people are in fact the most desensitized of all the human beings I know given how they have had all the knowledge, all the suffering of the poor masses from the beginning of time and chose without exception to ignore all the cries of the Black South African masses whose only "sin" was besides for being superior intellectually and physically, being born with more pigmentation in their skin, no different to us Jewish people being born Jewish and us "turncoat" Jewish people making a big song and dance about how Hitler decided to exterminate us to the "last man" only because we were Jewish.

You all make me want to vomit!

The often used expression by Jewish South Africans, "If there wasn't a Black problem there would be a Jewish problem" goes to the heart of the deep deprivation of Jewish South Africans throughout the world and why it is that they not only "cluster" so very "to-get-her" [sic] but are all about "money, me"; moreover they pride themselves on being so very "in" with people like the Lazarus clan of Durban North, South Africa who they all know were like American Charles Engelhard "open supporters" of the brutally repressive South African Apartheid Regime aka the 3rd Reich's Southern Division, to the point that none of you, whether Gentile or Jewish, find anything in the least bit wrong when the leader of this most vile clan, Bernhard Lazarus, the surviving brother of Gunter "The Pig" Lazarus, is so proudly verbose, so arrogant in his automatic email responses as he tells the world how great is his constantly vacationing lifestyle.

Subject: Re: BOUNCED BACK - I wonder what will be said about my families legacy of inaction?

Dear Friends

We are overseas on holiday from 12 May 2008 until 12 July 2008

Kindly restrain your correspondence enthusiasm and I will do likewise.

Kind regards

Bernhard Lazarus

Again, you prick, continue sucking up to all your friends who just can't get enough of the Lazarus clan, and **that** includes each and everyone on Garry Purkiss' so very hot email list who "to a man" have yet to distance themselves from the Lazarus clan.

BTW, my left baby finger is now aching like crazy, still looks very infected and Adam L. Tucker who had to go to Mexico last week to purchase Cipro to combat his Crohn's disease has kindly offered me some of his pills given how he did some research and found that Cipro is one of the antibiotics used to kill tetanus.

What do you think?

What do you also think about me first going to see my primary physician Dr. Glenn Soppe who I ran into at the last big party Marie and I attended at the rather large home belonging to the young daughter-in-law and 92-year old son of a former President of Mexico in no longer Mexico controlled Rancho Sante Fe, my forgetting to ask Glenn about the finger that I had taped up tightly following a fall that Sunday morning on my very crashed second hand Cannondale mountain bicycle that had a piece of a very rusty barbed wire fence cutting my finger in the last groove section, all the way to the bone?

Have you yet begun to view lists like the Forbes Magazine world's 400 richest people a little differently, especially now that you know that the Mossad don't pay for either their weapon systems or their intelligence and yet the Prime Minister of Israel gets caught being handed paltry sums of worthless-fictitious and so very blood stained US-De Beers Dollar in envelopes?

When last, apart from right now as I remind you, have you thought to go back as I have kept reminding you, to what else did David Ben Gurion introduce when recalled back into "active service" back in the summer of 1954 following the botched covert Suzannah Operation in Cairo, Egypt where the lead Israeli Military Intelligence officer responsible for all the logistics on the ground "turned", most likely even before the start of this most important operation aimed at embarrassing Israel's two biggest enemies; namely the British and American Governments?

You don't think he simply put a yamika

on his head, pretended his was rocking back and forth

before the Wailing-Western Wall

in Jerusalem and asking G-d/God for yet another miracle when it was so obvious that the only way to combat those with untraceable currency who own each and every elected and non-elected government official who sanction De Beers, again the most anti-Semitic, most corrupt dynamic organization in the history of the world who make the Pope look like a saint, is to chop off all their limbs followed by their torso, and thanks to the Internet, sharing knowledge-information-light at light-G-d-speed without having to draw a drop of blood.

Remember, the Pope sat on his hands during World Oil War II as some 6 million of our best of the best Jewish brothers and sisters were brutally murdered for the simple reason they were Jewish, practicing most of all "independent thinking" that begins with "fair and free markets", the antitheses of the practices of De Beers, the extortionists of extortionists?

Do you parents know how dumb you are?

Thank God/G-d for G-d and thank G-d my G-d is not the same as the Devil, the DeBeers-Dollar that you so worship.

Now while feeling free to communicate with everyone on the "\$ hit list" [sic] and only bother President Bush if you think he is not reading my emails, leave me alone to decide what the hell next to do with my very sore baby finger; pissing me off the

most is that the surf conditions in front of the gallery-studio cliff house are picture perfect and not a single surfer in sight.

What a life!

Ps – I understand that as the tetanus infection sets in, lockjaw begins and 11% prove fatal?
