Subject: **OUT OF TOUCH** RE: Out of Office AutoReply: FIRST AND FOREMOST

It pertained to in large part what Tony Leon, the immediate past leader of the Liberal Democratic Alliance Party of South Africa would most likely refer to as the, "nonracial liberal" biological weapons programme that the CIA spearheaded in South Africa during the South African Apartheid Regime [1948-1994].

Should you wish to discuss it in more detail please don't hesitate to contact me or anyone else you see on the carbon copy section and I would gladly share with you a sampling of those in the blind copied section, should you prefer.

BTW when you read [click hyperlink below] the "Problem-Solution" that I sent 30 year old Black South African Tefo back on March 19th, do you understand why this very thoughtful person who said he would get back to me on the 27th with his thoughts, has yet to respond?

<http://nextraterrestrial.com/pdf/Microsoft%20Word%20-%20atucker-t4getsit.pdf>

You shouldn't have any difficulty these days understanding the "mistake" of the Soweto school kids who rioted in June 1976 whilst I, age 19, was attending in all probability, an Economics II lecture at the University of Natal-Kwazulu, Durban, South Africa, in order that they, which included Tefo's mother Joyce Mohapi who spent a night in jail - later Joyce received just like Bill Clinton, a Cecil Rhodes-De Beers bursary-scholarship - be taught not in Afrikaans but instead in the "sly English", allowing Rhodes-De Beers Scholar types to get a "better handle" on Black South African grass roots organizations.

If, however, you attended any of our Ivy League Universities as well as Oxford and Cambridge across in England, it would be much easier than it was for Joyce Mohapi and the rest of the Black South African kids to perfectly understand not only the business of corrupt governments is to penetrate grass roots organizations before they can possibly take root, but equally important to have not the slightest doubts in their minds that De Beers not only controlled the South African Apartheid Regime but the entire 3 Branches of the US Government going back to the turn of the last century when the US Government supported J.P. Morgan and Co. financing the De Beers led Anglo Boer War of 1899-1902 which was all about British-American De Beers and Co. which was also financed by J.P. Morgan and Co. – one hand feeding the other – stealing the rich mineral resources from the indigenous Black peoples of southern Africa who didn't know from any borders when medical doctor Dr. Jan Van Riebeeck arrived as part of the Dutch East India Company on the southern tip of Africa in 1652.

Not to mention this very same Dutch East India Company had extraordinary close ties to the original founders of De Beers but none more important than Cecil Rhodes and more importantly what Cecil Rhodes who died at age 49 in 1902 wrote in his first will:

Cutting and pasting Wikipedia: [Rhodes's will and the Rhodes Scholarship](#)

To and for the establishment, promotion and development of a Secret Society, the true aim and object whereof shall be for the extension of British rule throughout the world, the perfecting of a system of emigration from the United Kingdom, and of colonisation by British subjects of all lands where the means of livelihood are attainable by energy, labour and enterprise, and especially the occupation by British settlers of the entire Continent of Africa, the Holy Land, the Valley of the Euphrates, the Islands of Cyprus and Candia, the whole of South America, the Islands of the Pacific not heretofore possessed by Great Britain, the whole of the Malay Archipelago, the seaboard of China and Japan, the ultimate recovery of the United States of America as an integral part of the British Empire, the inauguration of a system of Colonial representation in the Imperial Parliament which may tend to weld together the disjointed members of the Empire and, finally, the foundation of so great a Power as to render wars impossible, and promote the best interests of humanity.

You should by now be fully up to speed in understanding exactly what is meant by the "rule of law" and why it is that there are so many lawyers her in the United States serving as quite the buffer for the De Beers-Anglo American Cartel.

Now you must take a deep breath and realize the importance of why Eliot Spitzer Esq. when Attorney General of New York State when seeing the "back and forth" email communications between myself and De Beers, starting on November 11th, 2004, after I decided to break a 24 year most extraordinarily deafening silence, Mr. Spitzer and Co. showed their "true colors" which of course was not lost on a good number of FBI as well as CIA agents and of course both Israeli Military Intelligence and the Mossad were "properly briefed".

I have word now that there are approximately 40 unique visitors just today, mostly from foreign countries, who have apparently received a direct link to a previous post Adam L. Tucker had made on military.com message board which is now hosted on just3ants.com as a security precaution to prevent them from deleting his posts.

Not to mention military.com have been slow or perhaps a better choice of words is, "more receptive" to Adam's "in your face" postings.

Gary

Ps – Do you realize that people like Tefo are now more than ever "looking over their shoulder" knowing it is a "black and white" decision.
